

HB 2109 -- FIRE PROTECTION DISTRICTS

SPONSOR: Zerr

This bill allows owners of property in a residential subdivision to file a petition with the fire protection district board seeking to have their subdivision excluded from the fire protection district. The petition must be signed by every owner of a parcel in the subdivision. The petition must describe the property that the petitioners would like to have excluded and must include a statement from any rural, volunteer, or subscription fire department or organization or volunteer fire protection association that it will provide fire protection services to the subdivision upon an order by the court excluding the subdivision from the district. The secretary of the board must cause a notice of filing of the petition to be published in the county in which the subdivision is located and notify all interested persons to appear at the office of the board at the time named in the notice showing cause in writing, if any, why the petition should not be granted. The filing of the petition must be deemed to be assent by the petitioners to the exclusion from the district.
