

JOURNAL OF THE HOUSE

First Regular Session, 99th GENERAL ASSEMBLY

SIXTY-SECOND DAY, WEDNESDAY, APRIL 26, 2017

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Be strong and of good courage, for it is the Lord your God who goes with you; He will not fail you nor forsake you. (Deuteronomy 31:6)

O Mighty God, who is acquainted with all our ways and who does love us in spite of our shortcomings, we pause in Your presence acknowledging our dependence upon You and offering once again the devotion of our hearts. Confronting problems too difficult for us to solve and face-to-face with fears that frustrate us, we come to You for wisdom to interpret the signs of this stressful time, for insight to see clearly the way we should take, and for strength to do what we ought to do for the good of our State in these final weeks.

May the blessing of Your spirit rest upon our Speaker and the men and women of the House of Representatives called to lead us in a day like this and all who work with them and for them. Give to them the assurance of Your guiding spirit and the feeling that in Your everlasting arms there is joy forever and ever.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Josh Talluto.

The Journal of the sixty-first day was approved as printed by the following vote:

"108.170. 1. Notwithstanding any other provisions of any law or charter to the contrary, any issue of bonds, notes, or other evidences of indebtedness, including bonds, notes, or other evidences of indebtedness payable solely from revenues derived from any revenue-producing facility, hereafter issued under any law of this state by any county, city, town, village, school district, educational institution, drainage district, levee district, nursing home district, hospital district, library district, road district, fire protection district, water supply district, sewer district, housing authority, land clearance for redevelopment authority, special authority created under section 64.920, authority created pursuant to the provisions of chapter 238, or other municipality, political subdivision or district of this state shall be negotiable, may be issued in bearer form or registered form with or without coupons to evidence interest payable thereon, may be issued in any denomination, and may bear interest at a rate not exceeding ten percent per annum, and may be sold, at any sale, at the best price obtainable, not less than ninety-five percent of the par value thereof, anything in any proceedings heretofore had authorizing such bonds, notes, or other evidence of indebtedness, or in any law of this state or charter provision to the contrary notwithstanding. Such issue of bonds,

notes, or other evidence of indebtedness may bear interest at a rate not exceeding fourteen percent per annum if sold at public sale after giving reasonable notice of such sale, at the best price obtainable, not less than ninety-five percent of the par value thereof; provided, that such bonds, notes, or other evidence of indebtedness may be sold to any agency or corporate or other instrumentality of the state of Missouri or of the federal government at private sale at a rate not exceeding fourteen percent per annum. **Any political subdivision that maintains a credit rating by a nationally recognized bond rating agency of A, AA, or AAA issuing more than ten million dollars debt in a calendar year shall issue such debt through a competitive process unless the political subdivision employs the services of a municipal advisor, at which point the political subdivision may use a negotiated or competitive process. A municipal advisor shall not be allowed to profit financially or otherwise, either directly or indirectly, from the underwriter of a negotiated bond issuance.**

2. Notwithstanding the provisions of subsection 1 of this section to the contrary, the sale of bonds, notes, or other evidence of indebtedness issued by the state board of public buildings created under section 8.010, the state board of fund commissioners created under section 33.300, any port authority created under section 68.010, the bi-state metropolitan development district authorized under section 70.370, any special business district created under section 71.790, any county, as defined in section 108.465, exercising the powers granted by sections 108.450 to 108.470, the industrial development board created under section 100.265, any planned industrial expansion authority created under section 100.320, the higher education loan authority created under section 173.360, the Missouri housing development commission created under section 215.020, the state environmental improvement and energy resources authority created under section 260.010, the agricultural and small business development authority created under section 348.020, any industrial development corporation created under section 349.035, or the health and educational facilities authority created under section 360.020 shall, with respect to the sales price, manner of sale and interest rate, be governed by the specific sections applicable to each of these entities.

3. **Any person who is engaged as a municipal advisor by a political corporation or subdivision with respect to a particular issue of securities shall be independent of the underwriter of that issue of securities. For the purposes of this section, "municipal advisor" shall mean a person registered as a municipal advisor under the rules of the United States Securities and Exchange Commission, and "independent" shall have the same meaning as defined by the rules of the United States Securities and Exchange Commission. In determining the individuals or entities that may serve as a municipal advisor, nothing in this section shall be construed to be more restrictive than the definition of a municipal advisor as established by the United States Securities and Exchange Commission.**

4. Notwithstanding other provisions of this section or other law, the sale of bonds, notes or other evidence of indebtedness issued by any housing authority created under section 99.040 may be sold at any sale, at the best price obtainable, not less than ninety-five percent of the par value thereof, and may bear interest at a rate not exceeding fourteen percent per annum. The sale shall be a public sale unless the issuing jurisdiction adopts a resolution setting forth clear justification why the sale should be a private sale except that private activity bonds may be sold either at public or private sale.

~~[4-]~~ 5. Notwithstanding other provisions of this section or law, industrial development revenue bonds may be sold at private sale and bear interest at a rate not exceeding fourteen percent per annum at the best price obtainable, not less than ninety-five percent of the par value thereof.

