

# JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

THIRTY-THIRD DAY, THURSDAY, MARCH 5, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*The righteous shall be held in everlasting remembrance. (Psalm 112:6)*

O God of all ages, we thank You that our previous generations founded this State, dedicated to life, liberty, and the pursuit of happiness for all, and we are grateful that our ancestors continued this heritage that a government of the people, by the people, and for the people would not perish from the earth. We are grateful for our freedoms!

Grant us to remember that there are those who gave their lives that we may be free and there are those even now who are giving their lives that freedom can be ours.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Madelynn Gares.

The Journal of the thirty-second day was approved as printed.

*House Committee Amendment No. 1*

AMEND House Bill No. 511, Pages 1-3, Section 72.401, Lines 1-79, by deleting all of said lines and inserting in lieu thereof the following:

"72.418. 1. Notwithstanding any other provision of law to the contrary, no new city created pursuant to sections 72.400 to 72.423 **as enacted and amended prior to August 28, 2015**, shall establish a municipal fire department to provide fire protection services, including emergency medical services, if such city formerly consisted of unincorporated areas in the county or municipalities in the county, or both, which are provided fire protection services and emergency medical services by one or more fire protection districts. Such fire protection districts shall continue to provide services to the area comprising the new city and may levy and collect taxes the same as such districts had prior to the creation of such new city.

2. Fire protection districts serving the area included within any annexation by a city having a fire department, including simplified boundary changes, shall continue to provide fire protection services, including emergency medical services to such area. The annexing city shall pay annually to the fire protection district an amount equal to that which the fire protection district would have levied on all taxable property within the annexed area. Such annexed area shall not be subject to taxation for any purpose thereafter by the fire protection district except for bonded indebtedness by the fire protection district which existed prior to the annexation. The amount to be paid annually by the municipality to the fire protection district pursuant hereto shall be a sum equal to the annual assessed value multiplied by the annual tax rate as certified by the fire protection district to the municipality, including any portion of the tax created for emergency medical service provided by the district, per one hundred dollars of assessed value in such area. The tax rate so computed shall include any tax on bonded indebtedness incurred subsequent to such annexation, but shall not include any portion of the tax rate for bonded indebtedness

incurred prior to such annexation. Notwithstanding any other provision of law to the contrary, the residents of an area annexed on or after May 26, 1994, may vote in all fire protection district elections and may be elected to the fire protection district board of directors.

3. The fire protection district may approve or reject any proposal for the provision of fire protection and emergency medical services by a city.

[72.400. As used in sections 72.400 to 72.423, the following terms mean:

(1) "Boundary adjustment", an adjustment of a boundary between two municipalities or a municipality and the unincorporated area of the county involving all or part of one or more residential parcels in common ownership or an adjustment between two municipalities or a municipality and the unincorporated area of the county involving only public property or public rights-of-way;

(2) "Boundary change", any annexation, consolidation, incorporation, transfer of jurisdiction between municipalities or between a municipality and the county, or combination thereof, which, if approved, would result in a municipality composed of contiguous territory;

(3) "Commission", a boundary commission established pursuant to this section;

(4) "Contiguousness", territory proposed for annexation in which at least fifteen percent of its boundary is adjacent to the municipality which is proposing the annexation or territory proposed for addition to an established unincorporated area in which at least fifteen percent of its boundary is adjacent to the established unincorporated area;

(5) "Established unincorporated area", an area in the unincorporated area of the county which has been approved by the voters pursuant to section 72.422 to remain unincorporated and not subject to any boundary change except as otherwise provided;

(6) "Proposing agent", the governing body of any municipality which by ordinance has adopted a boundary change proposal or the governing body of the county which by ordinance has adopted a boundary change proposal, or the chief elected official of the county who has authorized the filing of an unincorporated area proposal, or a person presenting petitions for incorporation signed by a number of registered voters equal to not less than fifteen percent of the number of votes cast for governor in the last gubernatorial election in the total combined area affected by the boundary change proposal. Petitions submitted by proposing agents may be submitted with exclusions for the signatures collected in areas originally included in the proposal but subsequently annexed or incorporated separately as a municipality, although the commission shall be satisfied as to the sufficiency of the signatures for the final proposed area;

(7) "Voting jurisdiction", a city, town or village, or areas of unincorporated territory with boundaries established by the commission for purposes of holding a boundary change election.]

