Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Sections 99.845, 190.100, 190.300, and 190.308, RSMo, are
2 repealed and five new sections enacted in lieu thereof, to be known as sections
3 99.845, 190.098, 190.100, 190.300, and 190.308, to read as follows:

99.845. 1. A municipality, either at the time a redevelopment project is
2 approved or, in the event a municipality has undertaken acts establishing a
3 redevelopment plan and redevelopment project and has designated a
4 redevelopment area after the passage and approval of sections 99.800 to 99.865
5 but prior to August 13, 1982, which acts are in conformance with the procedures
6 of sections 99.800 to 99.865, may adopt tax increment allocation financing by
7 passing an ordinance providing that after the total equalized assessed valuation
8 of the taxable real property in a redevelopment project exceeds the certified total
9 initial equalized assessed valuation of the taxable real property in the
10 redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if
11 any, arising from the levies upon taxable real property in such redevelopment
12 project by taxing districts and tax rates determined in the manner provided in
13 subsection 2 of section 99.855 each year after the effective date of the ordinance
14 until redevelopment costs have been paid shall be divided as follows:

15 (1) That portion of taxes, penalties and interest levied upon each taxable

EXPLANATION—Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

16 lot, block, tract, or parcel of real property which is attributable to the initial
17 equalized assessed value of each such taxable lot, block, tract, or parcel of real
18 property in the area selected for the redevelopment project shall be allocated to
19 and, when collected, shall be paid by the county collector to the respective
20 affected taxing districts in the manner required by law in the absence of the
21 adoption of tax increment allocation financing;

22 (2) (a) Payments in lieu of taxes attributable to the increase in the
23 current equalized assessed valuation of each taxable lot, block, tract, or parcel of
24 real property in the area selected for the redevelopment project and any
25 applicable penalty and interest over and above the initial equalized assessed
26 value of each such unit of property in the area selected for the redevelopment
27 project shall be allocated to and, when collected, shall be paid to the municipal
28 treasurer who shall deposit such payment in lieu of taxes into a special fund
29 called the "Special Allocation Fund" of the municipality for the purpose of paying
30 redevelopment costs and obligations incurred in the payment thereof. Payments
31 in lieu of taxes which are due and owing shall constitute a lien against the real
32 estate of the redevelopment project from which they are derived and shall be
33 collected in the same manner as the real property tax, including the assessment
34 of penalties and interest where applicable. The municipality may, in the
35 ordinance, pledge the funds in the special allocation fund for the payment of such
36 costs and obligations and provide for the collection of payments in lieu of taxes,
37 the lien of which may be foreclosed in the same manner as a special assessment
38 lien as provided in section 88.861. No part of the current equalized assessed
39 valuation of each lot, block, tract, or parcel of property in the area selected for the
40 redevelopment project attributable to any increase above the total initial
41 equalized assessed value of such properties shall be used in calculating the
42 general state school aid formula provided for in section 163.031 until such time
43 as all redevelopment costs have been paid as provided for in this section and
44 section 99.850;

45 (b) Notwithstanding any provisions of this section to the contrary, for
46 purposes of determining the limitation on indebtedness of local government
47 pursuant to article VI, section 26(b) of the Missouri Constitution, the current
48 equalized assessed value of the property in an area selected for redevelopment
49 attributable to the increase above the total initial equalized assessed valuation
50 shall be included in the value of taxable tangible property as shown on the last
51 completed assessment for state or county purposes;

52 (c) The county assessor shall include the current assessed value of all
53 property within the taxing district in the aggregate valuation of assessed property
54 entered upon the assessor's book and verified pursuant to section 137.245, and
55 such value shall be utilized for the purpose of the debt limitation on local
56 government pursuant to article VI, section 26(b) of the Missouri Constitution;

57 (3) For purposes of this section, "levies upon taxable real property in such
58 redevelopment project by taxing districts" shall not include the blind pension fund
59 tax levied under the authority of article III, section 38(b) of the Missouri
60 Constitution, or the merchants' and manufacturers' inventory replacement tax
61 levied under the authority of subsection 2 of section 6 of article X of the Missouri
62 Constitution, except in redevelopment project areas in which tax increment
63 financing has been adopted by ordinance pursuant to a plan approved by vote of
64 the governing body of the municipality taken after August 13, 1982, and before
65 January 1, 1998.