~~[5-]~~ 6. Notwithstanding other provisions in subsection 1 of this section to the contrary, revenue bonds issued for airport purposes by any constitutional charter city in this state which now has or may hereafter acquire a population of more than three hundred thousand but less than six hundred thousand inhabitants, according to the last federal decennial census, may bear interest at a rate not exceeding fourteen percent per annum if sold at public sale after giving reasonable notice, at the best price obtainable, not less than ninety-five percent of the par value thereof.

~~[6-]~~ 7. For purposes of the interest rate limitations set forth in this section, the interest rate on bonds, notes or other evidence of indebtedness described in this section means the rate at which the present value of the debt service payments on an issue of bonds, notes or other evidence of indebtedness, discounted to the date of issuance, equals the original price at which such bonds, notes or other evidence of indebtedness are sold by the issuer. Interest on bonds, notes or other evidence of indebtedness may be paid periodically at such times as shall be determined by the governing body of the issuer and may be compounded in accordance with section 408.080.

~~[7-]~~ 8. Notwithstanding any provision of law or charter to the contrary:

(1) Any entity referenced in subsection 1 or 2 of this section and any other political corporation of the state which entity or political corporation has an annual operating budget for the current year exceeding twenty-five million dollars may, in connection with managing the cost to such entity or political corporation of purchasing fuel,

electricity, natural gas, and other commodities used in the ordinary course of its lawful operations, enter into agreements providing for fixing the cost of such commodity, including without limitation agreements commonly referred to as hedges, futures, and options; provided that as of the date of such agreement, such entity or political corporation shall have complied with subdivision (3) of this subsection; and further provided that no eligible school, as defined in section 393.310, shall be authorized by this subsection to enter into such agreements in connection with the purchase of natural gas while the tariffs required under section 393.310 are in effect;

(a) As of the date of issuance of the bonds, notes, or other obligations to which such agreement relates, such entity or political corporation will have bonds, notes, or other obligations outstanding in an aggregate principal amount of at least fifty million dollars; and

(b) As of the date of such agreement, such entity's or political corporation's bonds, notes, or other obligations then outstanding or to be issued have received a stand-alone credit rating in one of the two highest categories, without regard to any gradation within such categories, from at least one nationally recognized credit rating agency, or such entity or political corporation has an issuer or general credit rating, in one of the two highest categories, without regard to any gradation within such categories, from at least one nationally recognized credit rating agency; and

(c) As of the date of such agreement, such entity or political corporation shall have complied with subdivision (3) of this subsection;

(3) Prior to entering into any agreements pursuant to subdivision (1) or (2) of this subsection, the governing body of the entity or political corporations entering into such agreements shall have adopted a written policy governing such agreements. Such policy shall be prepared by integrating the recommended practices published by the Government Finance Officers Association or comparable nationally recognized professional organization and shall provide guidance with respect to the permitted purposes, authorization process, mitigation of risk factors, ongoing oversight responsibilities, market disclosure, financial strategy, and any other factors in connection with such agreements determined to be relevant by the governing body of such entity or political corporation. Such entity or political corporation may enter into such agreements at such times and such agreements may contain such payment, security, default, remedy, and other terms and conditions as shall be consistent with the written policy adopted under this subdivision and as may be approved by the governing body of such entity or other obligated party, including any rating by any nationally recognized rating agency and any other criteria as may be appropriate;

(4) Nothing in this subsection shall be applied or interpreted to authorize any such entity or political corporation to enter into any such agreement for investment purposes or to diminish or alter the special or general power any such entity or political corporation may otherwise have under any other provisions of law including the special or general power of any interstate transportation authority.

9. The state treasurer shall make available to municipalities, political subdivisions, or districts listed under subsection 1 of this section relevant information regarding debt issuance and bidding processes, including best practices resources published by a national association of government finance officers on debt issuance, to aid such entities with the process of issuing debt and awarding bonds to the best bidder."; and

House Amendment No. 2

AMEND House Amendment No. 2 to House Committee Substitute for Senate Bill No. 111, Page 1, Line 8, by inserting after the word "**office.**" the following:

"135.963. 1. Improvements made to real property as such term is defined in section 137.010 which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. Improvements made to real property, as such term is defined in section 137.010, which are locally assessed and in a renewable energy generation zone designated as an enhanced enterprise zone, subsequent to the date such enhanced enterprise zone or expansion thereto was designated, may, upon approval of an authorizing resolution or ordinance by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof, if said political subdivision or municipality levies ad valorem taxes, for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years [following the date on which the original enhanced enterprise zone was designated by the department], **provided, however, that during the ten years prior to the expiration of an enhanced enterprise zone no exemption shall be granted for a period of more than ten years.**

House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 62, Page 8, Section 169.141, Line 33, by inserting after all of said line the following:

"169.324. 1. The annual service retirement allowance payable pursuant to section 169.320 shall be the retirant's number of years of creditable service multiplied by a percentage of the retirant's average final compensation, determined as follows:

(1) A retirant whose last employment as a regular employee ended prior to June 30, 1999, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(2) A retirant whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993;

(3) A retirant who was an active member of the retirement system at any time on or after June 30, 1999, and who either retires before January 1, 2014, or is a member of the retirement system on December 31, 2013, and remains a member continuously to retirement shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's final compensation;