[72.401. 1. If a commission has been established pursuant to section 72.400 in any county with a charter form of government where fifty or more cities, towns and villages have been established, any boundary change within the county shall proceed solely and exclusively in the manner provided for by sections 72.400 to 72.423, notwithstanding any statutory provisions to the contrary concerning such boundary changes.

2. In any county with a charter form of government where fifty or more cities, towns and villages have been established, if the governing body of such county has by ordinance established a boundary commission, as provided in sections 72.400 to 72.423, then boundary changes in such county shall proceed only as provided in sections 72.400 to 72.423.

3. The commission shall be composed of eleven members as provided in this subsection. No member, employee or contractor of the commission shall be an elective official, employee or contractor of the county or of any political subdivision within the county or of any organization representing political subdivisions or officers or employees of political subdivisions. Each of the appointing authorities described in subdivisions (1) to (3) of this subsection shall appoint persons who shall be residents of their respective locality so described. The appointing authority making the appointments shall be:

(1) The chief elected officials of all municipalities wholly within the county which have a population of more than twenty thousand persons, who shall name two members to the commission as prescribed in this subsection each of whom is a resident of a municipality within the county of more than twenty thousand persons;

(2) The chief elected officials of all municipalities wholly within the county which have a population of twenty thousand or less but more than ten thousand persons, who shall name one member to the commission as prescribed in this subsection who is a resident of a municipality within the county with a population of twenty thousand or less but more than ten thousand persons;

(3) The chief elected officials of all municipalities wholly within the county which have a population of ten thousand persons or less, who shall name one member to the commission as prescribed in this subsection who is a resident of a municipality within the county with a population of ten thousand persons or less;

(4) An appointive body consisting of the director of the county department of planning, the president of the municipal league of the county, one additional person designated by the county executive, and one additional person named by the board of the municipal league of the county, which appointive body, acting by a majority of all of its members, shall name three members of the commission who are residents of the county; and

(5) The county executive of the county, who shall name four members of the commission, three of whom shall be from the unincorporated area of the county and one of whom shall be from the incorporated area of the county. The seat of a commissioner shall be automatically vacated when the commissioner changes his or her residence so as to no longer conform to the terms of the requirements of the commissioner's appointment. The commission shall promptly notify the appointing authority of such change of residence.

4. Upon the passage of an ordinance by the governing body of the county establishing a boundary commission, the governing body of the county shall, within ten days, send by United States mail written notice of the passage of the ordinance to the chief elected official of each municipality wholly or partly in the county.

5. Each of the appointing authorities described in subdivisions (1) to (4) of subsection 3 of this section shall meet within thirty days of the passage of the ordinance establishing the commission to compile its list of appointees. Each list shall be delivered to the county executive within forty-one days of the passage of such ordinance. The county executive shall appoint members within forty-five days of the passage of the ordinance. If a list is not submitted by the time specified, the county executive shall appoint the members using the criteria of subsection 3 of this section before the sixtieth day from the passage of the ordinance. At the first meeting of the commission appointed after the effective date of the ordinance, the commissioners shall choose by lot the length of their terms. Three shall serve for one year, two for two years, two for three years, two for four years, and two for five years. All succeeding commissioners shall serve for five years. Terms shall end on December thirty-first of the respective year. No commissioner shall serve more than two consecutive full terms. Full terms shall include any term longer than two years.

6. When a member's term expires, or if a member is for any reason unable to complete his term, the respective appointing authority shall appoint such member's successor. Each appointing authority shall act to ensure that each appointee is secured accurately and in a timely manner, when a member's term expires or as soon as possible when a member is unable to complete his term. A member whose term has expired shall continue to serve until his successor is appointed and qualified.

7. The commission, its employees and subcontractors shall be subject to the regulation of conflicts of interest as defined in sections 105.450 to 105.498 and to the requirements for open meetings and records under chapter 610.

8. Notwithstanding any provisions of law to the contrary, any boundary adjustment approved by the residential property owners and the governing bodies of the affected municipalities or the county, if involved, and any voluntary annexation approved by municipal ordinance provided that the municipality owns the area to be annexed, that the area is contiguous with the municipality, and that the area is utilized only for parks and recreation purposes, shall not be subject to commission review. Such a boundary adjustment or annexation is not prohibited by the existence of an established unincorporated area.]