66 2. In addition to the payments in lieu of taxes described in subdivision (2)
67 of subsection 1 of this section, for redevelopment plans and projects adopted or
68 redevelopment projects approved by ordinance after July 12, 1990, and prior to
69 August 31, 1991, fifty percent of the total additional revenue from taxes, penalties
70 and interest imposed by the municipality, or other taxing districts, which are
71 generated by economic activities within the area of the redevelopment project over
72 the amount of such taxes generated by economic activities within the area of the
73 redevelopment project in the calendar year prior to the adoption of the
74 redevelopment project by ordinance, while tax increment financing remains in
75 effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by
76 transient guests of hotels and motels, taxes levied pursuant to section 70.500,
77 licenses, fees or special assessments other than payments in lieu of taxes and any
78 penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant
79 to section 94.660, for the purpose of public transportation, shall be allocated to,
80 and paid by the local political subdivision collecting officer to the treasurer or
81 other designated financial officer of the municipality, who shall deposit such
82 funds in a separate segregated account within the special allocation fund. Any
83 provision of an agreement, contract or covenant entered into prior to July 12,
84 1990, between a municipality and any other political subdivision which provides
85 for an appropriation of other municipal revenues to the special allocation fund
86 shall be and remain enforceable.

87 3. In addition to the payments in lieu of taxes described in subdivision (2)

88 of subsection 1 of this section, for redevelopment plans and projects adopted or
89 redevelopment projects approved by ordinance after August 31, 1991, fifty percent
90 of the total additional revenue from taxes, penalties and interest which are
91 imposed by the municipality or other taxing districts, and which are generated
92 by economic activities within the area of the redevelopment project over the
93 amount of such taxes generated by economic activities within the area of the
94 redevelopment project in the calendar year prior to the adoption of the
95 redevelopment project by ordinance, while tax increment financing remains in
96 effect, but excluding personal property taxes, taxes imposed on sales or charges
97 for sleeping rooms paid by transient guests of hotels and motels, taxes levied
98 pursuant to section 70.500, taxes levied for the purpose of public transportation
99 pursuant to section 94.660, licenses, fees or special assessments other than
100 payments in lieu of taxes and penalties and interest thereon, [or] any sales tax
101 imposed by a county with a charter form of government and with more than six
102 hundred thousand but fewer than seven hundred thousand inhabitants, for the
103 purpose of sports stadium improvement or levied by such county under section
104 238.410 for the purpose of the county transit authority operating transportation
105 facilities, **or for redevelopment plans and projects adopted or**
106 **redevelopment projects approved by ordinance after August 28, 2013,**
107 **taxes imposed on sales pursuant to section 650.399 for the purpose of**
108 **emergency communication systems**, shall be allocated to, and paid by the
109 local political subdivision collecting officer to the treasurer or other designated
110 financial officer of the municipality, who shall deposit such funds in a separate
111 segregated account within the special allocation fund.

112 4. Beginning January 1, 1998, for redevelopment plans and projects
113 adopted or redevelopment projects approved by ordinance and which have
114 complied with subsections 4 to 12 of this section, in addition to the payments in
115 lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of
116 this section, up to fifty percent of the new state revenues, as defined in subsection
117 8 of this section, estimated for the businesses within the project area and
118 identified by the municipality in the application required by subsection 10 of this
119 section, over and above the amount of such taxes reported by businesses within
120 the project area as identified by the municipality in their application prior to the
121 approval of the redevelopment project by ordinance, while tax increment
122 financing remains in effect, may be available for appropriation by the general
123 assembly as provided in subsection 10 of this section to the department of

124 economic development supplemental tax increment financing fund, from the
125 general revenue fund, for distribution to the treasurer or other designated
126 financial officer of the municipality with approved plans or projects.

127 5. The treasurer or other designated financial officer of the municipality
128 with approved plans or projects shall deposit such funds in a separate segregated
129 account within the special allocation fund established pursuant to section 99.805.

130 6. No transfer from the general revenue fund to the Missouri
131 supplemental tax increment financing fund shall be made unless an appropriation
132 is made from the general revenue fund for that purpose. No municipality shall
133 commit any state revenues prior to an appropriation being made for that
134 project. For all redevelopment plans or projects adopted or approved after
135 December 23, 1997, appropriations from the new state revenues shall not be
136 distributed from the Missouri supplemental tax increment financing fund into the
137 special allocation fund unless the municipality's redevelopment plan ensures that
138 one hundred percent of payments in lieu of taxes and fifty percent of economic
139 activity taxes generated by the project shall be used for eligible redevelopment
140 project costs while tax increment financing remains in effect. This account shall
141 be separate from the account into which payments in lieu of taxes are deposited,
142 and separate from the account into which economic activity taxes are deposited.

