

HB 1959 -- Sewer Service Fees

Sponsor: Gatschenberger

This bill prohibits any city, town, village, sewer district, or water supply district in St. Charles County that does not actually process or treat sewage or wastewater but pays a premium or fee to another entity for the service from increasing the premium or fee it charges and collects from its customers by more than 200% of the premium or fee it pays to the other entity without a majority vote of the qualified voters of the city, town, village, sewer district, or water supply district.