[72.402. The commission shall enact and adopt all rules, regulations and procedures that are reasonably necessary to achieve the objectives of sections 72.400 to 72.423 no sooner than twenty-seven calendar days after notifying all municipalities and the county of the proposed rule, regulation or procedure enactment or change. Notice may be given by ordinary mail or by publishing in at least one newspaper of general circulation qualified to publish legal notices. No new or amended rule, regulation or procedure shall apply retroactively to any boundary change or unincorporated area proposal pending before the commission.]

[72.403. 1. The commission shall review all proposed boundary changes of any area wholly or partially within the county. After June 27, 2000, no boundary change or unincorporated area proposal shall be submitted to or considered by the commission until April 15, 2001, except for consolidations. Any boundary change or unincorporated area proposal pending before the commission on June 27, 2000, shall be suspended on June 27, 2000, and shall be further considered after April 15, 2001, only if such proposal is reflected in a map plan submitted to the commission pursuant to section 72.423, except an annexation proposal by a village with a population under three thousand five hundred where the initial public hearing will occur prior to July 1, 1999, such proposal shall continue notwithstanding other provisions of law to the contrary. Review shall begin no later than

thirty days after the plan of intent for the boundary change has been submitted to the commission by the proposing agent or thirty days after April 15, 2001, for boundary changes or unincorporated area proposals which are pending on June 27, 2000. The plan of intent shall address the criteria set forth in subsection 3 of this section. For the purposes of this subsection, the term "pending" means any proposal submitted to the commission which has not yet been approved by the commission as a simplified annexation or approved for submission to the qualified voters of the voting jurisdictions. No simplified boundary change involving territory already described in an annexation resolution or incorporation petition filed with the commission shall occur unless the annexation or incorporation proposal has been disapproved by the commission or defeated by voters. If more than one proposed change is received from the same proposing agency, the review of each additional proposed change shall begin not later than thirty days after the date that review was commenced for the next preceding proposed change or thirty days after receipt of the proposed changes were received by the commission; except that, if more than one proposed change is received by the commission from the same proposing agency on the same date, the commission may establish the order of review.

2. When a boundary change proposal has been submitted to the commission, the commission shall, within twenty-one days of receipt of such proposal, publish notice of such proposal and the date of the public hearing thereon in at least one newspaper of general circulation qualified to publish legal notices. Within twenty-one days of receipt of such proposal, the commission shall also mail written notification of such proposal and public hearing date to the county clerk, and to the city or village clerk of each municipality or village, and to any other political subdivision which, in the opinion of the commission, is materially affected by the proposal. The costs of publication and notification shall be borne by the proposing agent. The commission shall hold such public hearing concerning the proposal not less than fourteen nor more than sixty days after such publication and notification are complete. At such public hearing, the county, the proposing agent and affected municipalities shall be parties, and any other interested person, corporation, or political subdivision may also present evidence regarding the proposed boundary change. A boundary change proposal which has been disapproved by the commission and which is resubmitted with changes to the commission shall be subject to the public hearing requirement of this section, unless the commission determines that a public hearing on the resubmitted proposal is not necessary to achieve the objectives of sections 72.400 to 72.423.

3. In reviewing any proposed boundary change, the commission shall approve such proposal if it finds that the boundary change will be in the best interest of the municipality or municipalities and unincorporated territories affected by the proposal and the areas of the county next to such proposed boundary. In making its determination, the commission shall consider the following factors:

(1) The impact, including but not limited to the impact on the tax base or on the ability to raise revenue, of such proposal on:

(a) The area subject to the proposed boundary change and its residents;

(b) The existing municipality or municipalities, if any, proposing the boundary change and the residents thereof;

(c) Adjoining areas not involved in the boundary change and the residents thereof; and

(d) The entire geographic area of the county and its residents;

(2) A legal description of the area to be annexed, incorporated, consolidated, or subject to the transfer of jurisdiction;

(3) The creation of logical and reasonable municipal boundaries in the county, and for such purpose the commission shall have the ability to make additions, deletions and modifications which address legal boundaries, technical or service delivery problems or boundaries which overlap those of other proposals; however, such additions, deletions and modifications shall not make substantial changes to any proposed boundary petition;

(4) The present level of major services provided by the municipality or other provider, provided to the unincorporated area by the county, and proposed to be provided by the annexing municipality or municipality to be incorporated or consolidated, including, but not limited to, police protection, fire protection, water and sewer systems, street maintenance, utility agreements, parks, recreation, and refuse collections;

(5) A proposed time schedule whereby the municipality or proposed municipality plans to provide such services to the residents of the area to be annexed, incorporated or consolidated within three years from the date the municipal boundary change is to become effective;

(6) The current tax rates of the areas subject to the proposal;

(7) What sources of revenue other than property tax are collected or are proposed to be collected by the municipality or proposed municipality;

(8) The extraordinary effect the boundary change will have on the distribution of tax resources in the county;

- (9) How the municipality or proposed municipality proposes to zone any area not presently incorporated;
- (10) The compactness of the area subject to such proposal;
- (11) When the proposed boundary change shall become effective.

