

JOURNAL OF THE HOUSE

First Regular Session, 94th GENERAL ASSEMBLY

FIFTY-FIRST DAY, WEDNESDAY, APRIL 4, 2007

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Oh, how we love Your teachings, Heavenly Father! They are in our thoughts all day long.

From Your guiding principles we gain understanding. That is why we are persuaded from every false way.

Lord, we recognize we can not fulfill our responsibilities on our own: they are sometimes weighty and burdensome. But we are reminded of this truth: You are able to do exceeding abundantly above all that we ask or think. Your strength is made perfect in our frailties.

We ask that You fill every waking moment of our lives with Your insights and the awareness of Your continual presence in our lives.

Now may the Lord of peace continually grant us peace in every circumstance. The grace of the Lord Jesus Christ be with us always. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Levi Manley, Michael Fultz, Taylor Prince, Wyatt Fleming, Hope Wilson, Emily Cain, Evan Hester, Zach Allen, Scott Harris, Taylor Cox, Meaghan McGuire, Mason McMillin, Jessica Oliphant, Patience Chrisler and Brad Kramer.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the city or county shall have no power to impose the sales tax authorized by this section unless and until the proposal is resubmitted under this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. All sales taxes collected by the director of revenue under this section on behalf of any city or county for the benefit of a regional economic development district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Economic Development District Sales Tax Trust Fund".

4. The moneys in the regional economic development district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each city or county imposing a sales tax under this section, and the records shall be open to the inspection of the board of the district, the governing body of the city or county, and the public.

5. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the city or county which levied the tax. Such funds shall be distributed to the treasurer of the governing body of the city or county which shall deposit all such funds for the benefit of the district. All expenditures of funds arising from the regional economic development district sales tax trust fund shall be in accordance with the regional economic development district law.

6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city or county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city or county.

7. If any city or county abolishes the tax, the governing body of the city or county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the city or county and close the account of that city or county. 10. The board shall consider regional economic development plans, regional economic development projects, or designations of a regional economic development district and shall hold public hearings and provide notice of any such hearings. 11. Notwithstanding any other provision of law to the contrary, the regional economic development district sales tax imposed under this section when imposed within a special taxing district, including, but not limited to a tax increment financing district, neighborhood improvement district, or community improvement district, shall be excluded from the calculation of revenues available to such districts, and no revenues from any sales tax imposed under this section shall be used for the purposes of any such district unless approved by the regional economic development district board established under the regional economic development district law and the governing body of the city or county imposing the tax.

12. The board of the district shall make a report at least annually on the use of the funds provided under this section and on the progress of any plan, project, or area designation adopted under this section and shall make such report available to the public and the governing body of the city or county imposing the tax.

13. (1) No city or county imposing a sales tax under this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued to finance any project or projects.

(2) Whenever the governing body of any city or county in which a regional economic development district sales tax has been imposed in the manner provided by this section receives a petition, signed by ten

percent of the qualified voters of such city or county calling for an election to repeal such regional economic development district sales tax, the governing body shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed, or revenue bonds, notes, or other obligations which it has issued to finance any project or projects, submit to the voters of such city or county a proposal to repeal the regional economic development district sales tax imposed under this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the regional economic development district sales tax, then the resolution imposing the regional economic development district sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the regional economic development district sales tax, then the resolution imposing the regional economic development district sales tax, along with any amendments thereto, shall remain in effect.

14. If any provision of the regional economic development district law or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of the regional economic development district law which can be given effect without the invalid provision or application, and to this end the provisions of the regional economic development district law are declared severable.

251.618. 1. A regional economic development district board, after adopting a regional economic development plan, may adopt incremental tax financing as set forth in this section for the purposes of the district by passing a resolution, however, incremental tax financing shall not be available for any retail projects. Upon the adoption of the first of any such resolutions, the treasurer of the board shall establish a special allocation fund for the regional economic development district.

2. Immediately upon the adoption of a resolution implementing incremental tax financing under subsection 1 of this section, the county assessor shall determine the total equalized assessed value of all taxable real property within such regional economic development district by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such regional economic development project area as of the date of the adoption of such resolution and shall provide to the treasurer of the board written certification of such amount as the total initial equalized assessed value of the taxable real property within such regional economic development district.

