FISCAL ANALYSIS

ASSUMPTION

Officials at the **Budget and Planning** assume this proposal extends the sunset of the Residential Dwelling Accessibility Tax Credit from 12/31/13 to 12/31/16. This will reduce General and Total State Revenues by about \$21,000 in FY 2015-16, based on prior years' redemptions.

Officials at the **Department of Economic Development** and the **Department of Revenue** assume that there is no fiscal impact from this proposal.

Oversight assumes this tax credit was to sunset on December 31, 2013 (FY 2014). This proposal extends the tax credit and therefore Oversight will show the loss to state revenue of the tax credits issued in FY 15. This tax credit has a statutory cap of \$100,000 and therefore, Oversight for the fiscal note is showing the amount of loss of revenue in future years to the State as zero to the annual cap of \$100,000.

Oversight assumes this proposal would prohibit the issuance of any further tax credits under this program after December 31, 2016. Oversight assumes any income to the state from tax credits not issued and the taxes being collected would be outside the fiscal note period. Taxes would start being collected in FY 2017.