4. The provisions of section 71.910 shall not apply to a proposing agent proceeding before the commission.

5. Nothing in sections 72.400 to 72.423 shall be construed to prevent the boundary commission or its staff from advising proposing agents on issues related to proposals. The commission may meet informally, subject to the requirements of chapter 610, with the representatives of municipalities, other government entities or county residents with regard to future boundary changes.]

[72.405. 1. For any proposed boundary change submitted after August 28, 1995, the commission shall issue a finding approving or disapproving such proposals within nine months after such submittal, except that final action may be deferred on part or all of a boundary change proposal when necessary to accommodate an overlapping boundary change or unincorporated area proposal as more particularly provided in subsection 10 of this section. If the commission finds in favor of a proposed boundary change, it shall submit the question to the voters residing within the areas subject to the proposed boundary change, except as provided in subsection 6 of this section.

2. If a boundary change is proposed by a municipality or the county and if the commission finds against the proposed boundary change submitted by a municipality or the county, it shall disapprove the boundary change proposal.

In disapproving any boundary change proposal, the commission shall issue a document indicating the reasons such proposal was disapproved. No election shall be held on any such proposal not approved by the commission.

3. If the boundary change is an incorporation proposed pursuant to a petition, the commission may make such changes in the proposal as it finds would result in an acceptable proposal, such changes to include but not be limited to additions, deletions or the modification of a proposal which contains boundaries which overlap those boundaries contained in any other proposal. After submittal, the commission may allow the proposing agent to make minor additions, deletions or modifications which do not substantially alter the proposal. When reviewing more than one boundary change proposal made by petition, the commission may consolidate two or more unincorporated areas into one proposed boundary change. Any changes made by the commission shall meet the criteria established pursuant to section 72.403.

4. Where a proposal submitted by a municipality, the county or by a petition, contains more than two voting jurisdictions, the commission may provide for approval of a boundary change comprising only those municipalities and unincorporated area where a majority of voters approve the boundary change if the resulting municipality would meet the criteria established pursuant to section 72.403.

5. If a boundary change is proposed by a municipality or the county and the commission determines that there is a minor error or discrepancy in the legal descriptions of the areas subject to the proposal as submitted by the municipality or county, then the commission with the concurrence of the proposing agent may make such changes to the proposal as are necessary to rectify the error in the legal description.

6. A simplified boundary change may be proposed by:

(1) A verified petition signed by seventy-five percent of the registered voters within the area proposed to be annexed which is predominately residential in character and has an average residential density of not less than one dwelling per three acres which is filed by the annexing municipality; or

(2) Two municipalities for a transfer of jurisdiction between them or a municipality and the county for a transfer of jurisdiction between a municipality and the county. Within twenty-one days of receipt of a proposal pursuant to this subsection, the commission shall publish notice of such proposal and the date of the public hearing thereon in at least one newspaper of general circulation qualified to publish legal notices. The commission shall, within twenty-one days of receipt of such proposal, mail written notification of such proposal and the date of the public hearing thereon to the county clerk, and to the city or village clerk of each municipality or village, and to any other political subdivision which, in the opinion of the commission, is materially affected by such proposal. The commission shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after such publication and notification is complete. At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed boundary change. Within four months of receipt of the proposal, the commission shall determine whether to disapprove the proposal, or to approve the proposal and allow it to proceed as an approved boundary change to be adopted or rejected by the voters pursuant to section 72.407, or to approve the proposal as a simplified boundary change, for which no vote shall be required, except that final action may be deferred on part or all of a simplified boundary change proposal when necessary to accommodate an overlapping boundary change or unincorporated area proposal as more particularly provided in subsection 10 of this section. In making its determination, the commission shall consider the factors set forth in subsection 3 of section

72.403. If the commission determines that the proposal should be approved as a simplified boundary change, such proposal shall become effective upon the date set forth in the commission's written report of approval.

