

HB 2029 -- Filing Requirements for Land Surveys

Sponsor: Diehl

Currently, only land surveys evidencing the establishment, restoration, or re-establishment of one or more corners that create a new parcel of land are required to be filed with the recorder of deeds of the county in which the survey is located. This bill removes the condition that the survey creates a new parcel and requires all surveys evidencing the establishment, restoration, or re-establishment of a corner to be filed.
