23 disabled pursuant to this section and shall contain sufficient documentation so as to objectively
24 confirm that such condition exists.

25 6. The medical or other records of the physician or other authorized health care practitioner
26 who issued a physician's statement shall be open to inspection and review by such practitioner's
27 licensing board, in order to verify compliance with this section. Information contained within such

31 physically disabled, owners of motor vehicles operated at least fifty percent of the time by a
32 physically disabled person, or owners of motor vehicles used to primarily transport physically
33 disabled members of the owner's household may obtain disabled person license plates. Such owners,
34 upon application, accompanied by the documents and fees provided for in this section, a current
35 physician's statement which has been issued within ninety days preceding the date the application is
36 made and proof of compliance with the state motor vehicle laws relating to registration and licensing
37 of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial
38 vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be
39 inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to
40 a combination of letters and numbers. Such license plates shall be made with fully reflective
41 material with a common color scheme and design, shall be clearly visible at night, and shall be
42 aesthetically attractive, as prescribed by section 301.130.

43 8. The director shall further issue, upon request, to such applicant one, and for good cause
44 shown, as the director may define by rule and regulations, not more than two, removable disabled
45 windshield hanging placards for use when the disabled person is occupying a vehicle or when a
46 vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the
47 physically disabled person issued the disabled motor vehicle license plate or disabled windshield
48 hanging placard.

1 9. No additional fee shall be paid to the director for the issuance of the special license plates
2 provided in this section, except for special personalized license plates and other license plates
3 described in this subsection. Priority for any specific set of special license plates shall be given to
4 the applicant who received the number in the immediately preceding license period subject to the
5 applicant's compliance with the provisions of this section and any applicable rules or regulations
6 issued by the director. If determined feasible by the advisory committee established in section
7 301.129, any special license plate issued pursuant to this section may be adapted to also include the
8 international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this
9 section and such plate may be issued to any applicant who meets the requirements of this section and
10 the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate
11 provision of this chapter.

12 10. Any physically disabled person, or the parent or guardian of any such person, or any
13 not-for-profit group, organization, or other entity which transports more than one physically disabled
14 person, may apply to the director of revenue for a removable windshield placard. The placard may
15 be used in motor vehicles which do not bear the permanent handicap symbol on the license plate.
16 Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and
17 may not be hung from the mirror during operation. These placards may only be used during the
18 period of time when the vehicle is being used by a disabled person, or when the vehicle is being used
19 to pick up, deliver, or collect a disabled person. When there is no rearview mirror, the placard shall
20 be displayed on the dashboard on the driver's side.

21 11. The removable windshield placard shall conform to the specifications, in respect to size,
22 color, and content, as set forth in federal regulations published by the Department of Transportation.
23 The removable windshield placard shall be renewed every four years. The director may stagger the
24 expiration dates to equalize workload. Only one removable placard may be issued to an applicant
25 who has been issued disabled person license plates. Upon request, one additional windshield placard
26 may be issued to an applicant who has not been issued disabled person license plates.

27 12. A temporary windshield placard shall be issued to any physically disabled person, or the
28 parent or guardian of any such person who otherwise qualifies except that the physical disability, in
29 the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The
30 temporary windshield placard shall conform to the specifications, in respect to size, color, and
31 content, as set forth in federal regulations published by the Department of Transportation. The fee
32 for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown,
33 one additional temporary windshield placard may be issued to an applicant. Temporary windshield
34 placards shall be issued upon presentation of the physician's statement provided by this section and
35 shall be displayed in the same manner as removable windshield placards. A person or entity shall be
36 qualified to possess and display a temporary removable windshield placard for six months and the
37 placard may be renewed once for an additional six months if a physician's statement pursuant to this
38 section is supplied to the director of revenue at the time of renewal.

39 13. Application for license plates or windshield placards issued pursuant to this section shall
40 be made to the director of revenue and shall be accompanied by a statement signed by a licensed
41 physician or other authorized health care practitioner which certifies that the applicant, user, or
42 member of the applicant's household is a physically disabled person as defined by this section.

43 14. The placard shall be renewable only by the person or entity to which the placard was
44 originally issued. Any placard issued pursuant to this section shall only be used when the physically
45 disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the
46 time of parking or when a physically disabled person is being delivered or collected. A disabled
47 license plate and/or a removable windshield hanging placard are not transferable and may not be
48 used by any other person whether disabled or not.

