

FIRST REGULAR SESSION

HOUSE BILL NO. 441

96TH GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE NOLTE.

0640L.011

D. ADAM CRUMBLISS, Chief Clerk

AN ACT

To repeal sections 644.036 and 644.054, RSMo, and to enact in lieu thereof two new sections relating to the Missouri clean water law, with an emergency clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Sections 644.036 and 644.054, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 644.036 and 644.054, to read as follows:

644.036. 1. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held after thirty days' prior notice by advertisement of the date, time and place of the hearing and opportunity given to the public to be heard. Notice of the hearings and copies of the proposed standard, rule or regulation or any amendment or repeal thereof shall also be given by regular mail, at least thirty days prior to the scheduled date of the hearing, to any person who has registered with the director for the purpose of receiving notice of such public hearings in accordance with the procedures prescribed by the commission at least forty-five days prior to the scheduled date of the hearing. However, this provision shall not preclude necessary changes during this thirty-day period.

2. At the hearing, opportunity to be heard by the commission with respect to the subject thereof shall be afforded any interested person upon written request to the commission, addressed to the director, not later than seven days prior to the hearing, and may be afforded to other persons if convenient. In addition, any interested persons, whether or not heard, may submit, within seven days subsequent to the hearings, a written statement of their views. The commission may solicit the views, in writing, of persons who may be affected by, or interested in, proposed rules and regulations, or standards. Any person heard or represented at the hearing

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

17 or making written request for notice shall be given written notice of the action of the commission
18 with respect to the subject thereof.

19 3. Any standard, rule or regulation or amendment or repeal thereof shall not be deemed
20 adopted or in force and effect until it has been approved in writing by at least four members of
21 the commission. A standard, rule or regulation or an amendment or repeal thereof shall not
22 become effective until a certified copy thereof has been filed with the secretary of state as
23 provided in chapter 536.

24 4. Unless prohibited by any federal water pollution control act, any standard, rule or
25 regulation or any amendment or repeal thereof which is adopted by the commission may differ
26 in its terms and provisions as between particular types and conditions of water quality standards
27 or of water contaminants, as between particular classes of water contaminant sources, and as
28 between particular waters of the state.

29 5. Any listing required by Section 303(d) of the federal Clean Water Act, as amended,
30 33 U.S.C. 1251, et seq., to be sent to the U.S. Environmental Protection Agency for its approval
31 that will result in any waters of the state being classified as impaired shall be adopted by the
32 commission after a public hearing, or series of hearings, held in accordance with the following
33 procedures. The department of natural resources shall publish in at least six regional
34 newspapers, in advance, a notice by advertisement the availability of a proposed list of impaired
35 waters of the state and such notice shall include at least ninety days' advance notice of the date,
36 time, and place of the public hearing and opportunity given to the public to be heard. Notice of
37 the hearings and copies of the proposed list of impaired waters also shall be posted on the
38 department of natural resources' website and given by regular mail, at least ninety days prior to
39 the scheduled date of the hearing, to any person who has registered with the director for the
40 purpose of receiving notice of such public hearings. The proposed list of impaired waters shall
41 identify the water segment, the uses to be made of such waters, the uses impaired, identify the
42 pollutants causing or expected to cause violations of the applicable water quality standards, and
43 provide a summary of the data relied upon to make the preliminary determination.
44 Contemporaneous with the publication of the notice of public hearing, the department shall make
45 available on its website all data and information it relied upon to prepare the proposed list of
46 impaired waters, including a narrative explanation of how the department determined the water
47 segment was impaired. At any time after the public notice and until seven days after the public
48 hearing, the department shall accept written comments on the proposed list of impaired waters.
49 After the public hearing and after all written comments have been submitted, the department
50 shall prepare a written response to all comments and a revised list of impaired waters. The
51 commission shall adopt a list of impaired waters in a public meeting during which the public
52 shall be afforded an opportunity to respond to the department's written response to comments and

53 revised list of impaired waters. Notice of the meeting shall include the date, time, and place of
54 the public meeting and shall provide notice that the commission will give interested persons the
55 opportunity to respond to the department's revised list of impaired waters and written responses
56 to comments. At its discretion, the commission may extend public comment periods or hold
57 additional public hearings on the proposed and revised lists of impaired waters. The commission
58 shall not vote to add to the list of impaired waters any waters not recommended by the
59 department in the proposed or revised lists of impaired waters without granting the public at least
60 thirty additional days to comment on the proposed addition. The list of impaired waters adopted
61 by the commission shall not be deemed to be a rule as defined by section 536.010. The listing
62 of any water segment on the list of impaired waters adopted by the commission shall be subject
63 to judicial review by any adversely affected party under section 536.150. The provisions in this
64 subsection shall expire on August 28, [2010] **2014**.

644.054. 1. Fees imposed in sections 644.052 and 644.053 shall, except for those fees
2 imposed pursuant to subsection 4 and subsections 6 to 13 of section 644.052, become effective
3 October 1, 1990, and shall expire December 31, [2010] **2014**. Fees imposed pursuant to
4 subsection 4 and subsections 6 to 13 of section 644.052 shall become effective August 28, 2000,
5 and shall expire on December 31, [2010] **2014**. The clean water commission shall promulgate
6 rules and regulations on the procedures for billing and collection. All sums received through the
7 payment of fees shall be placed in the state treasury and credited to an appropriate subaccount
8 of the natural resources protection fund created in section 640.220. Moneys in the subaccount
9 shall be expended, upon appropriation, solely for the administration of sections 644.006 to
10 644.141. Fees collected pursuant to subsection 10 of section 644.052 by a city, a public sewer
11 district, a public water district or other publicly owned treatment works are state fees. Five
12 percent of the fee revenue collected shall be retained by the city, public sewer district, public
13 water district or other publicly owned treatment works as reimbursement of billing and collection
14 expenses.

15 2. The commission may grant a variance pursuant to section 644.061 to reduce fees
16 collected pursuant to section 644.052 for facilities that adopt systems or technologies that reduce
17 the discharge of water contaminants substantially below the levels required by commission rules.

18 3. Fees imposed in subsections 2 to 6 of section 644.052 shall be due on the date of
19 application and on each anniversary date of permit issuance thereafter until the permit is
20 terminated.

Section B. Because immediate action is necessary for the Clean Water Commission of
2 the state of Missouri to maintain control over water in this state, section A of this act is deemed
3 necessary for the immediate preservation of the public health, welfare, peace, and safety, and is

4 hereby declared to be an emergency act within the meaning of the constitution, and section A of
5 this act shall be in full force and effect upon its passage and approval.
