**FISCAL ANALYSIS**

**ASSUMPTION**

Officials from the **Attorney General's Office** assume that any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **Office of the State Courts Administrator**, the **Department of Corrections** and the **Department of Mental Health** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Department of Public Safety - Missouri Highway Patrol** state there is no absolute database to verify if a person is a United States citizen. The Highway Patrol and county sheriffs utilize the US Immigration and Customs database to verify if a person (sex offender) is a potential illegal immigrant. If there is a positive hit on the offender, the Patrol would notify the local Immigration and Customs Enforcement (ICE) office and any other federal agency. Most of the time, the Patrol's point of contact is the US Marshal's Office.

The Patrol will not be able to report anyone who is not in this database. However, every measure to report individuals who have been identified in the database as illegal immigrants and who are also on the sex offender registry will be taken
