

## HB 830 -- Farm-to-Table Advisory Board

Sponsor: Lampe

This bill establishes the Farm-to-Table Advisory Board with at least one representative from the University of Missouri-Extension Service; the departments of Agriculture, Elementary and Secondary Education, Health and Senior Services, Economic Development, Corrections, and Mental Health; and the Office of Administration. The representative from the Department of Agriculture will serve as chair of the board and will coordinate meetings. The board must hold at least two meetings but may hold more if necessary to fulfill its requirements.

The mission of the board is to provide recommendations for strategies that allow schools and state institutions to more easily incorporate locally grown agricultural products into their cafeteria offerings, salad bars, and vending machines and that increase public awareness of local agricultural practices and the role that local agriculture plays in sustaining healthy communities and supporting healthy lifestyles.

The board must:

- (1) Investigate the status and availability of local, state, federal, and any other resources that may be used to link schools and other public institutions with local and regional farms for the purchase of locally grown products, increase market opportunities for locally grown products, and assist schools and other entities with education campaigns that teach children and the public about the concepts of food production and consumption; the interrelationships between nutrition, food choices, obesity, and health; and the value of an accessible supply of locally grown food;
- (2) Identify any type of barrier that prevents or hinders schools and state institutions from purchasing more locally grown products, the expansion of market opportunities for locally grown products, or schools and other entities from engaging in the educational campaigns;
- (3) Develop recommendations for the maximization of existing resources and the development of necessary new or expanded resources to accomplish its objectives and the removal of barriers that hinder these objectives; and
- (4) Submit a report with its findings and recommendations to the Governor, General Assembly, and the director of each agency represented on the board by January 15, 2012.

The provisions of the bill will expire January 15, 2012.
