

HB 2442 -- PERSONNEL ADVISORY BOARD

SPONSOR: Rowden

This bill authorizes any city, county, or city not within a county to create a personnel advisory board to review any corrective or disciplinary action concerning a law enforcement officer.

The board will hold an appellate hearing regarding any corrective or disciplinary actions against any law enforcement officer. The hearing will be private, unless the officer requests the hearing to be public. A public hearing requires a public notice of hearing 15 days prior to the hearing and the hearing must be open to public testimony and viewing. The findings and recommendations of the board must be submitted to the local governing body.

This bill is the same as HB 1295 (2015).
