

SECOND REGULAR SESSION

HOUSE BILL NO. 2413

101ST GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE TRENT.

3532H.011

DANA RADEMAN MILLER, Chief Clerk

AN ACT

To repeal section 287.120, RSMo, and to enact in lieu thereof one new section relating to workers' compensation.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 287.120, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 287.120, to read as follows:

287.120. 1. Every employer subject to the provisions of this chapter shall be liable, irrespective of negligence, to furnish compensation under the provisions of this chapter for personal injury or death of the employee by accident or occupational disease arising out of and in the course of the employee's employment. Any employee of such employer shall not be liable for any injury or death for which compensation is recoverable under this chapter and every employer and employees of such employer shall be released from all other liability whatsoever, whether to the employee or any other person, except that an employee shall not be released from liability for injury or death if the employee engaged in ~~[an affirmative negligent act that purposefully and dangerously caused or increased the risk of injury]~~ **a willful act with the intent to cause bodily injury or death**. The term "accident" as used in this section shall include, but not be limited to, injury or death of the employee caused by the unprovoked violence or assault against the employee by any person.

2. The rights and remedies herein granted to an employee shall exclude all other rights and remedies of the employee, the employee's spouse, parents, personal representatives, dependents, heirs or next kin, at common law or otherwise, on account of such injury or death by accident or occupational disease, except such rights and remedies as are not provided for by this chapter.

EXPLANATION — Matter enclosed in bold-faced brackets ~~[thus]~~ in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

18 3. No compensation shall be allowed under this chapter for the injury or death due to
19 the employee's intentional self-inflicted injury, but the burden of proof of intentional self-
20 inflicted injury shall be on the employer or the person contesting the claim for allowance.

21 4. Where the injury is caused by the failure of the employer to comply with any
22 statute in this state or any lawful order of the division or the commission, the compensation
23 and death benefit provided for under this chapter shall be increased fifteen percent.

24 5. Where the injury is caused by the failure of the employee to use safety devices
25 where provided by the employer, or from the employee's failure to obey any reasonable rule
26 adopted by the employer for the safety of employees, the compensation and death benefit
27 provided for herein shall be reduced at least twenty-five but not more than fifty percent;
28 provided, that it is shown that the employee had actual knowledge of the rule so adopted by
29 the employer; and provided, further, that the employer had, prior to the injury, made a
30 reasonable effort to cause his or her employees to use the safety device or devices and to obey
31 or follow the rule so adopted for the safety of the employees.

32 6. (1) Where the employee fails to obey any rule or policy adopted by the employer
33 relating to a drug-free workplace or the use of alcohol or nonprescribed controlled drugs in
34 the workplace, the compensation and death benefit provided for herein shall be reduced fifty
35 percent if the injury was sustained in conjunction with the use of alcohol or nonprescribed
36 controlled drugs.

37 (2) If, however, the use of alcohol or nonprescribed controlled drugs in violation of
38 the employer's rule or policy is the proximate cause of the injury, then the benefits or
39 compensation otherwise payable under this chapter for death or disability shall be forfeited.

40 (3) The voluntary use of alcohol to the percentage of blood alcohol sufficient under
41 Missouri law to constitute legal intoxication shall give rise to a rebuttable presumption that
42 the voluntary use of alcohol under such circumstances was the proximate cause of the injury.
43 A preponderance of the evidence standard shall apply to rebut such presumption. An
44 employee's refusal to take a test for alcohol or a nonprescribed controlled substance, as
45 defined by section 195.010, at the request of the employer shall result in the forfeiture of
46 benefits under this chapter if the employer had sufficient cause to suspect use of alcohol or a
47 nonprescribed controlled substance by the claimant or if the employer's policy clearly
48 authorizes post-injury testing.

49 (4) Any positive test result for a nonprescribed controlled drug or the metabolites of
50 such drug from an employee shall give rise to a rebuttable presumption, which may be
51 rebutted by a preponderance of evidence, that the tested nonprescribed controlled drug was in
52 the employee's system at the time of the accident or injury and that the injury was sustained in
53 conjunction with the use of the tested nonprescribed controlled drug if:

54 (a) The initial testing was administered within twenty-four hours of the accident or
55 injury;

56 (b) Notice was given to the employee of the test results within fourteen calendar days
57 of the insurer or group self-insurer receiving actual notice of the confirmatory test results;

58 (c) The employee was given an opportunity to perform a second test upon the original
59 sample; and

60 (d) The initial or any subsequent testing that forms the basis of the presumption was
61 confirmed by mass spectrometry using generally accepted medical or forensic testing
62 procedures.

63 7. Where the employee's participation in a recreational activity or program is the
64 prevailing cause of the injury, benefits or compensation otherwise payable under this chapter
65 for death or disability shall be forfeited regardless that the employer may have promoted,
66 sponsored or supported the recreational activity or program, expressly or impliedly, in whole
67 or in part. The forfeiture of benefits or compensation shall not apply when:

68 (1) The employee was directly ordered by the employer to participate in such
69 recreational activity or program;

70 (2) The employee was paid wages or travel expenses while participating in such
71 recreational activity or program; or

72 (3) The injury from such recreational activity or program occurs on the employer's
73 premises due to an unsafe condition and the employer had actual knowledge of the
74 employee's participation in the recreational activity or program and of the unsafe condition of
75 the premises and failed to either curtail the recreational activity or program or cure the unsafe
76 condition.

77 8. Mental injury resulting from work-related stress does not arise out of and in the
78 course of the employment, unless it is demonstrated that the stress is work related and was
79 extraordinary and unusual. The amount of work stress shall be measured by objective
80 standards and actual events.

81 9. A mental injury is not considered to arise out of and in the course of the
82 employment if it resulted from any disciplinary action, work evaluation, job transfer, layoff,
83 demotion, termination or any similar action taken in good faith by the employer.

84 10. The ability of a firefighter to receive benefits for psychological stress under
85 section 287.067 shall not be diminished by the provisions of subsections 8 and 9 of this
86 section.
