New summary as follows:

This bill prohibits the sale of funeral merchandise unless the seller has registered with the state board of embalmers and funeral directors as a seller or as a provider. Funeral merchandise may also be sold if it is immediately required or if the purchaser is taking immediate delivery.

If an individual registers as a provider, the bill requires that he submit to the state board the name and address of at least one seller they have authorized to sell preneed contracts where they are named as the provider.

The bill defines the new term "immediate delivery" as it relates to funeral contracts.