7. A municipality which wishes to propose a boundary change containing two or more unincorporated areas that are noncontiguous to each other shall submit separate proposals for the unincorporated areas that are noncontiguous to each other, in which case there shall be a separate vote for each proposal approved by the commission. The municipality may:

(1) Adopt and submit separate ordinances for each such separate proposal; or  
 (2) Adopt and submit one ordinance containing said separate proposals, which ordinance shall clearly state that the municipality is making multiple, separate proposals, and is desirous of separate votes for each separate proposal. The ordinance shall also clearly identify each separate proposal that the municipality is making.

8. The commission shall not approve any boundary change proposal in which more than fifty percent of the combined land subject to the proposal is unincorporated territory or territories unless the area subject to the proposal has a population of more than ten thousand persons.

9. A proposing agent may modify its proposal and submit additional information during the review period.

10. The commission may defer final action on part or all of a boundary change proposal or proposal for an established unincorporated area beyond the periods provided for their consideration in order to allow an election with respect to an overlapping boundary change or unincorporated area proposal in order to maximize the ability of voters to determine their own status. Such deferral may be ordered only when the proposal granted such priority is filed with the commission no later than sixty days after the proposal on which action will be deferred and only when the commission determines that the population of the overlapping area is a greater proportion of the proposal given priority than of the proposal on which action is deferred. The commission shall take final action on the deferred proposal within forty-five days of the election at which the proposal granted priority is decided. The proposing agent may modify the proposal in accordance with the results of the election.]

[72.407. 1. Boundary changes may be adopted by the voters in the following manner:

(1) If the commission approves a proposed boundary change containing more than one municipality and no unincorporated areas, such proposal shall be adopted if a separate majority of the votes cast on the question in each municipality are in favor of the boundary change, except as provided in subsection 4 of section 72.405;

(2) If the commission approves a proposed boundary change containing one or more municipalities and at least one unincorporated area, such proposal shall be adopted if a separate majority of the votes cast on the question in each municipality and a separate majority of votes cast in each voting jurisdiction comprising unincorporated areas of the county are in favor of the boundary change, except as provided in subsection 4 of section 72.405. If a voting jurisdiction comprising unincorporated areas of the county has no residents or if no votes are cast for or against the boundary change, such boundary change shall become effective if a majority of the votes cast in all other voting jurisdictions and municipalities are in favor of the boundary change. If the commission approves a proposed boundary change containing one or more municipalities and at least one unincorporated area which is classified as an unincorporated pocket, such proposal shall be adopted if a separate majority of the votes cast on the question in each municipality and a majority of votes cast in the whole municipality which would result from the boundary change are in favor of the boundary change, except as provided in subsection 4 of section 72.405. As used in this subdivision, the term "unincorporated pocket" means an unincorporated territory with an average residential density in excess of one dwelling per three acres, which has a population of no more than five hundred, which is accessible by public or private roadway only from incorporated jurisdictions and/or another county, and which the commission has determined presents practical difficulties for service by the county by reason of its isolation.

2. Any election held pursuant to sections 72.400 to 72.423 shall be held on a date established by the commission in accordance with the provisions of chapter 115. If the proposing agent is a petitioner or the governing body of the county, all costs of the election shall be paid by the county. If the proposing agent is the governing body of any municipality, the cost of such election in each municipality shall be paid by each municipality and if the proposal contains any unincorporated territory the cost of the election in the unincorporated territory shall be paid by the county.

3. Questions concerning the annexation of an area covered by sections 72.400 to 72.423 and the incorporation of the same area shall not be put to the voters at the same election. Any such election where the questions of annexation and incorporation have been put to the voters shall be void in the area covered by both propositions. This subsection shall not affect the results of that election in areas where both questions were not put to the voters at the same time. When boundary change proposals for annexation and for incorporation cover the same area, the proposal for annexation shall be put to the voters first.]

[72.408. 1. If a boundary change is disapproved by the voters, no boundary change which contains more than sixty percent of the area of the disapproved boundary change shall be submitted to or processed by the commission any sooner than two years after the date of the disapproved boundary change.

2. Every petition shall be presented to the commission within two hundred eighty days following the date on which the first signature was affixed to the petition, or any part thereof, except that the period of time from June 14, 1999, to April 15, 2001, shall be excluded. Failure to present a petition within the foregoing time period shall render the petition absolutely void.]

