FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration - Facilities Management Design and Construction (OA-FMDC)** assume that the only change to its operations would be that functions now fulfilled by the Board of Public Buildings would, insofar as related to the state facilities identified in the bill, be carried out by changes to Second State Capitol Commission. OA-FMDC assumes that it would continue to provide facility management services and, when called for, design and construction services for the impacted state facilities in the same manner as it currently does. If these assumptions prove incorrect, and the bill results in changes to the manner in which OA-FMDC provides services related to the state facilities identified in the bill, significant fiscal impacts may result.

Officials from the **Office of Administration - Division of Accounting**, the **Missouri House of Representatives**, the **Missouri Senate**, the **Department of Natural Resources** and the **Office of the Governor** each assume the proposal will have no fiscal impact on their respective organizations.

<u>FISCAL IMPACT - State Government</u>	FY 2019 (10 Mo.)	FY 2020	FY 2021

<u>FISCAL IMPACT - Local Government</u>	FY 2019 (10 Mo.)	FY 2020	FY 2021

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
