

HB 913 -- Child Care Assistance

Sponsor: Brown

This bill changes the laws regarding child day care services to a person who meets the specified qualifications of the federal Family Support Act of 1998. The bill specifies that for persons whose eligibility for receiving child day care assistance is based on employment the Children's Division within the Department of Social Services must, on a monthly basis, verify the employment status of the persons and immediately terminate the child day care assistance for any person for whom the division is unable to verify employment and who is not otherwise eligible for the assistance. The division must establish by rule the method of monthly verification of employment for the persons.
