

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-FIRST DAY, THURSDAY, MAY 1, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Representative Vicki Englund.

Dear Heavenly Father, thank You for allowing us to be in Your presence today.

For it is Your love that has brought us all together to this legislative family. We, as the Missouri House, are humbled by Your glory.

We know Lord, that our time here is fleeting. But our time here in this majestic Capitol is one of the most valuable and important times of our lives. It is here in this chamber where we have the opportunity to do Your work, dear Lord. It is an honor to serve both You and the people of the state of Missouri. We do so as we work together, for the betterment of all Your children.

Dear Heavenly Father, please also give us the strength to remember why we are here, who we serve, and that we also serve each other. May the respect we have for You shine forth in the respect we have for each other. May the collaboration that we have shown in this chamber remind us of the bonds of friendship we have formed and will keep for the rest of our lives.

Let us enter these last few days of session with a renewed sense of faith. Let us remember the faith we had on the first day of our legislative careers and use it to guide us, while we remember the words of President Franklin Delano Roosevelt: "The only limit to our realization of tomorrow will be our doubts of today. Let us move forward with strong and active faith."

In God's name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ainsley Gardner.

The Journal of the sixtieth day was approved as printed.

"161.097. 1. The state board of education **and the coordinating board for higher education** shall jointly establish standards and procedures by which [it] **they** will evaluate all teacher training institutions in this state [for the approval of teacher education programs. The state board of education shall not require teacher training institutions to meet national or regional accreditation as a part of its standards and procedures in making those evaluations, but it may accept such accreditations in lieu of such approval if standards and procedures set thereby are at least as stringent as those set by the board. The state board of education's standards and procedures for evaluating teacher training institutions shall equal or exceed those of national or regional accrediting associations] **with the guidance and approval of the Missouri advisory board for educator preparation, established under subsection 3 of this section.** Notwithstanding any other provision of law, the state board of education and the coordinating board for higher education shall approve all teacher education programs and any changes to the standards and procedures by which such programs are evaluated.

2. With regard to requirements for state educator certification, any assessments of general education, content knowledge, pedagogical knowledge, dispositions, or any other measures required for state educator certification and any related competencies shall be approved by the state board of education and the coordinating board for higher education prior to utilization in any manner. Any assessment used to measure student learning that is used in the evaluation of educator preparation programs and any related competencies shall be approved by the state board of education and the coordinating board for higher education prior to utilization in any manner. All current assessments and competencies and those under development, as well as future competencies and assessments shall be approved by the state board of education and the coordinating board for higher education prior to utilization in any manner. Qualifying scores on such assessments shall be established jointly by the state board of education and the coordinating board for higher education. No quotas on educator preparation programs or limits on program size shall be imposed by the state board of education without consent of the coordinating board for higher education and the institution of higher education providing the program. However, institutions of higher education may establish quotas for specific educator preparation programs as deemed necessary.

3. There is hereby established within the department of elementary and secondary education the "Missouri Advisory Board for Educator Preparation", hereinafter referred to as "MABEP". The MABEP shall advise the state board of education and the coordinating board for higher education as provided in this section and foster meaningful and substantial collaboration and transparency among all stakeholders in the interest of improving the quality of teacher preparation in Missouri.

4. MABEP shall be comprised of fourteen members, who shall be appointed to serve as follows: five members to be appointed by the state board of education upon the recommendation of the commissioner of education, two members selected by the commissioner of education, five members to be selected by the coordinating board for higher education upon the recommendation of the commissioner of higher education, and two members to be selected by the commissioner of higher education. The length of term for each member shall be two years. The commissioner of education and the commissioner of higher education shall serve as ex officio members and shall not vote on matters before MABEP.

