5 “Page 5, Section 30.270, Line 137, by inserting after all of said section and line the  
6 following:

7  
8 “178.530. 1. The state board of education shall establish standards and annually inspect,  
9 as a basis for approval, all public prevocational, vocational schools, Linn State Technical College,  
10 departments and classes receiving state or federal moneys for giving training in agriculture,  
11 industrial, home economics and commercial subjects and all schools, departments and classes  
12 receiving state or federal moneys for the preparation of teachers and supervisors of such subjects.  
13 The public prevocational and vocational schools, Linn State Technical College, departments, and  
14 classes, and the training schools, departments and classes are entitled to the state or federal  
15 moneys so long as they are approved by the state board of education, as to site, plant, equipment,  
16 qualifications of teachers, admission of pupils, courses of study and methods of instruction. All  
17 disbursements of state or federal moneys for the benefit of the approved prevocational and  
18 vocational schools, Linn State Technical College, departments and classes shall be made  
19 semiannually. The school board of each approved school or the governing body of Linn State  
20 Technical College shall file a report with the state board of education at the times and in the form  
21 that the state board requires. Upon receipt of a satisfactory report, the state board of education  
22 shall certify to the commissioner of administration for his approval the amount of the state and  
23 federal moneys due the school district or Linn State Technical College. The amount due the  
24 school district shall be certified by the commissioner of administration and proper warrant

1 therefor shall be issued to the district treasurer or Linn State Technical College.

2 2. Notwithstanding the provisions of subsection 1 of this section, the state board of  
3 education shall establish standards for agricultural education that may be adopted by a private  
4 school accredited by an agency recognized by the United States Department of Education as an  
5 accreditor of private schools that wishes to provide quality vocational programming outside the  
6 requirements of, but consistent with, the federal vocational Education Act. Such standards shall  
7 be sufficient to qualify a private school to apply to the state chapter for approval of a local chapter  
8 of a federally chartered national agricultural education association on a form developed for that  
9 purpose by the department of elementary and secondary education without eligibility to receive  
10 state or federal funding for agricultural vocational education; however, such private school shall  
11 reimburse the department annually for the cost of oversight and maintenance of the program.

12 2. Notwithstanding the provisions of subsection 1 of this section, the state board of  
13 education shall establish standards for agricultural education that may be adopted by a private  
14 school accredited by an agency recognized by the United States Department of Education as an  
15 accreditor of private schools that wishes to provide quality vocational programming outside the  
16 requirements of, but consistent with, the federal vocational education act. Such standards shall be  
17 sufficient to qualify a private school to apply to the state chapter for approval of a local chapter of  
18 a federally chartered national agricultural education association on a form developed for that  
19 purpose by the department of elementary and secondary education without eligibility to receive  
20 state or federal funding for agricultural vocational education. Any such private school shall  
21 reimburse the department annually for the cost of oversight and maintenance of the program.”;