(4) A retirant who becomes a member of the retirement system on or after January 1, 2014, including any retirant who was a member of the retirement system before January 1, 2014, but ceased to be a member for any reason other than retirement, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(5) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection, effective January 1, 1996, any retiree who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326. Any retiree who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326). Any beneficiary of a deceased retiree who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.331~~[, 169.580]~~ and 169.585, payment of a retiree's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system. **In addition to the conditions set forth above, the restrictions of this subsection shall also apply to any person retired and currently receiving a retirement allowance under sections 169.270 to 169.400, other than for disability, who is employed by a third party or is performing work as an independent contractor if the services performed by such person are provided to or for the benefit of any employer in the retirement system established under section 169.280. The retirement system may require the employer receiving such services, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided for in this subsection.** If a retiree is reemployed by any employer in any capacity, whether pursuant to this section, or section 169.331~~[, 169.580,]~~ or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average final annual compensation as of the second retirement date. The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirees eligible for such increase. A retiree shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retiree commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retiree's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the

valuation year, and first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the then applicable employer and member contribution rate as determined under subsection 4 of section 169.350;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retiree.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retiree pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.560. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity in a district included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the [employing] district's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the [employing] school district does not utilize a salary schedule, or if the position in question is not subject to the [employing] district's salary schedule, a retiree employed in accordance with the provisions of this section may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position in the [employing] school district that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such a district ~~[on a regular, full-time basis,]~~ **in excess of the limitations set forth in**

this section, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. **In addition, such person ~~and~~ shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this section shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work in a district included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the district, the third-party employer, the independent contractor, and the retiree subject to this section to provide documentation showing compliance with this section. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this section.**"; and

"104.1091. 1. Notwithstanding any provision of the year 2000 plan to the contrary, each person who first becomes an employee on or after January 1, 2011, shall be a member of the year 2000 plan subject to the provisions of this section.

2. A member's normal retirement eligibility shall be as follows:

(1) The member's attainment of at least age sixty-seven and the completion of at least ten years of credited service; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or, in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, such member's attainment of at least age sixty or the attainment of at least age fifty-five with ten years of credited service;

(2) For members of the general assembly, the member's attainment of at least age sixty-two and the completion of at least three full biennial assemblies; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety;

(3) For statewide elected officials, the official's attainment of at least age sixty-two and the completion of at least four years of credited service; or the official's attainment of at least age fifty-five with the sum of the official's age and credited service equaling at least ninety.

3. A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least ten years of credited service.

4. A temporary annuity paid pursuant to subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with ten years of credited service.

5. A member, other than a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, shall be eligible for an early retirement annuity upon the attainment of at least age sixty-two and the completion of at least ten years of credited service. A vested former member shall not be eligible for early retirement.

6. The provisions of subsection 6 of section 104.1021 and section 104.344 as applied pursuant to subsection 7 of section 104.1021 and section 104.1090 shall not apply to members covered by this section.

7. The minimum credited service requirements of five years contained in sections 104.1018, 104.1030, 104.1036, and 104.1051 shall be ten years for members covered by this section. The normal and early retirement eligibility requirements in this section shall apply for purposes of administering section 104.1087.

8. A member shall be required to contribute four percent of the member's pay to the retirement system, which shall stand to the member's credit in his or her individual account with the system, together with investment credits thereon, for purposes of funding retirement benefits payable under the year 2000 plan, subject to the following provisions:

(1) The state of Missouri employer, pursuant to the provisions of 26 U.S.C. Section 414(h)(2), shall pick up and pay the contributions that would otherwise be payable by the member under this section. The contributions so picked up shall be treated as employer contributions for purposes of determining the member's pay that is includable in the member's gross income for federal income tax purposes;

(2) Member contributions picked up by the employer shall be paid from the same source of funds used for the payment of pay to a member. A deduction shall be made from each member's pay equal to the amount of the member's contributions picked up by the employer. This deduction, however, shall not reduce the member's pay for purposes of computing benefits under the retirement system pursuant to this chapter;

(3) Member contributions so picked up shall be credited to a separate account within the member's individual account so that the amounts contributed pursuant to this section may be distinguished from the amounts contributed on an after-tax basis;

(4) The contributions, although designated as employee contributions, shall be paid by the employer in lieu of the contributions by the member. The member shall not have the option of choosing to receive the contributed amounts directly instead of having them paid by the employer to the retirement system;

(5) Interest shall be credited annually on June thirtieth based on the value in the account as of July first of the immediately preceding year at a rate of four percent. Effective June 30, 2014, and each June thirtieth thereafter, the interest crediting rate shall be equal to the investment rate that is published by the United States Department of Treasury, or its successor agency, for fifty-two week treasury bills for the relevant auction that is nearest to the preceding July first, or a successor treasury bill investment rate as approved by the board if the fifty-two week treasury bill is no longer issued. Interest credits shall cease upon termination of employment if the member is not a vested former member. Otherwise, interest credits shall cease upon retirement or death;

(6) A vested former member or a former member who is not vested may request a refund of his or her contributions and interest credited thereon. If such member is married at the time of such request, such request shall not be processed without consent from the spouse. Such member is not eligible to request a refund if such member's retirement benefit is subject to a division of benefit order pursuant to section 104.1051. Such refund shall be paid by the system after ninety days from the date of termination of employment or the request, whichever is later, and shall include all contributions made to any retirement plan administered by the system and interest credited thereon. A vested former member may not request a refund after such member becomes eligible for normal retirement. A vested former member or a former member who is not vested who receives a refund shall forfeit all the member's credited service and future rights to receive benefits from the system and shall not be eligible to receive any long-term disability benefits; provided that any member or vested former member receiving long-term disability benefits shall not be eligible for a refund. If such member subsequently becomes an employee and works continuously for at least one year, the credited service previously forfeited shall be restored if the member returns to the system the amount previously refunded plus interest at a rate established by the board;

(7) The beneficiary of any member who made contributions shall receive a refund upon the member's death equal to the amount, if any, of such contributions and interest credited thereon less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount, if any, of the member's contributions less any annuity amounts received by the member and the survivor or beneficiary.

