

HB 1788 -- Contracts for State Projects

Sponsor: Elmer

Currently, all contracts for projects that are in excess of \$25,000 by any city with 500,000 or more persons must be let to the lowest, responsive, responsible bidder after providing specified notice and publication of an advertisement for bids. This bill repeals that provision and requires all contracts for projects that are in excess of \$100,000 by any officer or agency of this state or any of its political subdivisions to be let by that process.
