FISCAL ANALYSIS

ASSUMPTION

Officials at the **Kansas City Board of Election Commission** assume this proposal may require an additional legal notice be published. A legal notice published in our jurisdiction generally costs between \$2,500 and \$10,000 per entity, per election. Additionally, this may require that a ballot be reprinted. Reprinting one ballot affects all ballots, costing the board approximately \$25,000 in printing expenses and \$5,000 in overtime.

Officials at the **Platte County Board of Election Commission** assume that section 115.124.1 may require publication of a notice. This cost is paid by the election board. The cost usually ranges from \$200 to \$650 depending on the length of the notice.

Officials at the **Department of Corrections** and the **Lawrence County** assume that there is no fiscal impact from this proposal.

Officials at the following board of election commissions: Kansas City Board of Election Commission, St. Louis City Board of Election Commission, Clay County Board of Election Commission, Jackson County Board of Election Commission and St. Louis County Board of Election Commission did not respond to **Oversight's** request for fiscal impact.

Officials at the following counties: Andrew, Barry, Bates, Boone, Buchanan, Butler, Callaway, Camden, Cape Girardeau, Carroll, Cass, Clay, Cole, Cooper, DeKalb, Franklin, Greene, Hickory, Holt, Jackson, Jasper, Jefferson, Johnson, Knox, Laclede, Lafayette, Lincoln, Marion, Miller, Moniteau, Monroe, Montgomery, New Madrid, Nodaway, Ozark, Pemiscot, Perry, Phelps, Platte, Pulaski, Scott, St. Charles, St. Louis, St. Francois, Taney, Texas, Warren, and Webster did not respond to **Oversight's** request for fiscal impact.

Oversight assume that section 115.123 eliminates the June election date which was only used as a special election on rare occasions. Oversight assumes no impact from this provision.

Oversight assumes that the provisions of section 115.124 would be a savings to the Local Election Authorities if they are not required to have an election. **Oversight** has shown an Unknown savings to Local Election Authorities.

Oversight assume section 115.293 does not have an impact on state or local funds.

Oversight assumes that section 115.350 states that candidates will be required to file an affidavit

ASSUMPTION (continued)

under penalties of perjury. Oversight assumes that do to the severity of the penalties candidates will comply and this provision would have no fiscal impact.

Oversight assumes that any realized savings from not printing the emblems on the ballot is minimal and therefore Oversight is showing no impact.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year’s legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.
