

HB 1219 -- FIREARMS

SPONSOR: Redmon

This bill allows local sheriff's offices to collect fees in addition to the \$100 permit fee for a concealed carry permit if these fees are necessary to pay for local, state, or federal fees charged to the sheriff's office for services related to permit processing such as criminal background checks. Any additional fees used to pay other political subdivisions will be segregated in a separate account and will not revert to any revolving fund or to the General Revenue Fund.
