

HB 2061 -- License Plates

Sponsor: Swearingen

This bill requires that only one license plate, instead of the current two, be displayed on any motor vehicle. Owners will be required to surrender the front license plate to the Department of Revenue at the next renewal of registration for the motor vehicle.

The applicant for registration of any property-carrying commercial motor vehicle may request and be issued two license plates for the vehicle. If the plates are issued, the department director may assess and collect an additional charge in an amount not to exceed the fee for personalized license plates.
