

HB 2070 -- HOMEBREWERS

SPONSOR: Sauls

This bill allows homebrewers to take their beer to licensed microbreweries three times per year or any number of times if the microbrewery is the primary meeting location of a homebrewing association. Homebrewers may also bring their beer to licensed micro-breweries for organized events at which beer is available without a separate charge. The bill requires that homebrewing associations and hosts of organized events carry homebrewing liability insurance.

This bill is similar to HB 1442 (2021).