[72.409. 1. If a proposed boundary change is approved by the voters, such proposal shall be effective six months following the date of the election or the date specified in such proposal, whichever date is later. Immediately following the certification of the election, the commission shall establish a committee to determine the details of the transition. The governing body of each affected municipality shall select two members and the governing body of the county in which each unincorporated territory is situated shall select two members from the affected unincorporated territory to meet with similar members appointed from other affected municipalities and the unincorporated territory. The committee shall disband no later than the date the boundary change becomes effective. The governing body of the county may delay declaring a newly incorporated municipality for a period not to exceed six months at the request of the boundary commission to provide for an orderly transition from unincorporated to incorporated status.

2. If a conflict shall exist between the provisions of sections 72.400 to 72.423 and the orders, ordinances or charters of any statutory or charter cities affected by sections 72.400 to 72.423, the provisions of sections 72.400 to 72.423 shall prevail.

3. If a boundary change involves an annexation, failure of the proposing agent to provide services to the area being annexed or to zone in compliance with the plan of intent required of the proposing agent within three years of the boundary change becoming effective, unless compliance is made unreasonable, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident who was residing in the area at the time the boundary change became effective.]

[72.412. 1. The commission, once established, shall not be a county commission but shall act as an independent commission. The commission may hire such staff and acquire such facilities as it finds necessary to carry out its duties.

2. The commission shall submit a budget requesting the funds necessary to carry out its duties pursuant to sections 72.400 to 72.423. The county shall appropriate and provide a reasonable and necessary level of funding for the commission to carry out its statutory duties. In addition, the county shall upon request provide petitioners with such available information as may be necessary to develop a plan of intent. Funding must provide for at least one professional staff person, one attorney or the equivalent funds for legal services, and clerical support for the professional staff and attorney. All salary levels shall be based upon the personnel system in use for county employees.

3. The commission shall provide by rule for an application fee for municipal annexations in the amount of one dollar per resident of the proposed annexation area to defray the commission's cost of processing and reviewing proposals.]

[72.414. If the approval of the boundary change creates a new municipality, the governing body of the county shall declare such municipality, designating in such order the metes and bounds thereof, and henceforth the inhabitants within such bounds shall be a body politic and incorporate, by the name and style of "the city of ....." and the first officers of such city shall be designated by the order of the governing body of the county, and they shall hold their offices until the next municipal election and until their successors shall be duly elected and qualified.]

[72.416. The county, an interested municipality, or any other interested party may bring an appropriate civil action against the commission regarding a proposed boundary change, unincorporated area proposal, or other commission action or failure to act. In any civil action brought against the commission regarding a proposed boundary change, if the commission prevails in the action, the court may require the party who initiated the action to pay to the commission the reasonable costs incurred by the commission in opposing the action, including attorney's fees.]

[72.420. 1. The provisions of this section shall apply to the consolidation of two or more cities, towns, villages, unincorporated areas, or any combination thereof, in any county with a charter form of government where fifty or more cities, towns and villages have been incorporated. If a boundary commission has been established pursuant to section 72.400, such proposal shall be submitted to the commission, but if no such commission has been established, consolidation of such areas shall be accomplished pursuant to this section. All municipalities and unincorporated areas which may be consolidated under the procedures established in this section must be contiguous to each other, so that if the consolidation is approved by the voters pursuant to subsections 7 to 9 of this section, there will be one municipality with all parts contiguous to at least one other portion of the new municipality.

2. Whenever a petition for consolidation containing the signatures of at least fifteen percent of the qualified voters of each municipality or unincorporated area, determined on the basis of the number of votes cast for governor at the last gubernatorial election held prior to the filing of the petition, is received by the governing body of the county, the governing body of the county shall submit the question of consolidation to the qualified voters of each municipality and unincorporated area named in the petition at the next state or county primary, general or special election. The petition need not contain signatures of qualified voters of a municipality if the governing body of such municipality adopts an ordinance approving the proposed consolidation which meets the requirements of subsection 5 of this section, and sends a copy of the ordinance to the governing body of the county in conjunction with the petition prescribed by this subsection.

3. A petition for consolidation shall contain the following:

- (1) The names of the municipalities and a description of any unincorporated area to be consolidated;
- (2) The proposed effective date of consolidation;
- (3) The number of votes cast in the last election in each municipality and unincorporated area; and
- (4) A statement that all signers are registered voters in the affected municipalities or unincorporated areas.

