Section A. Sections 160.522 and 162.720, RSMo, are repealed and two new sections
2 enacted in lieu thereof, to be known as sections 160.522 and 162.720, to read as follows:

160.522. 1. The department of elementary and secondary education shall produce or
2 cause to be produced, at least annually, a school accountability report card for each public school
3 district, each public school building in a school district, and each charter school in the state. The
4 report card shall be designed to satisfy state and federal requirements for the disclosure of
5 statistics about students, staff, finances, academic achievement, and other indicators. The
6 purpose of the report card shall be to provide educational statistics and accountability
7 information for parents, taxpayers, school personnel, legislators, and the print and broadcast
8 news media in a standardized, easily accessible form.

9 2. The department of elementary and secondary education shall develop a standard form
10 for the school accountability report card. The information reported shall include, but not be

18 pupil current expenditures for the district as a whole and by attendance center as reported to the
19 department of elementary and secondary education, the adjusted tax rate of the district, assessed
20 valuation of the district, percent of the district operating budget received from state, federal, and
21 local sources, the percent of students eligible for free or reduced-price lunch, data on the percent

25 **school has had a state-approved gifted program within the last three years.**

26 3. The report card shall permit the disclosure of data on a school-by-school basis, but the
27 reporting shall not be personally identifiable to any student or education professional in the state.

28 4. The report card shall identify each school or attendance center that has been identified
29 as a priority school under sections 160.720 and 161.092, RSMo. The report also shall identify
30 attendance centers that have been categorized under federal law as needing improvement or
31 requiring specific school improvement strategies.

32 5. The report card shall not limit or discourage other methods of public reporting and
33 accountability by local school districts. Districts shall provide information included in the report
34 card to parents, community members, the print and broadcast news media, and legislators by
35 December first annually or as soon thereafter as the information is available to the district, giving
36 preference to methods that incorporate the reporting into substantive official communications
37 such as student report cards. The school district shall provide a printed copy of the district-level
38 or school-level report card to any patron upon request and shall make reasonable efforts to supply
39 businesses such as, but not limited to, real estate and employment firms with copies or other
40 information about the reports so that parents and businesses from outside the district who may
41 be contemplating relocation have access.

162.720. 1. [Where a sufficient number of children are determined to be gifted and their
2 development requires programs or services beyond the level of those ordinarily provided in
3 regular public school programs, districts may establish special programs for such gifted children.

4 2.] **Each school district shall identify which of the district's students are**

6 **elementary and secondary education. The department shall develop a list of identification**
7 **criteria with emphasis on early identification.**

8 2. **Each school district shall establish appropriate programs or differentiated**
9 **services for students who are identified as academically gifted under subsection 1 of this**
10 **section and whose educational needs require programs or services beyond what is provided**
11 **in the regular public school program.**

12 **3.** The state board of education shall determine standards for such programs **or services**.
13 Approval of such programs **or services** shall be made by the state department of elementary and

18 **4.** Gifted programs and services shall be funded by the district from its basic state
19 aid, except as further provided in this subsection:

20 (1) A district that formerly received categorical gifted funds may determine an
21 appropriate amount of funding by referring to its last year of such categorical funding;
22 and

23 (2) A district that did not provide a state-approved program or services previously
24 may determine an appropriate amount of funding within its increases in basic state aid

26
27 **The districts described in subdivisions (1) and (2) of this subsection and a district receiving**
28 **a payment under subsection 2 of section 163.031 that did not have such programs or**
