

HJR 60 -- DAYLIGHT SAVING TIME

SPONSOR: Kelley

On the first Sunday in March, 2017, the last clock change in accordance with federal daylight saving time will occur and thereafter the state of Missouri will not recognize daylight saving time under 15 U.S.C. Section 260a for any public purpose or as the official time for Missouri. The bill will go into effect only if two adjacent states adopt the same or highly similar proposal.
