

HB 350 -- Firearm Ownership Information

Sponsor: Frederick

This bill specifies that no person or entity can publish the name, address, or other identifying information of any individual who owns a firearm or who is an applicant for or holder of any license, certificate, permit, or endorsement which allows the person to own, acquire, possess, or carry a firearm. Any person or entity who violates these provisions is guilty of a class A misdemeanor.

The bill specifies that no licensed health care professional can be required by law to inquire as to whether a patient owns a firearm, document or maintain in a patient's medical records whether the patient owns a firearm, or notify any governmental entity of the identity of a patient based solely on his or her status as an owner of a firearm.
