FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** assume the provisions of this proposal can be handled within current appropriations; however should the cost be more than anticipated, the department would request an increase to our appropriations through the budget process.

Officials from the **Office of the Governor** assume there should be no added cost to their office as a result of this measure. However, if additional duties are placed on the office related to appointments in other truly agreed and finally passed legislation, there may be the need for additional staff resources in future years.