9. The employee contribution rate, the benefits provided under the year 2000 plan to members covered under this section, and any other provision of the year 2000 plan with regard to members covered under this section may be altered, amended, increased, decreased, or repealed, but only with respect to services rendered by the member after the effective date of such alteration, amendment, increase, decrease, or repeal, or, with respect to interest credits, for periods of time after the effective date of such alteration, amendment, increase, decrease, or repeal.

10. For purposes of members covered by this section, the options under section 104.1027 shall be as follows:

Option 1. A retiree's life annuity shall be reduced to a certain percent of the annuity otherwise payable. Such percent shall be eighty-eight and one half percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of three-tenths of one percent for each year the retiree's age is younger than age sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of three-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of three-tenths of one percent for each year of age difference; provided, after all adjustments the option 1 percent cannot exceed ninety-four and one quarter percent. Upon the retiree's death, fifty percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Such percent shall be eighty-one percent adjusted as follows: if the retiree's age on the annuity starting date is younger than sixty-seven years, an increase of four-tenths of one percent for each year the retiree's age is younger than sixty-seven years; and if the beneficiary's age is younger than the retiree's age on the annuity starting date, a decrease of five-tenths of one percent for each year of age difference; and if the retiree's age is younger than the beneficiary's age on the annuity starting date, an increase of five-tenths of one percent for each year of age

difference; provided, after all adjustments the option 2 percent cannot exceed eighty-seven and three quarter percent. Upon the retiree's death one hundred percent of the retiree's reduced annuity shall be paid to such beneficiary who was the retiree's spouse on the annuity starting date or as otherwise provided by subsection 5 of this section.

Option 3. A retiree's life annuity shall be reduced to ninety-three percent of the annuity otherwise payable. If the retiree dies before having received one hundred twenty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred twenty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred twenty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

Option 4. A retiree's life annuity shall be reduced to eighty-six percent of the annuity otherwise payable. If the retiree dies before having received one hundred eighty monthly payments, the reduced annuity shall be continued for the remainder of the one hundred eighty-month period to the retiree's designated beneficiary provided that if there is no beneficiary surviving the retiree, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620. If the beneficiary survives the retiree but dies before receiving the remainder of such one hundred eighty monthly payments, the present value of the remaining annuity payments shall be paid as provided under subsection 3 of section 104.620.

11. The provisions of subsection 6 of section 104.1024 shall not apply to members covered by this section.

12. Effective January 1, 2018, a member who is not a statewide elected official or a member of the general assembly shall be eligible for retirement under this subsection subject to the following conditions:

(1) A member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least five years of credited service; or the member's attainment of at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or, in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, such member's attainment of at least age sixty or the attainment of at least age fifty-five with five years of credited service;

(2) A vested former member's normal retirement eligibility shall be based on the attainment of at least age sixty-seven and the completion of at least five years of credited service;

(3) A temporary annuity paid under subsection 4 of section 104.1024 shall be payable if the member has attained at least age fifty-five with the sum of the member's age and credited service equaling at least ninety; or, in the case of a member who is serving as a uniformed member of the highway patrol and subject to the mandatory retirement provisions of section 104.081, the temporary annuity shall be payable if the member has attained at least age sixty, or at least age fifty-five with five years of credited service;

House Amendment No. 5

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 62, Page 8, Section 169.141, Line 33, by inserting immediately after said section and line the following:

"169.460. 1. Any member may retire and receive a normal pension upon his **or her** written application to the board of trustees setting forth at what time not less than fifteen days nor more than one hundred eighty days subsequent to the execution and filing of such application he **or she** desires to be retired; provided, that the member at the time so specified for his **or her** retirement either (a) shall have attained age sixty-five or (b) shall have attained an age which when added to the number of years of credited service of such member shall total a sum not less than ~~[eighty-five]~~ **eighty**. For purposes of computing any member's age under this section, the board shall, if necessary, add to his **or her** actual age any accumulated and unused days of sick leave included in his **or her** credited service.

2. Upon retirement ~~[pursuant to]~~ **under** subsection 1 of this section, a member shall receive an annual pension payable in monthly installments **in the following manner:**

(1) A member hired prior to January 1, 2018, shall receive an annual pension payable in monthly installments equal to his or her number of years of credited service multiplied by two percent of his or her average final compensation subject to a maximum pension of sixty percent of his or her average final compensation[-]; or

(2) A member hired for the first time on or after January 1, 2018, shall receive an annual pension payable in monthly installments equal to his or her number of years of credited service multiplied by one and three-fourths percent of such member's average final compensation subject to a maximum pension of sixty percent of the member's average final compensation.