The petition may contain the form of government, the name of the municipality as consolidated and the details of transition, such as which officers will serve, which employees shall be retained, what taxes will be collected, what ordinances will be in effect and similar matters for the operation of the consolidated municipality until the new governing body provides otherwise.

4. All persons signing the petition for consolidation shall designate their address opposite their signatures, and such signatures shall be affixed before a person who shall certify, by affidavit acknowledged before a notary public, that such signatures were affixed in his presence.

5. Any ordinance approving a proposed consolidation shall contain the following:

- (1) The names of the municipalities and a description of any unincorporated area to be consolidated;
- (2) The proposed effective date of the consolidation;
- (3) The number of votes cast in the last election in that municipality. The ordinance may contain the form

of government, the name of the municipality as consolidated, and the details of transition prescribed in subsection 3 of this section.

6. The costs of an election held under this section shall be assessed proportionately to each municipality; however, when a voting jurisdiction is composed of unincorporated territory or territories, all costs of the election in such voting jurisdictions shall be paid proportionally by each municipality in the proposed consolidation. Proportional election costs paid under this section shall be assessed by charging each municipality the same percentage of the total cost of the election as the number of registered voters of the municipality on the day of the election is to the total number of registered voters on the day of the election, derived by adding together the number of registered voters in each municipality.

7. The question shall be submitted separately, but on the same date, to each municipality and unincorporated area described in the petition or ordinances filed pursuant to subsections 2 to 5 of this section. The question shall be submitted in substantially the following form:

Shall the municipalities of ..... (list all municipalities) be consolidated into one municipality?

YES                       NO

The consolidation shall only become effective if a separate majority of the votes cast on the proposal in each municipality and unincorporated area affected by such proposal are in favor of the consolidation. If the voters of any municipality or unincorporated area vote against such proposal, the consolidation shall not take effect, even if the voters of all other municipalities and unincorporated areas vote in favor of the proposal.

8. If a consolidation is approved by the voters, such proposal shall be effective six months following the date of the election or the date specified in such proposal, whichever date is later. Immediately following the certification of the election, the governing body of each affected municipality shall select two members and the governing body of the county in which each unincorporated territory is situated shall select two members from each

affected unincorporated territory to meet with similar members appointed from other affected municipalities and unincorporated territories in order to determine the details of the transition.

9. If the consolidation is approved, it shall create a new municipality, and the governing body of the county shall declare such municipality, designating in such order the metes and bounds thereof, and henceforth the inhabitants within such bounds shall be a body politic and incorporate, by the name and style of "the city of .....".]

[72.422. 1. Notwithstanding any other provision of sections 72.400 to 72.420 to the contrary, residents of an unincorporated area of a county may remain unincorporated and not subject to any boundary change pursuant to sections 72.400 to 72.420 if the following are satisfied:

- (1) The county petitions the boundary commission;
- (2) A legal description of the unincorporated area accompanies the petition. If there is a minor error or discrepancy in the legal description of the unincorporated area, the commission, with the concurrence of the county, may make such changes to the proposal as are necessary to rectify the error in the legal description;
- (3) The unincorporated area either contains a population of not less than two thousand five hundred or is contiguous with an existing established unincorporated area;
- (4) A plan of intent accompanies the petition addressing the issues to be considered by the commission.

2. When an unincorporated area proposal has been submitted to the commission, the commission shall, within twenty-one days of receipt of such proposal, publish notice of such proposal and the date of the public hearing thereon in at least one newspaper of general circulation qualified to publish legal notices. Within twenty-one days of receipt of such proposal, the commission shall also mail written notification of such proposal and public hearing date to the county clerk, and to the city or village clerk of each neighboring municipality or village, and to any other political subdivision which, in the opinion of the commission, is materially affected by the proposal. The costs of publication and notification shall be borne by the county. The commission shall hold such public hearing concerning the proposal not less than fourteen nor more than sixty days after such publication and notification are complete. At such public hearing, the county and any municipality with an overlapping map plan shall be parties, and any other interested person, corporation, or political subdivision may also present evidence regarding the unincorporated area proposal. An unincorporated area proposal which has been disapproved by the commission and which is resubmitted with changes to the commission shall be subject to the public hearing requirement of this section, unless the commission determines that a public hearing on the resubmitted proposal is not necessary to achieve the objectives of this section. The commission shall issue findings approving or disapproving such proposal within nine months after submittal, except that final action may be deferred on part or all of an unincorporated proposal when necessary to accommodate an overlapping boundary change proposal as more particularly provided in subsection 10 of section 72.405. The proposal shall be submitted at the next general or special election in accordance with the provisions of chapter 115. The cost of the election shall be paid by the county. If the proposal is approved by the voters then the area shall be an established unincorporated area and shall remain unincorporated territory for a period of five years from the date of the vote and shall not be subject to any boundary change pursuant to sections 72.400 to 72.420.

