

HB 2724 -- TITLING AND REGISTRATION OFFENSE DATABASE

SPONSOR: West

This bill provides that, prior to January 1, 2023, the Department of Revenue must establish a database, to be maintained by the Motor Vehicle and Driver License Division, to track offenses reported by the courts as detailed in the bill. The database will be made available to all state license offices. The Division and individual license offices must consult the database in all transactions involving the issuance or transfer of title for any motor vehicle, trailer, all-terrain vehicle, manufactured home, or watercraft to determine whether the issuance or transfer of title or registration is appropriate under state law.

Beginning January 1, 2023, each circuit, associate circuit, and municipal court must report to the Department of Revenue the name and address of record of any person who has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, for any offense relating to the titling and registration of a motor vehicle, trailer, all-terrain vehicle, manufactured home, or watercraft, or who has been convicted of failure to appear under Section 544.665, RSMo, for any such offense.
