

HCS HB 1277 -- HAZARDOUS WASTE MANAGEMENT (Townley)

Beginning July 1, 2004, this substitute requires a joint committee appointed by the Speaker of the House of Representatives and the President Pro Tem of the Senate to consider proposals for restructuring the fees paid by hazardous waste generators and hazardous waste facilities. The committee will consider options for expanding the fee structure to more fairly apportion the cost of services provided among those that benefit from the services. The committee will submit a report with its recommendations to the Governor, the House of Representatives, and the Senate no later than December 31, 2004.

The substitute also allows Missouri treatment, storage, and disposal facilities that receive hazardous material from out-of-state generators to submit registration and reporting information in a format prescribed by the Department of Natural Resources describing the types and quantities of hazardous waste received from the out-of-state generator. As long as the facility submits this information to the department, the out-of-state generator will not be required to do so. The facility is also responsible for paying all fees and taxes on behalf of the out-of-state generator.

The substitute revises the percent amounts on the two funds regarding moneys collected or received by the department. Forty percent will go to the Hazardous Waste Remedial Fund, and 60% will go to the Hazardous Waste Fund. This fee will expire June 30, 2006, except that the department will levy and collect this fee for any hazardous waste generated prior to the date and reported to the department.

The substitute contains an emergency clause.

FISCAL NOTE: No impact on General Revenue Fund in FY 2005, FY 2006, and FY 2007. Estimated Income on Other State Funds of \$1,250,000 in FY 2005, \$2,500,000 in FY 2006, and \$0 in FY 2007.
