

# JOURNAL OF THE HOUSE

Second Regular Session, 94th GENERAL ASSEMBLY

FORTY-SIXTH DAY, WEDNESDAY, APRIL 2, 2008

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

Lord God, You are our shield and our defense, to guard us and give us success.

We are mindful that our ways are in Your full view and You examine our every decision. May Your directives be so near and dear to us that when we walk, they will guide us; when we sleep, they will watch over us; when we awake, they will speak to us.

Help us, Lord God, not to over-estimate ourselves or under-estimate others. May our words be truthful, and our actions honorable. Grant us, this day, a heart that manufactures productive thoughts and plans and may we be swift in condemning the false and prompt in praising the good.

Now may You, who give us patience and encouragement, help us to live in complete harmony with each other.

We ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Paton Elizabeth Lamprecht, Mark Thomas Sloan, Christopher James Drier, Isabelle Annemarie Slane, Aedan Clark James, Lucy Isabella Krejci, Gavin Barrett-Hayes and Holland Elizabeth Nash.

The Journal of the forty-fifth day was approved as printed by the following vote:

#### **HOUSE CONCURRENT RESOLUTION NO. 25**

WHEREAS, the U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risks of serious injury or death from more than 15,000 types of consumer products under the agency's jurisdiction. The CPSC has rated furniture tip-overs as number 3 of the top 5 hidden home hazards; and

WHEREAS, according to the CPSC, each year an estimated 3,000 children ages 5 and younger nationwide go to the emergency room with injuries caused by television sets falling or tipping over, and at least 100 people - mostly young children - have been killed since 2000 by falling televisions or other furniture; and

WHEREAS, in September of 2006, the CPSC warned parents and caregivers about the dangers of television and heavy furniture tipping over and killing young children. From 2000 to 2005, CPSC had reports of 36 television tip-over deaths and 65 furniture tip-over deaths. More than 80% of all these deaths involved young children; and

WHEREAS, the number of deaths due to furniture tip-overs is on the rise. In 2006, the CPSC reported 31 deaths from improperly secured furniture and televisions, with tip-overs resulting in an average of 22 deaths per year; and

WHEREAS, very heavy furniture items can potentially cause crush injuries, but more commonly when a large dresser, shelf, or home entertainment center tips, the resulting injury is often suffocation. Children become pinned between the tipping furniture and the bed or floor, unable to breathe or call for help, making it a nearly silent event; and

WHEREAS, the danger of tipping comes when a child tries to climb the front of a furniture piece. In these accidents, the child attempts to reach the top of the furniture piece by using a bottom drawer or shelf like a step. The weight of the furniture and the child pulling down in the front causes the whole piece to tilt forward. Heavy items on top of the furniture can fall on the child or the furniture piece itself can fall forward onto the child; and

WHEREAS, the committee of the American Society for Testing and Materials (ASTM) met in March 2007 to discuss and revise a proposed standard for testing tipping on dressers, armoires, and drawer chests. However, the ASTM can only establish voluntary standards and the proposed revised standard does not include other types of furniture, such as entertainment centers, television stands, or any piece of furniture 30 inches in height or less; and

WHEREAS, while the ASTM, furniture executives, and consumer safety advocates are working together to form voluntary safety standards to address this issue, the increase in tipping furniture deaths and injuries to children demands mandatory regulation regarding labeling, furniture standards, and the use of anchoring devices:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-fourth General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress and the Consumer Product Safety Commission to immediately enact mandatory regulations that:

(1) Strengthens and makes mandatory the ASTM International's voluntary furniture safety standard for furniture tip-over hazards;

(2) Requires warning labels on tip-over risks to be posted on all assembled and ready-to-assemble furniture and major appliances; and

(3) Requires all furniture and major appliances with a tip-over risk to come with anchoring devices that can be used to safely secure them to walls; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Nancy A. Nord, the Acting Chairman of the Consumer Product Safety Commission and each member of the Missouri Congressional delegation.

Mr. Speaker: Your Special Committee on Family Services, to which was referred **HB 1839**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**, and pursuant to Rule 25(21)(f) be referred to the Committee on Rules.
