

JOURNAL OF THE HOUSE

VETO SESSION

Second Regular Session, 98th GENERAL ASSEMBLY

WEDNESDAY, SEPTEMBER 14, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

Hear my prayer, O Lord, and give ear to my supplications. (Psalm 143)

We thank You, O Lord, for this moment of prayer when we once again turn our attention to You and in all sincerity of mind and heart receive the guidance of Your powerful inspiration during this Veto Session.

Let not the glory of this day, nor the glow of good health, nor the glamour of our position blind us to the seriousness of our tasks and deceive us into thinking that we can depend upon ourselves alone. All we are and all we have is a trust, O Lord, from You. Help us to be wise stewards of Your gifts and to use them for Your glory and to make more secure the freedoms and responsibilities of our state.

This is also a time to say goodbye. We have members who will be leaving the People's House, some by term limits or by personal choice, others by political promotion or by election results. We are grateful for the time spent together in this venerable chamber, where history was made, the people were served, and friendships were formed. We will never forget the great deeds accomplished here nor the sacrifices made personally or politically for the good of our citizens and the glory of this House.

Finally, bless these Representatives today with Your gracious favor, our people with the fruits of Your loving spirit, and all of us together with the faith in democracy that never falters and never fails despite human weaknesses.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

LETTERS OF RESIGNATION

August 12, 2016

His Excellency Jeremiah "Jay" W. Nixon
The Honorable Governor of Missouri
Missouri State Capitol, Room 216
201 West Capitol Avenue
Jefferson City, MO 65101

Dear Governor:

In accordance with the provisions of the Constitution and the Revised Statutes of the State of Missouri, I write this letter to inform you that I am resigning my position as State Representative for the 107th District, effective at 11:59 p.m. this night, Friday, August 12, 2016. It has been an honor and privilege to serve the people of the 107th District and the citizens of Missouri. I am proud of what I have been able to accomplish on their behalf and equally proud of the reputation I have earned as someone who always puts the interests of his constituents first.

Thank you.

Respectfully submitted,

/s/ Ron Hicks
Missouri State Representative - District 107

August 19, 2016

The Honorable Jeremiah W. "Jay" Nixon
P.O. Box 720
Jefferson City, MO 65102

Dear Governor Nixon,

After careful consideration, I respectfully resign my position as State Representative for the 141st District, effective at 12 o'clock noon on August 19, 2016.

It has been a great privilege to serve as state representative. I hope that over the last eight years, I have been able to give back just a portion of the kindness that the people of Missouri have shown to me. It has been an honor to serve the great people of the 141st District and work with some really great people I served with on both sides of the aisle in the Missouri House. The many friends I have made while serving in the General Assembly has made this all worthwhile.

I will continue to work with and ensure a smooth transition for my replacement who I know to be a capable person and a lady of Integrity and Character who will do a great job representing the people of the 141st District.

Sincerely,

/s/ Representative Tony Dugger
District 141

MESSAGES FROM THE GOVERNOR

July 8, 2016

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1414** entitled:

“AN ACT”

To amend chapters 261 and 267, RSMo, by adding thereto two new sections relating to agricultural data disclosure.

I disapprove of Senate Committee Substitute for House Bill No. 1414. The reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 1414 (House Bill No. 1414) would bar from public disclosure an expansive list of information provided to government agencies by agricultural producers and owners of agricultural land. This veil of secrecy would apply to broad categories of information and data relating to an agricultural operation, farming or conservation practices, environmental or production data, and details on land and farm assets that is received by a government agency in its administration of a myriad of programs, the full extent of which is not defined in the legislation. The implementation and decision-making involved in government programs should be accomplished in an open and transparent manner with limitations on disclosure being narrowly tailored. House Bill No. 1414 would starkly swing the pendulum against the public’s right to access information needed to evaluate the expenditures of tax dollars by government agencies and does not receive my approval.

House Bill No. 1414 would shield information and data submitted to a government agency “in connection with such [agricultural] producer or owner’s voluntary participation in a program...” The term “program” is not defined in House Bill No. 1414 and the only limitation in its breadth can be found in the use of the term “voluntary participation.” As a result, sweeping amounts of information submitted to government agencies by agricultural interests relating to government programs that are “not compulsory” would be blocked from the public. To illustrate the extreme reach of this bar to disclosure, the government agency receiving the information would be prohibited from sharing the information with employees within the same agency except under limited circumstances laid out in the legislation.