3. In each of the twenty-five calendar years following the adoption of a resolution adopting incremental tax financing for a regional economic development district under this section unless and until such incremental tax financing for such district is terminated by resolution of the regional economic development district board, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such regional economic development project area by taxing districts at the tax rates determined in the manner provided in section 251.627 shall be divided as follows:

(1) That portion of taxes, penalties, and interest levied upon each taxable lot, block, tract, or parcel of real property in such regional economic development project area which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in such regional economic development project area as certified by the county assessor in accordance with subsection 2 of this section plus an annual tax base adjustment equal to the percentage change in the general price level as measured by the consumers price index for all urban consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor, shall be allocated to and, when collected, shall be paid by the collecting authority to the respective affected taxing districts in the manner required by law in the absence of the adoption of incremental tax financing. For the purpose of determining the percentage change in the general price level, the treasurer of the regional economic development district board shall determine the consumer price index as defined herein for the preceding calendar year over the consumer price index for the calendar year immediately prior thereto;

(2) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the regional economic development project area and any applicable penalty and interest over and above the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in such regional economic development project area as certified by the county assessor and as adjusted by the annual tax base adjustment as detailed in this section shall be allocated to and, when collected, shall be paid by the collecting officer of the municipality or county to the treasurer of the regional economic development district who shall deposit such payment in lieu of taxes into a separate segregated account for payments in lieu of taxes within the special allocation fund. Payments in lieu of taxes which are due and owing shall constitute a lien against the real property from which such payments in lieu of taxes are derived and shall be collected in the same manner as real property taxes, including the assessment of penalties and interest

where applicable. The lien of payments in lieu of taxes may be foreclosed in the same manner as the lien of real property taxes. No part of the current equalized assessed valuation of each taxable lot, block, tract, or parcel of property in any such regional economic development project area attributable to any increase above the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in such regional economic development project area as certified by the county assessor and as adjusted by the annual tax base adjustment as detailed in this section shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until incremental tax financing for such regional economic development project area expires or is terminated in accordance with the regional economic development district law;

(3) For purposes of this section, levies upon taxable real property in such regional economic development area by taxing districts shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, the merchants' and manufacturers' inventory replacement tax levied under the authority of article X, subsection 2 of section 6 of the Missouri Constitution, the desegregation sales tax, or the conservation taxes.

4. In each of the twenty-five calendar years following the adoption of a resolution adopting incremental tax financing for a regional economic development project area under this section, unless and until incremental tax financing for such regional economic development project area is terminated in accordance with the regional economic development district law, fifty percent of the economic activity taxes from such regional economic development project area shall be allocated to and paid by the collecting officer of any such economic activity tax to the treasurer of the regional economic development district, who shall deposit such funds in a separate segregated account for economic activity taxes within the special allocation fund.

251.621. 1. A regional economic development plan shall set forth in writing a general description of the program to be undertaken to accomplish the regional economic development projects and related objectives and shall include, but need not be limited to:

(1) The name, street and mailing address, and phone number of the chairman of the regional economic development district board;

(2) The street address or other description of the location of the development site;

(3) The estimated regional economic development project costs;

(4) The anticipated sources of funds to pay such regional economic development project costs;

(5) Evidence of the commitments to finance such regional economic development project costs;

(6) The anticipated type and term of the sources of funds to pay such regional economic development project costs;

(7) The anticipated type and terms of the obligations to be issued;

(8) The most recent equalized assessed valuation of the property within the regional economic development project area;

(9) An estimate as to the equalized assessed valuation after the regional economic development project area is developed in accordance with a regional economic development plan;

(10) The general land uses to apply in the regional economic development area;

(11) A list of community and economic benefits to result from the regional economic development project;

(12) A list of all development subsidies that any business benefiting from public expenditures in the regional economic development area has previously received for the project, and the name of any other granting body from which such subsidies are sought;

(13) A list of all other public investments made or to be made by this state or units of local government to support infrastructure or other needs generated by the project for which funding under the regional economic development district law is being sought;

(14) A market study for the regional economic development area; and

(15) A certification by the regional economic development district board as to the accuracy of the regional economic development plan.

2. The regional economic development plan may be adopted by a regional economic development district in reliance on findings that a reasonable person would believe:

(1) The regional economic development area has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the implementation of one or more regional economic development projects and the adoption of incremental tax financing;

(2) The estimated dates of the completion of such regional economic development project and retirement of obligations incurred to finance regional economic development project costs which shall not be more than twenty-five years from the adoption of the resolution approving any regional economic development project, provided that no resolution approving a regional economic development project shall be adopted later than fifteen years from the adoption of the resolution approving the regional economic development plan;

(3) The development plan contains a cost-benefit analysis showing the economic impact of the regional economic development plan on any municipality, county, regional economic development district, and school districts that are at least partially within the boundaries of the regional economic development area. The analysis shall show the impact on the economy if the regional economic development projects are not built according to the regional economic development plan under consideration;

(4) The regional economic development plan does not include the initial development or redevelopment of any gambling establishment; and

(5) An economic feasibility analysis including a pro forma financial statement indicating the return on investment that may be expected without public assistance. The financial statement shall detail any assumptions made, a pro forma statement analysis demonstrating the amount of assistance required to bring the return into a range deemed attractive to private investors, which amount shall not exceed the estimated reimbursable project costs.