3. A member who is not eligible for normal pension pursuant to subsection 1 of this section but who has attained age sixty and has five or more years of credited service may make application in the same manner as pursuant to subsection 1 of this section for an early pension. His **or her** early pension shall be computed pursuant to subsection 2 of this section, but shall be reduced by five-ninths of one percent for each month such member's early retirement date precedes the earliest date he **or she** could have received a normal pension pursuant to subsection 1 of this section had his **or her** service continued.

4. Upon the written application of the member or of the employing board, any active member who has five or more years of credited service with such board and does not qualify for a normal pension pursuant to subsection 1 of this section may be retired by the board of trustees, not less than fifteen days and not more than one hundred eighty days next following the date of filing such application, and receive a disability pension, provided, that the medical board after a medical examination of such member or such member's medical records shall certify that such member is unable to further perform his **or her** duties due to mental or physical incapacity, and that such incapacity is likely to be permanent and that such member should be retired; or, provided the member furnishes evidence of the receipt of disability benefits under the federal Old Age, Survivors and Disability Insurance System of the Social Security Act. The determination of the board of trustees in the matter shall be final and conclusive. A member being retired pursuant to this subsection who has accumulated unused vacation and sick leave may elect to have the commencement of his **or her** disability pension deferred for more than one hundred eighty days during the period he **or she** is entitled to vacation and sick pay.

5. Upon retirement for disability, a member shall receive a disability pension until such time as he **or she** meets the requirements for a normal pension pursuant to subsection 1 of this section, at which time his **or her** disability pension will be deemed to be a normal pension. The member's disability pension shall be the larger of:

(1) A normal pension based on his **or her** credited service to the date of his **or her** retirement for disability and calculated as if he **or she** were age sixty-five; or

(2) One-fourth of his **or her** average final compensation; except that such benefit shall not exceed the normal pension which he **or she** would have received upon retirement if his **or her** service had continued and he **or she** had satisfied the eligibility requirements of subsection 1 of this section and had his **or her** final average compensation been unchanged.

6. Once each year during the first five years following retirement for disability and once in every three-year period thereafter while receiving a disability pension, the board of trustees may, and shall, require any member receiving a disability pension who has not yet become eligible for a normal pension pursuant to subsection 1 of this section to undergo a medical examination at a place designated by the medical board or by a physician or physicians

designated by such board. If any such member receiving a disability pension refuses to submit to such medical examination, his **or her** benefit may be discontinued until his **or her** withdrawal of such refusal, and if his **or her** refusal continues for one year, all rights in and to his **or her** pension may be revoked by the board of trustees.

7. If the board of trustees finds that any member receiving a disability pension is engaged in or is able to engage in a gainful occupation paying more than the difference between his **or her** disability pension plus benefits, if any, to which he **or she** and his **or her** family are eligible under the federal Old Age, Survivors and Disability Insurance System of the Social Security Act and the current rate of monthly compensation for the position he **or she** held at retirement, then the amount of his **or her** disability pension shall be reduced to an amount which together with the amount earnable by him **or her** shall equal such current rate of monthly compensation. The decisions of the board of trustees in regard to such modification of disability benefits shall be final and conclusive.

8. If any member receiving a disability pension is restored to service as an employee, he **or she** shall again become an active member of the retirement system and contribute thereunder. His **or her** credited service at the time of his **or her** retirement for disability shall be restored and the excess of his **or her** accumulated contributions at his **or her** retirement for disability over the total disability pension payments which he **or she** received shall be credited to his **or her** account.

9. If a member with fewer than five years credited service ceases to be an employee, except by death, he **or she** shall be paid the amount of his **or her** accumulated contributions in accordance with applicable provisions of the Internal Revenue Code.

10. If a member with five years or more credited service ceases to be an employee, except by death or retirement, he **or she** shall be paid on demand the amount of his **or her** accumulated contributions, or he **or she** may leave his **or her** accumulated contributions with the retirement system and be an inactive member and claim a retirement benefit at any time after he **or she** reaches the minimum age for retirement, except that if such a member's accumulated contributions do not exceed the involuntary distribution limits under provisions of the Internal Revenue Code, the member must elect to become an inactive member within thirty days of employment separation to avoid application of the involuntary distribution provisions of the Internal Revenue Code. When an inactive member presents his **or her** valid claim to the board of trustees, he **or she** shall be granted a benefit at such time and for such amount as is available pursuant to subsection 2 or 3 of this section in accordance with the provisions of law in effect at the time his **or her** active membership ceased. The accumulated contributions of an inactive member may be withdrawn at any time upon ninety days' notice or such shorter notice as is approved by the board of trustees. If an inactive member dies before retirement, his **or her** accumulated contributions shall be paid to his **or her** designated beneficiary, if living, otherwise to the estate of the member. A member's accumulated contributions shall not be paid to him **or her** so long as he **or she** remains in service as an employee.

11. Any member upon retirement shall receive his **or her** pension payable throughout life subject to the provision that if his **or her** death occurs before he **or she** has received total benefits at least as large as his **or her** accumulated contributions at retirement, the difference shall be paid in one sum to his **or her** designated beneficiary, if living, otherwise to the estate of the retired member.