While it is deeply troubling that the General Assembly would erect such a comprehensive barrier to the public having access to information used by its government in the administration of programs funded by the taxpayers, it is particularly offensive that this blanket of secrecy would apply to information submitted to programs that involve the awarding of public funds. For instance, the state’s Soil and Water Program awards millions of dollars each year to agricultural interests for a variety of projects. Participation in this program is clearly “voluntary” and, under House Bill No. 1414, information and data submitted by an applicant for an award under the Soil and Water Program would “not be considered a public record and [would] not be subject to disclosure under chapter 610.” This is just a single example of the abusive reach of this ill-conceived legislation.

Government must be open and transparent to its citizens. House Bill No. 1414 is an odious effort to shield from our residents otherwise public records relating to various taxpayer funded programs and, in some instances, used by government agencies to award taxpayer funds and will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1414** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432** entitled:

“AN ACT”

To amend chapter 105, RSMo, by adding thereto one new section relating to administrative leave.

I disapprove of Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432 (House Bill No. 1432). My reasons for disapproval are as follows:

House Bill No. 1432 would make significant changes to the process applicable when an employee of the state or a school district is placed on paid administrative leave. The legislation would mandate new notice requirements and pre-determination hearings that, in many instances, are not currently required, and would result in confusing, inconsistent or redundant procedures and encourage additional costly litigation. House Bill No. 1432 will make it more difficult for employers to take disciplinary action against employees that have engaged in malfeasance and will not receive my approval.

House Bill No. 1432 would apply a one-size-fits-all approach to employees on paid administrative leave despite important legal distinctions based on employee’s status as a merit employee, at-will employee, “at the pleasure” employee, or employee subject to a particular process or procedure by contract or otherwise. Currently, many employees are not entitled to such a hearing, and are instead limited to appeal rights post-determination. Moreover, some employees, such as those that serve “at the pleasure,” are generally not even entitled to appeal rights. Yet, all of those employees would be entitled to new procedural rights if House Bill No. 1432 became effective, even if their negotiated labor or employment contract does not include those rights.

Public entities have no incentive to maintain an employee on paid administrative leave longer than is necessary to gather the facts and make a determination on the employee’s future status.

The problems created by imposing arbitrary deadlines would be compounded by the mandate of a pre-determination hearing that, if held prematurely, could result in the retention of an undeserving employee simply because the necessary evidence could not be developed within the time constraints contained in House Bill No. 1432. This mandatory rush to a pre-determination hearing would make efforts to fairly evaluate an employee’s conduct and, where appropriate, hold that employee accountable more difficult and would likely lead to costly litigation.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1432** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1474** entitled:

“AN ACT”

To repeal section 130.026 as enacted by senate bill no. 844, ninety-fifth general assembly, second regular session, section 130.026 as enacted by senate bill no. 262, eighty-eighth general assembly, first regular session, section 130.057 as enacted by senate bill no. 844, ninety-fifth general assembly, second regular session, and section 130.057 as enacted by house bill no. 676 merged with senate bills nos. 31 & 285, ninety-second general assembly, first regular session, and to enact in lieu thereof two new sections relating to the requirement of filing certain disclosure reports in an electronic format with the Missouri ethics commission.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1474. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1474 would streamline and modernize campaign finance filing requirements to ensure transparency for the public and convenience for candidates. With my action today to enact Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 786 this worthwhile provision will become law, with a delayed effective date of January 1, 2017.

Senate Committee Substitute for House Committee Substitute for House Bill No. 1474 does not receive my approval because its August 28, 2016 effective date would occur during the current election cycle. The January 1, 2017 effective date in Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Bill No. 786 will provide sufficient time for the Missouri Ethics Commission to implement these changes and prevent confusion among candidates who have already filed under existing law for the current election cycle.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1474** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1631** (House Bill No. 1631) entitled:

“AN ACT”

To repeal section 115.427, RSMo, and to enact in lieu thereof one new section relating to elections, with a contingent effective date.

