FISCAL ANALYSIS

ASSUMPTION

In response to the previous version of this proposal, officials at the **Department of Agriculture (AGR)** assumed this proposal would allow the Director of the Department of Agriculture to exempt any animal shelter from the payment of license fees until 2014. This legislation would exempt approximately 284 animal shelters from the payment of license fees starting January 1, 2014.

AGR assumed this proposal would decrease revenues to the Animal Care Reserve Fund by approximately \$84,000 per year starting in 2014.

AGR stated calculations are based upon per capita reporting of the affected licensees, assuming a \$100 base fee, \$2,500 fee cap, and \$25 Bark Alert fee.

Oversight assumes this proposal allows the Director of the Department of Agriculture to exempt animal shelters from licensure fees at the discretion of the Director prior to January 1, 2014.

Oversight assumes beginning January 1, 2014 animal shelters would be exempt from the animal licensure fee.

Oversight assumes a fiscal impact of (\$84,000) in FY14 and (\$84,000) in FY15 to the Animal Care Reserve Fund.

Oversight assumes an unknown savings to animal shelters owned by a local governments beginning in FY 14 as they would be exempt from the licensure fee.

ASSUMPTION (Continued)

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials at the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials at the **City of Kansas City** assumes there is no fiscal impact from this proposed legislation.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This proposal exempts, effective January 1, 2014, an animal shelter from the payment of any licensing and other fees under the provisions of the Animal Care Facilities Act. The Director of the Department of Agriculture, at his or her discretion, may exempt an animal shelter from the payment of the fees prior to that date.

The department director may deny any applicant of an animal shelter license or revoke the license of an animal shelter licensee if he or she determines that the applicant or licensee unreasonably profits from the charges for adoption or sales of the shelter's animals.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
