

HB 264 -- Rotation Lists for Towing Truck Companies

Sponsor: Franz

This bill allows each law enforcement agency to establish a rotation list of towing truck companies to be called for removing disabled vehicles within a law enforcement agency's jurisdiction if the owner of the vehicle does not request a specific towing company. The criteria law enforcement must use to establish a rotational list are specified in the bill. Towing companies must be removed from the rotation list for violating the criteria established in the bill.