I disapprove of House Bill No. 1631. My reasons for disapproval are as follows:

House Bill No. 1631 would require an individual to present a non-expired, state or federal government-issued photo identification in order to vote. Like a similar bill I vetoed in 2011, House Bill No. 1631 would disproportionately impact senior citizens, persons with disabilities, and other individuals who have been lawfully voting since becoming eligible, but do not have the kind of government-issued photo ID that would qualify under House Bill No. 1631. This legislation is such an affront to Missourians' fundamental right to vote that it requires that our Constitution be amended for its voter suppression provisions to become effective. Making voting more difficult for qualified voters and disenfranchising certain classes of people is wrong. I will oppose the constitutional amendment in November and I oppose House Bill No. 1631.

Missouri law already requires that voters provide election authorities with a form of identification in order to vote at the polls. House Bill No. 1631 would erect needless obstacles to voting by requiring that individuals provide election authorities with a non-expired, state or federal government-issued photo ID. A voter with a form of ID allowed under current law would only be permitted to cast a ballot under House Bill No. 1631 if they sign a statement under penalty of perjury that, among other things, requires them to explain why they lack a qualifying government-issued photo ID. The bill would also authorize election authorities to take a picture of voters who appear at the polls without the qualifying ID.

As a result, an elderly person with an expired driver's license would only be allowed to cast a regular ballot if they sign a statement under penalty of perjury, and wait in a separate line to have their picture taken. The same would be true for a person with a disability that prevented them from easily acquiring the specific ID required under the bill. To that extent, House Bill No. 1631 would needlessly cast suspicion on the elderly, disabled, and other individuals who, for a myriad of reasons, do not have the type of government-issued photo ID required under the bill. And, while House Bill No. 1631 ostensibly requires that qualifying IDs and certain supporting documents be provided by state agencies free-of-charge, the bill does nothing to alleviate the time and expense required of Missourians to acquire a qualifying ID. Individuals who do not have a copy of their birth certificate or other necessary documents would still be required to expend their time and resources to obtain those records in order to obtain the qualifying government-issued photo ID.

Importantly, House Bill No. 1631 purports to solve a problem which does not exist. Missouri already has strong protections in place to prevent voter fraud, and voter impersonation fraud is an extremely rare occurrence. Due to the clear and overwhelming evidence that photo ID requirements are not necessary, the proliferation of these laws is widely understood to be motivated by an attempt to suppress turnout among certain classes of voters. Indeed, research has shown that, when controlling for other factors, photo ID requirements have a negative impact on turnout among racial and ethnic minorities.

Voting is the foundation of our democracy. By casting a ballot, citizens make their voices heard and hold their elected officials accountable. And the more citizens participate in our democracy by going to the polls, the stronger our democracy is. Putting additional and unwarranted barriers between citizens and their ability to vote is wrong and detrimental to our system of government as a whole.

House Bill No. 1631 has the same photo ID requirement that failed to gain my approval in 2011 because it would discourage registered voters who have been voting lawfully their entire adult lives from going to the polls. Disenfranchising voters is unacceptable and will not receive my approval.

In accordance with the above stated reasons for disapproving, I am returning **Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 1631** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill 1713** entitled:

“AN ACT”

To repeal sections 256.437, 256.438, 256.439, 256.440, 256.443, and 644.021, RSMo, and to enact in lieu thereof nine new sections relating to the regulation of water systems, with an emergency clause for a certain section.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1713. The reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1713 (House Bill No. 1713) would shift the balance of power on the Missouri Clean Water Commission away from the public interest and in favor of regulated interests. Specifically, a provision inserted late in the legislative process, and without public hearing, would change the commission membership requirements by eliminating the minimum number of public representatives that are currently mandated, and would allow the commission to operate with no public members. Decreasing the public’s voice on this commission that has been involved in overseeing our state’s water quality for over 40 years is wrong and cannot receive my support.

Current law requires that four of the seven commission members represent the interests of the public and one member represent publicly owned wastewater treatment works. The remaining two members represent the needs of agriculture, industry or mining. House Bill No. 1713, however, would eliminate the requirement that public representatives comprise four members of the commission. With these changes, the seven member Clean Water Commission could consist of six members from agriculture, industry or mining, and one member representing publicly owned wastewater treatment works. As a result, no members representing the interests of the public would be required. This change would effectively pave the way for regulated interests to seize control of the commission and would eliminate the public’s voice in the water quality control efforts under the purview of the commission.

