

HB 910 -- Participation in a Federal Work Authorization Program

Sponsor: Atkins

Currently, a public employer or business entity receiving a state contract or grant in excess of \$5,000 or a state-administered or state-subsidized tax credit, tax abatement, or loan is required to participate in a federal work authorization program. This bill requires every employer or business entity to enroll and actively participate in a federal work authorization program.

The bill also removes an exemption that allows any entity contracting with the state or a political subdivision of the state to provide the affidavit of compliance on an annual basis.
