

HB 671 -- Community Improvement Districts

Sponsor: Molendorp

This bill authorizes a community improvement district to:

(1) Assist or to construct, reconstruct, install, repair, maintain, and equip any publicly or privately owned real or personal property used for creating a solar photovoltaic project or a solar thermal energy project; and

(2) Provide or contract for cleaning, maintenance, and other services for any public or private real or personal property installed as part of a special energy improvement project.