Robust public engagement is a critical component of protecting Missouri’s water quality. While there are several worthwhile provisions in House Bill No. 1713 that will become law with my signature of Senate Substitute for House Committee Substitute for House Bill No. 1717, the change to the Missouri Clean Water Commission membership is a blatant attempt to limit public oversight in favor of regulated interests and, for that reason, House Bill No. 1713 cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1713** without my approval.

Herewith I return to you **Senate Substitute for House Bill No. 1733** entitled:

“AN ACT”

To repeal sections 301.067, 302.276, 304.022, 304.044, 304.170, and 307.175, RSMo, section 577.060 as enacted by senate bill no. 491, ninety-seventh general assembly, second regular session, and section 577.060 as enacted by house bill no. 3, eighty-fifth general assembly, first extraordinary session, and to enact in lieu thereof eight new sections relating to the regulation of vehicles, with penalty provisions.

I disapprove of Senate Substitute for House Bill No. 1733 (House Bill No. 1733). My reasons for disapproval are as follows:

House Bill No. 1733 contains a variety of provisions relating to motor vehicles some of which will become law by my action on other legislation. However, two provisions in House Bill No. 1733 would make our roadways less safe and will not receive my approval. The first provision would authorize contractors and subcontractors of the Department of Transportation to display emergency lights and is similar, but not identical to, a provision in Senate Bill No. 732. Because the language in House Bill No. 1733 would allow these transportation vehicles to display red and blue lights, colors normally associated with public safety vehicles, the legislation could create danger and confusion to the motoring public and will not receive my approval.

Under current law, motorists are directed to take caution when approaching a vehicle owned by the Department of Transportation displaying amber and white lights. The obvious purpose behind this law is to protect highway workers. The intent of both House Bill No. 1733 and Senate Bill No. 732 is to extend these protections by allowing contractors and subcontractors of the Department of Transportation to similarly display lights on their vehicles while performing work for the department. While Senate Bill No. 732 would allow the use of amber and white lights on these additional vehicles, House Bill No. 1733 would also authorize vehicles of the Department of Transportation as well as their contractors and subcontractors the option of displaying red and blue lights.

Red and blue lights are used by emergency vehicles such as police cars and fire apparatus. Permitting transportation vehicles to also display red and blue lights will cause motorists needless confusion. Adequate protection is afforded by the displaying of amber and white lights and Senate Bill No. 732 will extend that protection to contractors and subcontractors of the Department of Transportation. As a result, the broader lighting options contained in House Bill No. 1733 are not necessary and the legislation does not receive my approval.

A second provision would establish a pilot program for testing automated long-haul trucks – referred to as “platooning” or connected vehicle technology – on Missouri highways. Connected vehicle technology allows multiple long-haul trucks to travel in tandem, with less than fifty feet separation, using wireless and radar-based technology to synchronize the braking and acceleration of the two “platooned” trucks. Automated driving technology has advanced significantly within the last several years; however, the long-term safety and reliability of this technology remains unproven. That fact was tragically highlighted with the recent fatality involving a self-driving passenger vehicle. The risks associated with automated vehicles are even greater considering the size of long-haul trucks and the catastrophic damage that could occur if the technology failed. Using Missouri highways as a testing ground for long-haul trucks to deploy this unproven technology is simply a risk not worth taking at this time.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for House Bill No. 1733** without my approval.

Herewith I return to you **House Bill No. 1870** entitled:

“AN ACT”

To repeal sections 1.310, 94.360, 143.121, 143.173, and 285.530, RSMo, and to enact in lieu thereof five new sections relating to the collecting of money by public entities.

I disapprove of House Bill No. 1870. My reasons for disapproval are as follows:

At a time when many believe that not enough is being done to address illegal immigration, House Bill No. 1870 would take Missouri backwards by undoing an important safeguard currently in place and widely used to verify the legal status of employees and applicants for employment.

