

HB 720 -- CONTROLLED SUBSTANCES PRESCRIBED BY ADVANCED PRACTICE REGISTERED NURSES

SPONSOR: Redmon

This bill allows advanced practice registered nurses (APRNs) to prescribe controlled substances listed in Schedule II of Section 195.017, RSMo. Currently, Schedule III narcotic controlled substance prescriptions written by an APRN must be limited to a 120 hour supply without refill. This bill removes Schedule III from these provisions and adds Schedule II.