12. Prior to the date of retirement pursuant to subsection 2, 3, or 4 of this section, a member may elect to receive the actuarial equivalent of his **or her** pension in a lesser amount, payable throughout life under one of the following options with the provision that:

Option 1. Upon his **or her** death, his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, or

Option 2. Upon his **or her** death, one-half of his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, or

Option 3. Upon his **or her** death, his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, provided that in the event his **or her** designated beneficiary predeceases him **or her**, then his **or her** pension shall be adjusted effective the first day of the month following the month in which his **or her** designated beneficiary died to the amount determined pursuant to subsection 2 or 3 of this section at the time of his **or her** retirement, or

Option 4. Upon his **or her** death, one-half of his **or her** pension shall be continued throughout the life of and paid to his **or her** beneficiary, provided that in the event his **or her** designated beneficiary predeceases him **or her**, then his **or her** pension shall be adjusted effective the first day of the month following the month in which his **or her** designated beneficiary died to the amount determined pursuant to subsection 2 or 3 of this section at the time of his **or her** retirement.

Option 5. Prior to age sixty-two the member will receive an increased pension, where the total pension prior to age sixty-two is approximately equal to the pension after age sixty-two plus the member's estimated federal Social Security benefit, provided that the reduced pension after age sixty-two is not less than one-half the pension the member could have received had no option been elected. A member may elect a combination of Option 1 and Option 5, or Option 2 and Option 5. The survivor benefits payable to a beneficiary, other than the spouse of the retired member, under any of the foregoing options shall in no event exceed fifty percent of the actuarial equivalent of the pension determined pursuant to subsection 2 or 3 of this section at the time of retirement.

13. If an option has been elected pursuant to subsection 12 of this section, and both the retired member and beneficiary die before receiving total benefits as large as the member's accumulated contributions at retirement, the difference shall be paid to the designated beneficiary of the person last entitled to benefits, if living, otherwise to the estate of the person last entitled to benefits.

14. If an active member dies while an employee and with five or more years of credited service and a dependent of the member is designated as beneficiary to receive his **or her** accumulated contributions, such beneficiary may, in lieu thereof, request that benefits be paid under option 1, subsection 12 of this section, as if the member had attained age sixty, if the member was less than sixty years of age at the time of his **or her** death, and had retired under such option as of the date of death, provided that under the same circumstances a member may provide by written designation that benefits must be paid pursuant to option 1 to such beneficiary. In addition to benefits received under option 1, subsection 12 of this section, a surviving spouse receiving benefits under this subsection shall receive sixty dollars per month for each unmarried dependent child of the deceased member who is under twenty-two years of age and is in the care of the surviving spouse; provided, that if there are more than three such unmarried dependent children one hundred eighty dollars shall be divided equally among them. A "dependent beneficiary" for the purpose of this subsection only shall mean either the surviving spouse or a person who at the time of the death of the member was receiving at least one-half of his **or her** support from the member, and the determination of the board of trustees as to whether a person is a dependent shall be final.

15. In lieu of accepting the payment of the accumulated contributions of a member who dies after having at least eighteen months of credited service and while an employee, an eligible beneficiary or, if no surviving eligible beneficiary, the unmarried dependent children of the member under twenty-two years of age may elect to receive the benefits pursuant to subdivision (1), (2), (3), or (4) of this subsection. An "eligible beneficiary" is the surviving spouse, unmarried dependent children under twenty-two years of age or dependent parents of the member, if designated as beneficiary. A "dependent" is one receiving at least one-half of his **or her** support from the member at his **or her** death.

(1) A surviving spouse who is sixty-two years of age at the death of the member or upon becoming such age thereafter, and who was married to the member at least one year, may receive sixty dollars per month for life. A spouse may receive this benefit after receiving benefits pursuant to subdivision (2) of this subsection;

(2) A surviving spouse who has in his or her care an unmarried dependent child of the deceased member under twenty-two years of age may receive sixty dollars per month plus sixty dollars per month for each child under twenty-two years of age but not more than a total of two hundred forty dollars per month;

(3) If no benefits are payable pursuant to subdivision (2) of this subsection, unmarried dependent children under the age of twenty-two may receive sixty dollars each per month; provided that if there are more than three such children one hundred eighty dollars per month shall be divided equally among them;

(4) A dependent parent upon attaining sixty-two years of age may receive sixty dollars per month as long as not remarried provided no benefits are payable at any time pursuant to subdivision (1), (2), or (3) of this subsection. If there are two dependent parents entitled to benefits, sixty dollars per month shall be divided equally between them;

(5) If the benefits pursuant to this subsection are elected and the total amount paid is less than an amount equal to the accumulated contributions of a member at his **or her** death, the difference shall be payable to the beneficiary or the estate of the beneficiary last entitled to benefits.

16. If a member receiving a normal pension again becomes an active member, his **or her** pension benefit payments shall cease during such membership and shall be resumed upon subsequent retirement together with such pension benefit as shall accrue by reason of his **or her** latest period of membership. Except as otherwise provided in section 105.269, a retired member may not receive a pension benefit for any month for which he **or she** receives compensation from an employing board, except he **or she** may serve as a part-time or temporary employee for not to exceed sixty days in any calendar year without becoming a member and without having his **or her** pension benefit discontinued. A retired member may also serve as a member of the board of trustees and receive any reimbursement for expenses allowed him **or her** because of such service without becoming an active member and without having his **or her** pension benefit discontinued or reduced.

