

HB 1226 -- Retirement Benefits for Members of the General Assembly

Beginning January 1, 2013, this bill prohibits a member of the General Assembly from being eligible to receive a retirement benefit based on his or her service as a legislator unless he or she has served 16 years in the General Assembly. This provision will not apply to any member who is receiving or eligible to receive benefits based on the service as a member of the General Assembly or any other state retirement system as an employee of the state.