251.624. 1. When all regional economic development project costs and all obligations issued to finance regional economic development project costs have been paid in full, the regional economic development district shall adopt a resolution terminating incremental tax financing for all regional economic development project areas. Immediately upon the adoption of such resolution, all payments in lieu of taxes, all economic activity taxes, and other net new revenues then remaining in the special allocation fund shall be deemed to be surplus funds; thereafter, the rates of the taxing districts shall be extended, and taxes shall be levied, collected, and distributed in the manner applicable in the absence of the adoption of incremental tax financing. Surplus payments in lieu of taxes shall be paid to the county collector who shall immediately thereafter pay such funds to the taxing districts in the regional economic development area selected in the same manner and proportion as the most recent distribution by the collector to the affected taxing districts of real property taxes from real property in the regional economic development area. Surplus economic activity taxes shall be paid to the taxing districts in the regional economic development area in proportion to the then current levy rates of such taxing districts that are attributable to such economic activity taxes. Any other funds remaining in the special allocation fund following the adoption of a resolution terminating incremental tax financing in accordance with this section shall be deposited to the general fund of the municipalities or counties that originally formed the regional economic development district in a pro rata amount determined by the regional economic development district board.

2. Upon the payment of all regional economic development project costs, retirement of obligations, and the distribution of any surplus funds under this section, the regional economic development district shall adopt a resolution dissolving the special allocation fund and terminating the designation of the regional economic development area as a regional economic development area.

3. Nothing in the regional economic development district law shall be construed as relieving property in such areas from paying a uniform rate of taxes, as required by article X, section 3 of the Missouri Constitution.

251.627. In each of the twenty-five calendar years following the adoption of a resolution adopting incremental tax financing for a regional economic development project area, unless and until incremental tax financing for such regional economic development project area is terminated by resolution of the regional economic development district board, then, in respect to every taxing district containing such regional economic development project area, the county clerk or any other official required by law to ascertain the amount of the equalized assessed value of all taxable property within such regional economic development project area for the purpose of computing any debt service levies to be extended upon taxable property within such regional economic development project area, shall in every year that incremental tax financing is in effect ascertain the amount of value of taxable property in such regional economic development project area by including in such amount the certified total initial equalized assessed value of all taxable real property in such regional economic development project area in lieu of the equalized assessed value of all taxable real property in such regional economic development project area. For the purpose of measuring the size of payments in lieu of taxes under the regional economic development district law, all tax levies shall then be extended to the current equalized assessed value of all property in the regional economic development project area in the same manner as the tax rate percentage is extended to all other taxable property in the taxing district.

251.630. 1. A regional economic development district may at any time authorize or issue revenue bonds for the purpose of paying all or any part of the cost of any regional economic development project. Every issue of such bonds shall be payable out of the revenues of the regional economic development district and may be further secured by other property of the regional economic development district which may be pledged, assigned, mortgaged, or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds shall be authorized by resolution of the regional economic development district, and if issued by the regional economic development district, shall bear such date or dates and shall mature at such time or times, but not in excess of twenty-five years, as the resolution shall specify. Such bonds shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest bonds, compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places, and subject to redemption as such resolution may provide notwithstanding the provisions of section 108.170, RSMo. The bonds may be sold at either public or private sale at such interest rates, and at such price or prices as the regional economic development district board shall determine.

2. Any issue of regional economic development district bonds outstanding may be refunded at any time by the regional economic development district by issuing its refunding bonds in such amount as the regional economic development district may deem necessary. Such bonds may not exceed the amount sufficient to refund the principal of the bonds to be refunded together with any unpaid interest thereon and any premiums, commissions, service fees, and other expenses necessary to be paid in connection with the refunding. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds being refunded or by the exchange of the refunding bonds for the bonds being refunded with the consent of the holder or holders of the bonds being refunded. Refunding bonds may be issued regardless of whether the bonds being refunded were issued in connection with the same project or a separate project and regardless of whether the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

3. Bonds issued under this section shall exclusively be the responsibility of the regional economic development district payable solely out of regional economic development district funds and property as provided in the regional economic development district law and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. The regional economic development district shall not be obligated to pay such bonds with any funds other than those specifically pledged to repayment of the bonds. Any bonds issued by a regional economic development district shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the regional economic development district.

4. Bonds issued under this section, the interest thereon, or any proceeds from such bonds shall be exempt from taxation in the state of Missouri."; and
