22 section to the contrary, motor vehicles licensed as historic under section 301.131 which are
23 powered by alternative fuel shall be exempt from both the tax imposed by this chapter and the
24 alternative fuel decal requirements of this section.

3 shall be valid for a period of fifteen days from the date of issuance and shall be attached to the
4 lower right-hand corner of the front windshield on the motor vehicle for which it was issued.
5 Such temporary decal and fee shall not be transferable. [All proceeds from such decal fees shall
6 be deposited as specified in section 142.345.] Alternative fuel dealers selling such decals in

14 amount of the decal fee shall be reduced by one-twelfth for each complete month which shall have
15 elapsed since the beginning of such year.

16 4. Upon the payment of the fee required by subsection 1 of this section, the director shall
17 issue a decal, which shall be valid for the current calendar year and shall be attached to the lower
18 right-hand corner of the front windshield on the motor vehicle for which it was issued.

19 5. The decal fee paid pursuant to subsection 1 of this section for each motor vehicle shall
20 be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural gas
21 equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in
22 another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in
23 accordance with rules and regulations promulgated by the director.

24 6. It shall be unlawful for any person to operate a motor vehicle required to have an
25 alternative fuel decal upon the highways of this state without a valid decal.

26 7. No person shall cause to be put, or put, LP gas or natural gas into the fuel supply

30 number, the motor vehicle license number and the number of gallons placed in such supply