17. Upon approval of the board of trustees, any member may make contributions in addition to those required. Any additional contributions shall be accumulated at interest and paid in addition to the benefits provided hereunder. The board of trustees shall make such rules and regulations as it deems appropriate in connection with additional contributions including limitations on amounts of contributions and methods of payment of benefits.

18. Notwithstanding any other provisions of this section, any member retiring on or after age sixty-five who has five or more years of credited service shall be entitled to an annual pension of the lesser of (a) an amount equal to his **or her** number of years of credited service multiplied by one hundred twenty dollars, or (b) one thousand eight hundred dollars. Upon the death of such member, any benefits payable to the beneficiary of such member shall be computed as otherwise provided.

169.490. **1.** All the assets of the retirement system shall be held as one fund.

~~[+]~~ **2. (1) For any member hired before January 1, 2018,** the employing board shall cause to be deducted from the compensation of each member at every payroll period five percent of his **or her** compensation~~[- and]~~.

(2) Beginning January 1, 2018, the percentage in subdivision (1) of this subsection shall increase one-half of one percent annually until such time as the percentage equals nine percent.

(3) For any member hired for the first time on or after January 1, 2018, the employing board shall cause to be deducted from the compensation of each member at every payroll period nine percent of such member's compensation.

(4) The amounts so deducted shall be transferred to the board of trustees and credited to the individual account of each member from whose compensation the deduction was made. In determining the amount earnable by a member in any payroll period, the board of trustees may consider the rate of earnable compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period; it may omit deduction from compensation for any period less than a full payroll period if the employee was not a member on the first day of the payroll period; and to facilitate the making of the deductions, it may modify the deduction required of any member by such amount as shall not exceed one-tenth of one percent of the compensation upon the basis of which such deduction was made.

~~[(2)]~~ **(5)** The deductions provided for herein are declared to be a part of the salary of the member and the making of such deductions shall constitute payments by the member out of his **or her** salary or earnings and such deductions shall be made notwithstanding that the minimum compensation provided by law for any member shall be reduced thereby. Every member shall be deemed to consent to the deductions made and provided for herein, and shall receipt for his **or her** full salary or compensation, and the making of said deductions and the payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered during the period covered by the payment except as to benefits provided by sections 169.410 to 169.540.

~~[(3)]~~ **(6)** The employing board may elect to pay member contributions required by this section as an employer pick up of employee contributions under Section 414(h)(2) of the Internal Revenue Code of 1986, as amended, and such contributions picked up by the employing board shall be treated as contributions made by members for all purposes of sections 169.410 to 169.540.

~~[2-]~~ **3.** If a retired member receiving a pension pursuant to sections 169.410 to 169.540 is restored to active service and again becomes an active member of the retirement system, there shall be credited to his **or her** individual account an amount equal to the excess, if any, of his **or her** accumulated contributions at retirement over the total pension benefits paid to him **or her**.

~~[3-]~~ **4.** Annually, the actuary for the retirement system shall calculate each employer's contribution as an amount equal to a certain percentage of the total compensation of all members employed by that employer. The percentage shall be fixed on the basis of the liabilities of the retirement system as shown by the annual actuarial valuation. The annual actuarial valuation shall be made on the basis of such actuarial assumptions and the actuarial cost method adopted by the board of trustees, provided that the actuarial cost method adopted shall be in accordance with generally accepted actuarial standards and that the unfunded actuarial accrued liability, if any, shall be amortized by level annual payments over a period not to exceed thirty years. **The provisions of this subsection shall expire on December 31, 2017. Thereafter subsection 5 of this section shall apply.**

5. For calendar year 2018, the rate of contribution payable by each employer shall equal sixteen percent of the total compensation of all members employed by that employer. For each calendar year thereafter, the percentage rate of contribution payable by each employer of the total compensation of all

members employed by that employer shall decrease one-half of one percent annually until calendar year 2032 when the rate of contribution payable by each employer shall equal nine percent of the total compensation of all members employed by that employer. For subsequent calendar years after 2032, the rate of contribution payable by each employer shall equal nine percent of the total compensation of all members employed by that employer.

[4-] 6. The expense and contingency reserve shall be a reserve for investment contingencies and estimated expenses of administration of the retirement system as determined annually by the board of trustees.

[5-] 7. Gifts, devises, bequests and legacies may be accepted by the board of trustees to be held and invested as a part of the assets of the retirement system and shall not be separately accounted for except where specific direction for the use of a gift is made by a donor."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

2. One thousand dollars of the salary authorized in this section shall be payable to the coroner only if the coroner has completed at least twenty hours of classroom instruction each calendar year relating to the operations of the coroner's office when approved by ~~[a professional association of the county coroners of Missouri]~~ **the Missouri Coroners' and Medical Examiners' Association** unless exempted from the training by the ~~[professional association]~~ **Missouri Coroners' and Medical Examiners' Association**. Further amend said bill, Page 9, Section 169.715, Line 33, by inserting immediately after said section and line the following:

