"162.014. 1. In addition to the recall procedures provided in section 160.538, a school board member in any school district may be removed by the voters in a recall election. Such election shall be held upon the submission of a petition signed by voters of the district equal in number to at least twenty-five percent of the number of persons voting at the last preceding election to elect a district board member. The petition shall be filed with the election authority and the secretary of the district board of education, and the petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his or her signature his or her place of residence, giving the street and number. One of the signers of each paper shall make oath before an officer competent to administer oaths that the statements made on the paper are true as he or she believes and that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

2. Within ten days from the date of the filing the petition, the election authority shall examine and ascertain whether the petition is signed by the requisite number of voters. The election authority shall attach to the petition his or her certificate, showing the result of the examination. If the petition is shown to be insufficient, it may be amended within ten days from the date of the certificate. The election authority shall, within ten days after such amendment, make like examination of the amended petition and, if his or her certificate shall show the amended petition to be insufficient, it shall be returned to the person filing the amended petition, without prejudice to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the election authority shall submit the petition to the district board without delay. If the petition shall be found to be sufficient, the district board shall order the question to be submitted to the voters of the district.

3. If a majority of the voters vote in favor of retaining the member, the member shall remain in office and shall not be subject to another recall election during his or her term of office, except as provided in subsection 2 of section 160.538. If a majority of voters vote to remove the member, his or her successor shall be chosen as provided in section 162.261, RSMo."; and

HOUSE CONCURRENT RESOLUTION NO. 28

Whereas, sustained investment in electric, natural gas, water, sewer, and heating utility infrastructure is vital to the economic vitality and well-being of the State of Missouri; and

Whereas, Missouri electric, natural gas, water, sewer, and heating utility companies compete with utility companies in other states for the capital necessary to sustain investment in utility infrastructure in Missouri; and

Whereas, Missouri electric, natural gas, water, sewer, and heating utility companies must achieve reasonable rates of return as compared to the rates of return achieved by utility companies in other states to ensure sustained investment in utility infrastructure in Missouri; and

Whereas, the utility regulatory process is a primary factor in determining the rate of return levels regulated electric, natural gas, water, sewer, and heating utility companies may achieve; and

Whereas, the utility regulatory process in Missouri, as it applies to electric, natural gas, water, sewer, and heating corporations, is governed primarily by Chapter 393, RSMo, which is largely unchanged since original enactment in 1913; and

Whereas, the potential for the deregulation of utilities in Missouri has received substantial legislative study in recent years, while the ongoing utility regulatory process and procedure has not enjoyed broad legislative evaluation; and

Whereas, the utility regulatory process must be periodically evaluated so as to promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies, by addressing policy and practice advances in areas including, but not limited to, nontraditional regulatory rate plans, performance-based regulatory rate plans, incentive regulatory rate plans, capital recovery schedules, consistency of utility regulatory policy with generally accepted accounting principles, consistency of utility regulatory policy with financial accounting standards, consistency of utility regulatory policy with generally accepted engineering principles, communication between and among participants in the regulatory process, time schedules for the initiation and conclusion of proceedings before utility regulatory agencies, the role, function and needs of the Public Service Commission, the role, function and needs of the Office of Public Counsel, and the overall structure and cost of governmental utility regulatory agencies and the utility regulatory process:

Now, therefore, be it resolved by the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, that a "Joint Legislative Committee on Utility Regulation and Infrastructure Investment" be created to be composed of five members of the Senate, to be appointed by the President Pro Tem of the Senate, and five members of the house of Representatives, to be appointed by the Speaker of the House of Representatives, and that the committee be authorized throughout the Ninety-first General Assembly; and

Be it further resolved that the committee conduct in-depth studies and make appropriate recommendations concerning: how the utility regulatory process and the results thereof in Missouri in regard to electric, natural gas, water, sewer, and heating utility companies compare to the utility regulatory process and the results thereof in other states; and how the utility regulatory process in Missouri in regard to electric, natural gas, water, sewer, and heating utility companies can, or should, be modernized to be more efficient and effective, ensure sustained investment in utility infrastructure, and promote the interests of fairness and balance among all constituencies, including consumers and shareholders of regulated utility companies; and

Be it further resolved that the committee present a final report, together with its recommendations for any legislative action it deems necessary for submission to the General Assembly prior to the commencement of the First Regular Session of the Ninety-second General Assembly; and

Be it further resolved that the committee may solicit any input and information necessary to fulfill its obligations from the Missouri Public Service Commission, the Department of Economic Development, the Office of the Public Counsel, political subdivisions of this state, energy utilities, water utilities, heating corporations and representatives of energy and water customer groups; and

Be it further resolved that House Research, the Committee on Legislative Research, and Senate Research shall provide such legal, research, clerical, technical and bill drafting services as the committee may require in the performance of its duties; and

Be it further resolved that the actual and necessary expenses of the committee, its members, and any staff personnel assigned to the committee incurred in attending meetings of the committee or any subcommittee thereof shall be paid from the Joint Contingent Fund.

Mr. Speaker: Your Committee on Utilities Regulation, to which was referred **HJR 47**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.