143 7. In order for the redevelopment plan or project to be eligible to receive
144 the revenue described in subsection 4 of this section, the municipality shall
145 comply with the requirements of subsection 10 of this section prior to the time the
146 project or plan is adopted or approved by ordinance. The director of the
147 department of economic development and the commissioner of the office of
148 administration may waive the requirement that the municipality's application be
149 submitted prior to the redevelopment plan's or project's adoption or the
150 redevelopment plan's or project's approval by ordinance.

151 8. For purposes of this section, "new state revenues" means:

152 (1) The incremental increase in the general revenue portion of state sales
153 tax revenues received pursuant to section 144.020, excluding sales taxes that are
154 constitutionally dedicated, taxes deposited to the school district trust fund in
155 accordance with section 144.701, sales and use taxes on motor vehicles, trailers,
156 boats and outboard motors and future sales taxes earmarked by law. In no event
157 shall the incremental increase include any amounts attributable to retail sales
158 unless the municipality or authority has proven to the Missouri development
159 finance board and the department of economic development and such entities

160 have made a finding that the sales tax increment attributable to retail sales is
161 from new sources which did not exist in the state during the baseline year. The
162 incremental increase in the general revenue portion of state sales tax revenues
163 for an existing or relocated facility shall be the amount that current state sales
164 tax revenue exceeds the state sales tax revenue in the base year as stated in the
165 redevelopment plan as provided in subsection 10 of this section; or

166 (2) The state income tax withheld on behalf of new employees by the
167 employer pursuant to section 143.221 at the business located within the project
168 as identified by the municipality. The state income tax withholding allowed by
169 this section shall be the municipality's estimate of the amount of state income tax
170 withheld by the employer within the redevelopment area for new employees who
171 fill new jobs directly created by the tax increment financing project.

172 9. Subsection 4 of this section shall apply only to blighted areas located
173 in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas
174 located in federal empowerment zones, or to blighted areas located in central
175 business districts or urban core areas of cities which districts or urban core areas
176 at the time of approval of the project by ordinance, provided that the enterprise
177 zones, federal empowerment zones or blighted areas contained one or more
178 buildings at least fifty years old; and

179 (1) Suffered from generally declining population or property taxes over the
180 twenty-year period immediately preceding the area's designation as a project area
181 by ordinance; or

182 (2) Was a historic hotel located in a county of the first classification
183 without a charter form of government with a population according to the most
184 recent federal decennial census in excess of one hundred fifty thousand and
185 containing a portion of a city with a population according to the most recent
186 federal decennial census in excess of three hundred fifty thousand.

187 10. The initial appropriation of up to fifty percent of the new state
188 revenues authorized pursuant to subsections 4 and 5 of this section shall not be
189 made to or distributed by the department of economic development to a
190 municipality until all of the following conditions have been satisfied:

191 (1) The director of the department of economic development or his or her
192 designee and the commissioner of the office of administration or his or her

335 in taxes as compared to the base year or prior calendar year for such
336 redevelopment project, rather the incremental increase shall be the amount of
337 total taxes generated from the net new jobs brought in by the national
338 headquarters from another state. In no event shall this subsection be construed

19 provide community paramedic services in another ambulance service
20 area, as that term is defined in section 190.100. The contract that is

22 includes at least a sixty-day cancellation notice by either ambulance
23 service.

26 190.245.

27 5. No person shall hold himself or herself out as a community
28 paramedic or provide the services of a community paramedic unless
29 such person is certified by the department.

30 6. The medical director shall approve the implementation of the
31 community paramedic program.

32 7. Any rule or portion of a rule, as that term is defined in section
33 536.010, that is created under the authority delegated in this section
34 shall become effective only if it complies with and is subject to all of
35 the provisions of chapter 536 and, if applicable, section 536.028. This

37 **vested with the general assembly pursuant to chapter 536 to review, to**
38 **delay the effective date, or to disapprove and annul a rule are**
39 **subsequently held unconstitutional, then the grant of rulemaking**
40 **authority and any rule proposed or adopted after August 28, 2013, shall**
