

HB 1770 -- Preneed Funeral Contract Agents

Sponsor: Jones (117)

This bill requires that on or after August 28, 2015, any person applying for licensure as a preneed funeral contract agent must hold a valid Missouri funeral director's license. All persons holding a preneed agent registration prior to that date will continue to hold, renew, and reinstate their registration as required as it existed on August 27, 2015.