"193.145. 1. A certificate of death for each death which occurs in this state shall be filed with the local registrar, or as otherwise directed by the state registrar, within five days after death and shall be registered if such certificate has been completed and filed pursuant to this section. All data providers in the death registration process, including, but not limited to, the state registrar, local registrars, the state medical examiner, county medical examiners, coroners, funeral directors or persons acting as such, embalmers, sheriffs, attending physicians and resident physicians, physician assistants, assistant physicians, advanced practice registered nurses, and the chief medical officers of licensed health care facilities, and other public or private institutions providing medical care, treatment, or confinement to persons, shall be required to use and utilize any electronic death registration system required and adopted under subsection 1 of section 193.265 within six months of the system being certified by the director of the department of health and senior services, or the director's designee, to be operational and available to all data providers in the death registration process. However, should the person or entity that certifies the cause of death not be part of, or does not use, the electronic death registration system, the funeral director or person acting as such may enter the required personal data into the electronic death registration system and then complete the filing by presenting the signed cause of death certification to the local registrar, in which case the local registrar shall issue death certificates as set out in subsection 2 of section 193.265. Nothing in this section shall prevent the state registrar from adopting pilot programs or voluntary electronic death registration programs until such time as the system can be certified; however, no such pilot or voluntary electronic death registration program shall prevent the filing of a death certificate with the local registrar or the ability to obtain certified copies of death certificates under subsection 2 of section 193.265 until six months after such certification that the system is operational.

2. If the place of death is unknown but the dead body is found in this state, the certificate of death shall be completed and filed pursuant to the provisions of this section. The place where the body is found shall be shown as the place of death. The date of death shall be the date on which the remains were found.

3. When death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in this state, the death shall be registered in this state and the place where the body is first removed shall be considered the place of death. When a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in this state, the death shall be registered in this state but the certificate shall show the actual place of death if such place may be determined.

4. The funeral director or person in charge of final disposition of the dead body shall file the certificate of death. The funeral director or person in charge of the final disposition of the dead body shall obtain or verify and enter into the electronic death registration system:

(1) The personal data from the next of kin or the best qualified person or source available;

(2) The medical certification from the person responsible for such certification if designated to do so under subsection 5 of this section; and

(3) Any other information or data that may be required to be placed on a death certificate or entered into the electronic death certificate system including, but not limited to, the name and license number of the embalmer.

5. The medical certification shall be completed, attested to its accuracy either by signature or an electronic process approved by the department, and returned to the funeral director or person in charge of final disposition within seventy-two hours after death by the physician, physician assistant, assistant physician, **or** advanced practice registered nurse in charge of the patient's care for the illness or condition which resulted in death. In the absence of the physician, physician assistant, assistant physician, advanced practice registered nurse or with the physician's, physician assistant's, assistant physician's, or advanced practice registered nurse's approval the certificate may be completed and attested to its accuracy either by signature or an approved electronic process by the physician's associate physician, the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death and death is due to natural causes. The person authorized to complete the medical certification may, in writing, designate any other person to enter the medical certification information into the electronic death registration system if the person authorized to complete the medical certificate has physically or by electronic process signed a statement stating the cause of death. Any persons completing the medical certification or entering data into the electronic death registration system shall be immune from civil liability for such certification completion, data entry, or determination of the cause of death, absent gross negligence or willful misconduct. The state registrar may approve alternate methods of obtaining and processing the medical certification and filing the death certificate. The Social Security number of any individual who has died shall be placed in the records relating to the death and recorded on the death certificate.

6. When death occurs from natural causes more than thirty-six hours after the decedent was last treated by a physician, physician assistant, assistant physician, advanced practice registered nurse, the case shall be referred to the county medical examiner or coroner or physician or local registrar for investigation to determine and certify the cause of death. If the death is determined to be of a natural cause, the medical examiner or coroner or local registrar shall refer the certificate of death to the attending physician, physician assistant, assistant physician, **or** advanced practice registered nurse for such certification. If the attending physician, physician assistant, assistant physician, **or** advanced practice registered nurse refuses or is otherwise unavailable, the medical examiner or coroner or local registrar shall attest to the accuracy of the certificate of death either by signature or an approved electronic process within thirty-six hours.

7. If the circumstances suggest that the death was caused by other than natural causes, the medical examiner or coroner shall determine the cause of death and shall ~~[complete and attest to the accuracy]~~, either by signature or an approved electronic process, **complete and attest to the accuracy of** the medical certification within seventy-two hours after taking charge of the case.

8. If the cause of death cannot be determined within seventy-two hours after death, the attending medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar shall give the funeral director, or person in charge of final disposition of the dead body, notice of the reason for the delay, and final disposition of the body shall not be made until authorized by the medical examiner, coroner, attending physician, physician assistant, assistant physician, advanced practice registered nurse, or local registrar.

9. When a death is presumed to have occurred within this state but the body cannot be located, a death certificate may be prepared by the state registrar upon receipt of an order of a court of competent jurisdiction which shall include the finding of facts required to complete the death certificate. Such a death certificate shall be marked "Presumptive", show on its face the date of registration, and identify the court and the date of decree.

10. (1) The department of health and senior services shall notify all physicians, physician assistants, assistant physicians, and advanced practice registered nurses licensed under chapters 334 and 335 of the requirements regarding the use of the electronic vital records system provided for in this section.

(2) On or before August 30, 2015, the department of health and senior services, division of community and public health shall create a working group comprised of representation from the Missouri electronic vital records system users and recipients of death certificates used for professional purposes to evaluate the Missouri electronic vital records system, develop recommendations to improve the efficiency and usability of the system, and to report such findings and recommendations to the general assembly no later than January 1, 2016.