5. The composition of MABEP shall consist of the following:

(1) One practicing certificated public school teacher who has served as a cooperating teacher, selected by the state board of education upon the recommendation of the commissioner of education;

(2) One practicing certified public school administrator with direct responsibility for the evaluation of educators, selected by the state board of education upon the recommendation of the commissioner of education;

(3) One practicing human resource director for a public school district with direct responsibility for hiring, selected by the state board of education upon the recommendation of the commissioner of education;

(4) One practicing certificated public school teacher who has served as a teacher mentor, selected by the state board of education upon the recommendation of the commissioner of education;

(5) One practicing certified superintendent of a public school, selected by the state board of education upon the recommendation of the commissioner of education;

(6) One representative of the public, to be appointed by the commissioner of education. This representative shall not be a member of a local school board or educator preparation governing board, nor shall he or she be, or ever in the past have been, employed as a public school educator, or in a professional position at any post-secondary education program;

(7) One employee of the department of elementary and secondary education whose responsibilities include educator preparation or certification, selected by the commissioner of education;

(8) One faculty member or administrator within an approved educator preparation program, selected by the coordinating board for higher education upon the recommendation of the commissioner of higher education;

(9) One dean or director of a college or program of educator preparation for a public four-year university, selected by the coordinating board for higher education upon the recommendation of the commissioner of higher education;

(10) One director of an educator preparation program of a public community college, selected by the coordinating board for higher education upon the recommendation of the commissioner of higher education;

(11) One dean of a college of education or director of an educator preparation program of an independent college or university, selected by the coordinating board for higher education upon the recommendation of the commissioner of higher education;

(12) One dean or director within an approved educator preparation program, selected by the coordinating board for higher education upon the recommendation of the commissioner of higher education;

(13) One student enrolled in an approved program of educator preparation of a public or independent university, selected by the commissioner of higher education;

(14) One employee of the department of higher education with responsibility for the approval of degree programs, selected by the commissioner of higher education.

6. The duties and responsibilities of the MABEP shall include, but not be limited to the following:

(1) Meet with the commissioners of education and higher education to discuss policy issues and proposed changes to standards and practices related to educator preparation programs;

(2) Make public recommendations to the commissioners of education and higher education regarding the criteria and procedures for evaluation and approval of educator degree programs and educator preparation programs within the state;

(3) Facilitate communication by inviting subject matter and educator preparation experts and constituencies with an interest in developing highly effective educators to meet with the MABEP for the purpose of identifying, reviewing and promoting best practices and standards in educator preparation and professional development;

(4) Present annually to the state board of education and coordinating board for higher education to discuss matters of mutual interest in the area of educator preparation as presented by the rotating chairs of MABEP; and

(5) Maintain a record of deliberations for the purpose of keeping constituent groups with an interest in the maintenance of quality education preparation programs informed of issues and recommendations.

7. MABEP shall meet at least two times annually, but may meet more frequently if requested by either board, the commissioner of education or the commissioner of higher education. MABEP shall be chaired by the commissioner of education, or his or her designee, and the commissioner of higher education, or his or her designee, in alternating years.

8. Upon approval by the state board of education of the teacher education program at a particular teacher training institution, any person who graduates from that program, and who meets other requirements which the state board of education shall prescribe by rule, regulation and statute shall be granted a certificate or license to teach in the public schools of this state. **The state board of education shall not approve any teacher education program prior to receiving a formal recommendation on that approval from the coordinating board for higher**

education. However, no such rule or regulation shall require that the program from which the person graduates be accredited by any national or regional accreditation association.

3. Notwithstanding any provision in the law to the contrary, the state board of education may accredit a graduate law school and any graduate of such an accredited law school shall be allowed to take the examination for admission to the bar of Missouri."; and

Further amend said bill, Page 22, Section 161.855, Line 8 of said page, by inserting after all of said line the following:

"173.005. 1. There is hereby created a "Department of Higher Education", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education shall have approval of proposed new degree programs to be offered by the state institutions of higher education. **In the case of educator preparation programs, the coordinating board for higher education and the state board of education shall jointly approve proposed new degree programs offered by state institutions of higher education;**

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, **and** institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(7) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(8) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(9) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(10) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(11) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; and

(12) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an education institution located outside of Missouri that:

a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;

b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;

c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;

d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and

e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

5. The state historical society, chapter 183, is transferred by type III transfer to the University of Missouri.

6. The state anatomical board, chapter 194, is transferred by type II transfer to the department of higher education.

7. All the powers, duties and functions vested in the division of public schools and state board of education relating to community college state aid and the supervision, formation of districts and all matters otherwise related to the state's relations with community college districts and matters pertaining to community colleges in public school districts, chapters 163, 178, and others, are transferred to the coordinating board for higher education by type I transfer. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval."; and

Further amend the title and enacting clause accordingly.