In 2008, Missouri passed commonsense legislation to crack down on the use of illegal workers by Missouri businesses. House Bill No. 1549 (2008) made it unlawful for a business entity to “knowingly employ, hire for employment, or continue to employ an unauthorized alien to perform work within the state of Missouri.” The legislation further required the use of the E-Verify system, which allows an employer to quickly determine the legal status of an employee or applicant for employment, prior to a business being awarded certain contracts or grants from the state or a political subdivision or receiving any state-administered tax credit, tax abatement or subsidized loan. It is a system that has been used by thousands of employers across Missouri to verify the legal status of their employees and prospective employees. Now, just a few years later, the General Assembly would abandon these principles by allowing an employer to avoid this important safeguard against the employment of undocumented workers if the use of E-Verify, which is offered free of charge, “would result in a substantial difficulty or expense on such business entity.” The current law is sound public policy, protects taxpayer dollars, and should remain the law of Missouri.

E-Verify is an internet-based system operated by the United States Citizenship and Immigration Services in partnership with the Social Security Administration and is offered to employers at no charge. The system is easy to use and quickly informs the employer of an individual’s employment eligibility. There is nothing challenging or costly about E-Verify that would cause “substantial difficulty or expense” to an employer and any argument to the contrary is frivolous. The E-Verify system protects taxpayers against their tax dollars flowing to businesses that employ unauthorized aliens and efforts, such as House Bill 1870, that would relieve a business seeking public funds from this obligation is profoundly poor public policy.

Government contracts, tax credits and other taxpayer subsidies must not be awarded to businesses that employ illegal workers and the General Assembly’s effort to weaken existing safeguards through passage of House Bill No. 1870 will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1870** without my approval.

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1976** entitled:

“AN ACT”

To repeal sections 304.154, 385.200, 385.206, 385.300, and 385.306, RSMo, and to enact in lieu thereof seven new sections relating to motor vehicle services, with penalty provisions.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 1976 (House Bill No. 1976). My reasons for disapproval are as follows:

House Bill No. 1976 would make several changes to existing law relating to motor vehicle extended service contracts including expanding coverage for tire replacement, minor repairs related to dents, chips, or cracks, replacement of motor vehicle keys, and other services approved by the Director of Insurance. While these changes are intended to benefit consumers who purchase extended service contracts by offering more protection, another provision in House Bill No. 1976 harms consumers who cancel their contract.

Under current law, Missouri consumers are required to receive a full refund if they cancel the contract during the initial “free look” period, which is 20 days from the time the contract is issued or mailed, provided that no claims have been made under the contract. House Bill No. 1976 would eliminate that requirement by allowing contract providers the option of crediting the account of a contract holder instead of paying the refund directly to the consumer. For consumers who have no other business with that contract provider, the credit would be unusable and therefore meaningless. Replacing the mandate to directly refund the money with the option of crediting an account is unnecessary, unfair to consumers, and contrary to the intent of the law it seeks to expand, which is to protect consumers from abusive practices by the motor vehicle extended service contract industry. Extended service contracts offer consumers peace of mind. However, House Bill No. 1976 undermines an important right under existing law by allowing contract providers to avoid paying refunds directly to consumers who decide to cancel the contract. I cannot approve of legislation that seeks to eviscerate this critical consumer protection.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1976** without my approval.

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 2030** entitled:

“AN ACT”

To amend chapter 135, RSMo, by adding thereto one new section relating to tax deductions for employee stock ownership plans.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill No. 2030. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 2030 would create new income tax deductions for capital gains realized from the sale or exchange of employer securities in an employee stock ownership plan (ESOP) that are estimated to reduce general revenue collections by as much as \$10.3 million annually. Senate Committee Substitute for House Committee Substitute for House Bill No. 2030 is a costly solution in search of a problem.

More and more businesses are choosing to become ESOP companies for a variety of different business reasons. Proponents indicate that businesses with ESOPs are more profitable, grow faster, and are better in recessions. In Missouri, there are over 8,000 employee owners currently. Between 2002 and 2012, the number of participants in S-Corp ESOPs increased by 165%, reaching a historic high of over 600,000 nationwide.

A myriad of tax benefits are already afforded to ESOP companies and their participants. Under current federal law, contributions of cash and stock to the ESOP are tax deductible; contributions used to repay loans taken out by the ESOP to buy company stock are tax deductible; dividends are tax deductible; employees pay no tax on the contributions to the ESOP; for an S-Corporation, the percentage of ownership held by the ESOP is not subject to income tax; and sellers in a C-Corporation can receive a tax deferral.