3. In reviewing any proposed unincorporated area proposal, the commission shall approve such proposal if it finds that continued provision of local services to the area by the county will not impose an unreasonable burden on county government and that such designation is in the best interest of the unincorporated territories affected by the proposal and the areas of the county next to such area. In making its determination, the commission shall consider the following factors:

(1) The impact, including but not limited to the impact on the tax base or on the ability to raise revenue, of such proposal on:

- (a) The area subject to the proposed established unincorporated area and its residents;
  - (b) Adjoining areas not involved in the proposed established area and the residents thereof; and
  - (c) The entire geographic area of the county and its residents;
- (2) A legal description of the unincorporated area;
- (3) The creation of logical and reasonable municipal boundaries in the county, and for such purpose the commission shall have the ability to make additions, deletions and modifications which address legal boundaries, technical or service delivery problems or boundaries which overlap those of other proposals; however, such additions, deletions and modifications shall not make substantial changes to any proposed unincorporated area proposal;

(4) Whether approval of the unincorporated area proposal will result in unreasonable difficulty in provision of services by the county;

(5) The effect approval of the established unincorporated area will have on the distribution of tax resources in the county;

(6) The compactness of the area subject to such proposal.

4. After approval by the voters of an unincorporated area proposal, no boundary change affecting any part of such area shall be proposed to the commission until expiration of the area's status as an established unincorporated area, but map plans affecting the area may be filed during the planning period pursuant to section 72.423. If no map plan of a boundary change proposal with respect to an established unincorporated area has been submitted during the most recent planning period pursuant to section 72.423, the commission shall commence review of the circumstances of such established unincorporated area six months prior to its expiration, and shall submit reauthorization of such unincorporated area to the voters if the commission determines that its circumstances have not materially changed since it was approved.]

[72.423. 1. In any county in which a boundary commission has been established pursuant to section 72.400, all boundary changes and unincorporated area proposals shall be subject to the five-year planning cycle mandated in this section. No municipality nor other person shall file, nor shall the commission accept or review, any boundary change or unincorporated area proposal which has not previously been submitted to the commission for map plan review and comment as provided in this section, except that consolidations of municipalities and transfers of jurisdiction pursuant to subdivision (2) of subsection 6 of section 72.405 may be sought at any time without prior submission for map plan review and comment as provided in this section.

2. Between January 1, 2000, and July 1, 2000, and between January first and July first of each sixth year thereafter, each municipality, the county, and any citizen group may present general maps of proposed boundary changes and proposed established unincorporated areas to the commission for map plan review. Proposed incorporations and unincorporated areas, if not submitted by the county, shall be submitted by petition of no less than five percent of the registered voters within the proposed area. Boundary change and unincorporated area maps shall not be accompanied by a plan of intent, but shall be depicted with sufficient detail and accuracy to permit review and comment.

3. Between August 1, 2000, and December 31, 2000, and each sixth year thereafter, the commission shall solicit written comments on all boundary change and established unincorporated area map plans and shall hold informational public hearings in or near the affected areas, at which the county, any municipality, or other interested person shall be heard. The commission may encourage negotiation between parties involved in competing map plans. Map plans may be amended by the submitting parties until April fifteenth of the year following map plan submission based on negotiation or based on the hearings or other comments, but no such amendment shall enlarge the boundary change or unincorporated area map plan beyond the area originally submitted, except for minor technical amendments necessary to address boundary issues.

4. The commission may by April first of the year following map plan submission issue written comments regarding each boundary change and unincorporated area map plan to notify proponents of the merits or demerits of such map plan based on planning and public policy considerations. The map plan as submitted or as amended by April fifteenth shall remain on file with the commission, and shall be the limit of permissible boundary changes and unincorporated area proposals as provided in subsection 1 of this section.

5. Proposals shall be submitted to the commission no later than July first of the third year following conclusion of map plan review. Any proposal which has not been approved by the commission by January first of the next review period year as provided in subsection 2 of this section shall expire without further action.]
