

HB 15 -- LICENSURE REQUIREMENTS FOR HOMES FOR CHILDREN

SPONSOR: Unsicker

This bill amends Section 210.516, RSMo, by removing residential care facilities, as described, camps, sanitariums, care homes for children, and foster home and placement agencies operated by religious orders from the list of facilities exempted from licensing and other requirements of foster homes under Sections 210.418 through 210.536. Further, the Children's Division may now require those entities claiming exemption under Section 210.516 to provide documentation supporting such claim.