Which begs the question, why create yet another preferential tax treatment for an activity that is already growing in its frequency? In a fiscal environment in which necessary state services such as education, mental health, transportation and public safety continue to compete for limited resources, it is irresponsible to forgo millions of dollars in revenue to provide special tax treatment for something that Missouri businesses are already opting to do.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 2030** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 2237** entitled:

“AN ACT”

To repeal sections 49.098 and 262.590, RSMo, and to enact in lieu thereof two new sections relating to University of Missouri extension councils.

I disapprove of House Bill No. 2237. My reasons for disapproval are as follows:

House Bill No. 2237 would create significantly more problems than the narrow issue it seeks to solve. The bill is intended to clarify that county commissioners, who serve on various boards as the commission representative, are allowed to vote on funding requests made by those boards to the county commission. While that makes sense, the language in House Bill No. 2237 does not. Instead of simply clarifying that a commissioner’s role on a board is not an automatic disqualification for voting on that particular board’s funding request, this poorly drafted legislation would render meaningless the entire body of law dealing with financial conflict of interests applicable to county commissioners. This sledgehammer approach to legislative drafting to address a very specific issue will create significant unintended consequences and cannot receive my support.

Missouri statutes contain numerous prohibitions that prevent elected and appointed officials, including county commissioners, from receiving any personal financial gain from their official duties. For example, a county commissioner cannot take part in a decision when the vote would provide them, their spouse, or dependent children a special monetary benefit which is not provided to everyone in the same class, nor can they use their decision-making authority to coerce another person to provide something of monetary value that would enrich the commissioner, their spouse or dependent children. See RSMo Sections 105.452; 105.454.

Yet, House Bill No. 2237 would apply notwithstanding all those laws and require a county commissioner who serves on any board as the commission representative to vote on “any funding request submitted to the county commission.” That mandate is not limited to only those funding requests submitted by the particular board that the commissioner is duty-bound to serve on but, based on the bill’s overly broad language, would require the commissioner to vote on “any funding request,” regardless of its origin. This obligation would apply even if the funding request would result in a personal financial gain to the commissioner or his or her immediate family. Indeed, the language in House Bill No. 2237 is mandatory and specifically applies “notwithstanding any provision of the law to the contrary” and would provide the county commissioner no ability to properly recuse from participation in a problematic vote.

The very specific issue that House Bill No. 2237 sought to address pales in comparison to the unintended consequences of invalidating all the conflict of interest laws prohibiting county commissioners from voting on funding requests that involve personal financial gain.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 2237** without my approval.

MESSAGES FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Jeremiah W. (Jay) Nixon.

PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly “whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in “equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly “when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based.”

NOW, THEREFORE, I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the Ninety-Eighth General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that the rate of expenditure for the appropriation lines in the fiscal year 2017 budget contained in Exhibit A attached hereto is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

I further notify the General Assembly, pursuant to Article IV, Section 27.3 of the Missouri Constitution, that, at the conclusion of fiscal year 2016, the appropriation lines in the fiscal year 2016 budget contained in Exhibit B attached hereto were permanently reduced as a result of actual revenues being less than the revenue estimates upon which the appropriations were based in the fiscal year 2016 budget.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 27th day of July, 2016.

/s/ Jeremiah W. (Jay) Nixon
Governor

Attest:

/s/ Jason Kander
Secretary of State

HOUSE RESOLUTIONS

Representative Cierpiot offered **HR 1**, which was read.

HOUSE RESOLUTION NO. 1

BE IT RESOLVED, that the Chief Clerk of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, inform the Governor and the Senate that the House is duly convened and is now in session in the 2016 Constitutional Veto Session and ready for consideration of business.

On motion of Representative Cierpiot, **HR 1** was adopted.

VETOED HOUSE BILLS

The Speaker read the following House Bill vetoed from the Second Regular Session:
SS#2 SCS HB 1631.

Representative Alferman moved that **SS#2 SCS HB 1631** be passed, the objections of the Governor thereto notwithstanding.

Representative Mitten raised a point of order that a member was in violation of Rule 84.

The Chair ruled the point of order not well taken.

Representative Cierpiot moved the previous question.
