

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, MONDAY, MAY 12, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative John McCaherty.

This is the message which we have heard from Him and declare to you, that God is light and in Him is no darkness at all. If we say that we have fellowship with Him, and walk in darkness, we lie and do not practice the truth. But if we walk in the light as He is in the light, we have fellowship with one another, and the blood of Jesus Christ His Son cleanses us from all sin.

If we say that we have no sin, we deceive ourselves, and the truth is not in us. If we confess our sins, He is faithful and just to forgive us our sins and to cleanse us from all unrighteousness. (John 1:5)

Father, as we bow before Your throne of grace this afternoon, we come with open hearts, open minds, and the knowledge of our own shortcomings.

We need You! As we face this final week in the legislative session, we need You. As we remember those we have lost this year, decisions that were made, good times and bad, we need You. As we seek what is right for this great state, we need You. As we seek fellowship with one another, as we seek to work together for the good of those we serve, we need You!

Lead us, guide us, and allow Your great grace to shine upon us, that You may receive glory and honor and praise forever and ever.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Rebecca Wolter, Vera Voronenko and Lia Yeghoyants.

The Journal of the sixty-fifth day was approved as corrected.

HOUSE COURTESY RESOLUTIONS OFFERED AND ISSUED

"160.545. 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall [consist of grant awards made to] **require** public secondary schools that **apply to be an A+ school to** demonstrate a commitment to ensure that:

- (1) All students be graduated from school;
- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of [grants made under the program to] schools that:

- (1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
- (2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

- (3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and
- (4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

4. [By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

5. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June

thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

7.] The commissioner of **higher** education shall, by rule and regulation of the [state board of education] **coordinating board for higher education** and with the advice of the [coordinating board for higher education] **state board of education**, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection [9] **8** of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a public high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section, except that students who are active duty military dependents, and students who are dependants of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the state board of education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of said board.

[8.] **5. Beginning with academic year 2015-16, the department of higher education shall develop a procedure to permit the reimbursement of educational costs beyond tuition and general fees incurred at an A+ eligible postsecondary institution by a student who qualifies for reimbursement under subsection 4 of this section and applies for such reimbursement upon the following conditions:**

(1) **The reimbursement shall be an amount no greater than tuition and related academic fees, including book purchase or rental, for dual credit courses paid by the student while in high school;**

(2) **The dual credit course was provided by an institution that is a qualified A+ postsecondary institution under subsection 4 or 8 of this section;**

(3) **The dual credit course is accepted for credit by the institution at which the student uses the A+ program.**

The provisions of this subsection shall be applicable only to postsecondary students at vocational-technical centers and those pursuing a certificate or an associate of science or associate of applied science degree at any other qualified A+ postsecondary institution.

6. If insufficient funds are available to provide full reimbursement of all permitted costs under this section, the reimbursement shall be prioritized in the following order from highest to lowest:

(1) **Tuition;**

(2) **General fees;**

(3) **Other educational costs as defined by federal student financial aid regulations.**

Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

[9.] **8.** For a two-year private vocational or technical school to obtain reimbursements under subsection [7] **4** of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

(2) Such two-year private vocational or technical school shall be designated as a 501(c)(3) nonprofit organization under the Internal Revenue Code of 1986, as amended;

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of Article IX, Section 8, or Article I, Section 7, of the Missouri Constitution or the first amendment of the United States Constitution."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The purpose of the initiative shall be to provide support to increase interest among elementary, secondary, and university students in fields of study related to science, technology, engineering, and mathematics and to increase the number of Missouri graduates in these fields at Missouri's public two- and four-year institutions of higher education.

3. There is hereby created a "Science, Technology, Engineering and Mathematics Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this section. Any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. As part of the initiative, the department of higher education shall develop a process to award grants to Missouri public two- and four-year institutions of higher education and school districts that have entered into articulation agreements to offer information technology certification through technical course work leading to postsecondary academic credit through the program established in section 173.675.

5. The general assembly may appropriate funds to the science, technology, engineering, and mathematics fund to match institution funds to support the following programs:

(1) Endowed teaching professor programs, which provide funds to support faculty who teach undergraduate courses in science, technology, engineering, or mathematics fields at public institutions of higher education;

(2) Scholarship programs, which provide financial aid or loan forgiveness awards to Missouri students who study in the science, technology, engineering, or mathematics fields or who plan to enter the teaching field in Missouri with an emphasis on science, technology, engineering, and mathematics areas;

(3) Experiential youth programs at public colleges or universities, designed to provide Missouri middle school, junior high, and high school students with the opportunity to experience science, technology, engineering, and mathematics fields through camps or other educational offerings;

(4) Career enhancement programs for current elementary and secondary teachers and professors at Missouri public and private colleges and universities in the science, technology, engineering, or mathematics fields to improve the quality of teaching.

173.675. 1. The department of higher education shall develop a program to offer information technology certification through technical course work that leads to postsecondary academic credit. The program shall be available to students enrolled in a public high school in Missouri that has entered into an articulation agreement with a Missouri public two- or four-year institution of higher education to offer such course work. The program shall provide instruction on skills and competencies essential for the workplace and requested by employers and shall include the following components:

(1) A web-enabled online curriculum;

(2) Instructional software for classroom and student use;

(3) Training for teachers to advance technical education skills;

(4) Industry recognized skills certification; and

(5) Integration with existing education standards.

2. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

173.680. 1. The department of higher education shall conduct a study to identify the information technology industry certifications most frequently requested by employers in Missouri. The department of higher education may conduct the study with the assistance of other state departments and agencies, the Missouri mathematics and science coalition, and the governor's advisory council on science, technology, engineering, and mathematical issues.

2. The department of higher education shall complete the study no later than January 31, 2015. The department shall prepare the findings in a report and provide it to:

(1) The president pro tempore of the senate;

(2) The speaker of the house of representatives;

- (3) **The joint committee on education;**
- (4) **The governor;**
- (5) **The coordinating board for higher education; and**
- (6) **The state board of education.";** and

Further amend said title, enacting clause and intersectional references accordingly.
