

JOURNAL OF THE HOUSE

Second Regular Session, 96th GENERAL ASSEMBLY

FIFTY-SECOND DAY, THURSDAY, APRIL 5, 2012

The House met pursuant to adjournment.

Speaker Tilley in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Blessed are the peacemakers: for they shall be called children of God. (Matthew 5:9)

O God, we know that by ourselves we are not adequate for this day, nor are we ready for our responsibilities, nor are we equal to our experiences. By Your grace we can become adequate, by Your spirit we can be made ready, and by Your presence we can be equal to every experience.

As we wait upon You in prayer, reveal Yourself anew to us, and come into our hearts. Then with new peace, greater power, and with better perspective may we serve our state well this day and all days. Help us, the representatives of our people, to see clearly, to choose wisely, and to act courageously, that we may be among the true peacemakers of our time.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Students from the Agape Boarding School, Stockton, Missouri, sang "The Star-Spangled Banner."

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jermond L. Mosley, Lauren Sullivan, Mazie Patek, Michael Higdon, Kierston Higdon and Kelsey Johnston.

The Journal of the fifty-first day was approved as printed.

HOUSE CONCURRENT RESOLUTION NO. 49

WHEREAS, on February 16, 2012, the United States Environmental Protection Agency (EPA) promulgated its Mercury and Air Toxics Standards regulation for coal-fueled and oil-fueled electric generating plants; and

WHEREAS, EPA's own analyses show that the Mercury and Air Toxics Standards regulation is the single most expensive rule ever imposed by EPA on the electric power sector at a cost of \$9.6 billion per year by 2016 and a total cost of \$90 billion; and

WHEREAS, billions of dollars in compliance and other costs, including the construction of new power plants to replace plants forced to retire prematurely, resulting from the Mercury and Air Toxics Standards regulation will be passed on to residential, commercial, and industrial electricity consumers; and

WHEREAS, these unprecedented costs will increase the price of electricity and other types of energy at a time when families and businesses are struggling to cope with higher energy prices and job losses; and

WHEREAS, federal government data show that the average family in Missouri has already been forced to double its spending on energy over the past decade and that lower-income, fixed-income, and minority families in Missouri are harmed the most by higher energy prices; and

WHEREAS, the manufacturing sector nationwide has lost 5.5 million jobs since 2000, or 32% of its workforce, the sector's global competitiveness depends on affordable and reliable energy; and

WHEREAS, EPA has not provided an estimate of job losses that will be caused by the regulation, even though many analyses project that EPA regulations will cause higher energy prices and premature retirement of coal-fired power plants, resulting in financial hardship to consumers and further erosion of United States manufacturing jobs; and

WHEREAS, federal, state, and regional officials, public utility commissioners, regional electric reliability organizations, electricity generators, and manufacturing companies have expressed concerns that EPA regulations threaten the reliability of our nation's electric power grid; and

WHEREAS, coal-fueled power plants have already invested nearly \$100 billion to meet clean air requirements and these investments have reduced emissions of major air pollutants by nearly 90% per kilowatt-hour of electricity generated; and

WHEREAS, the Missouri General Assembly supports improvements in air quality to protect the health of our citizens and the quality of our environment, and believes that such improvements can be made within a sensible time frame and at a reasonable cost; and

WHEREAS, the highest economic priority by federal, state, and local governments at the present time should be to support policies that stimulate economic growth and create jobs and to avoid policies that unnecessarily increase energy prices, hurt families, and cause job losses:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-sixth General Assembly, Second Regular Session, the Senate concurring therein, hereby calls on the United States Congress to adopt S.J.Res. 37, disapproving the Mercury and Air Toxics Standards regulation because of the unprecedented economic impacts of such regulation, and to ensure that EPA replaces it with a sensible regulation that achieves reductions in mercury emissions without unnecessary increases in energy prices, job losses, and threats to electric reliability; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

Mr. Speaker: Your Committee on Tourism and Natural Resources, to which was referred **HB 1795**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Substitute**, and pursuant to Rule 25(32)(f) be referred to the Committee on Rules.