1 15. At the time the disabled plates or windshield hanging placards are issued, the director
2 shall issue a registration certificate which shall include the applicant's name, address, and other
3 identifying information as prescribed by the director, or if issued to an agency, such agency's name
4 and address. This certificate shall further contain the disabled license plate number or, for
5 windshield hanging placards, the registration or identifying number stamped on the placard. The
6 validated registration receipt given to the applicant shall serve as the registration certificate.

7 16. The director shall, upon issuing any disabled registration certificate for license plates
8 and/or windshield hanging placards, provide information which explains that such plates or
9 windshield hanging placards are nontransferable, and the restrictions explaining who and when a
10 person or vehicle which bears or has the disabled plates or windshield hanging placards may be used
11 or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the
12 provisions of this act.

13 17. Every new applicant for a disabled license plate or placard shall be required to present a
14 new physician's statement dated no more than ninety days prior to such application. Renewal
15 applicants will be required to submit a physician's statement dated no more than ninety days prior to
16 such application upon their first renewal occurring on or after August 1, 2005. Upon completing
17 subsequent renewal applications, a physician's statement dated no more than ninety days prior to
18 such application shall be required every fourth year. Such physician's statement shall state the
19 expiration date for the temporary windshield placard. If the physician fails to record an expiration
20 date on the physician's statement, the director shall issue the temporary windshield placard for a
21 period of thirty days. The director may stagger the requirement of a physician's statement on all
22 renewals for the initial implementation of a four-year period.

23 18. The director of revenue upon receiving a physician's statement pursuant to this
24 subsection shall check with the state board of registration for the healing arts created in section
25 334.120, or the Missouri state board of nursing established in section 335.021, with respect to
26 physician's statements signed by advanced practice registered nurses, or the advisory commission for
27 physical therapists established in section 334.625, with respect to physician's statements signed by
28 licensed physical therapists, or the Missouri state board of chiropractic examiners established in
29 section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the
30 board of optometry established in section 336.130, with respect to physician's statements signed by
31 licensed optometrists, or the state board of podiatric medicine created in section 330.100, with
32 respect to physician's statements signed by physicians of the foot or podiatrists to determine whether
33 the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled
34 license plate or placard presents proof of disability in the form of a statement from the United States
35 Veterans' Administration verifying that the person is permanently disabled, the applicant shall be
36 exempt from the four-year certification requirement of this subsection for renewal of the plate or
37 placard. Initial applications shall be accompanied by the physician's statement required by this
38 section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this
39 section, any person seventy-five years of age or older who provided the physician's statement with
40 the original application shall not be required to provide a physician's statement for the purpose of
41 renewal of disabled persons license plates or windshield placards.

42 19. The boards shall cooperate with the director and shall supply information requested
43 pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the
44 director, establish a list of all Missouri physicians and other authorized health care practitioners and
45 of any other information necessary to administer this section.

46 20. Where the owner's application is based on the fact that the vehicle is used at least fifty
47 percent of the time by a physically disabled person, the applicant shall submit a statement stating this
48 fact, in addition to the physician's statement. The statement shall be signed by both the owner of the

1 vehicle and the physically disabled person. The applicant shall be required to submit this statement
2 with each application for license plates. No person shall willingly or knowingly submit a false
3 statement and any such false statement shall be considered perjury and may be punishable pursuant
4 to section 301.420.

5 21. The director of revenue shall retain all physicians' statements and all other documents
6 received in connection with a person's application for disabled license plates and/or disabled
7 windshield placards.

8 22. The director of revenue shall enter into reciprocity agreements with other states or the
9 federal government for the purpose of recognizing disabled person license plates or windshield
10 placards issued to physically disabled persons.

11 23. When a person to whom disabled person license plates or a removable or temporary
12 windshield placard or both have been issued dies, the personal representative of the decedent or such
13 other person who may come into or otherwise take possession of the disabled license plates or
14 disabled windshield placard shall return the same to the director of revenue under penalty of law.
15 Failure to return such plates or placards shall constitute a class B misdemeanor.

16 24. The director of revenue may order any person issued disabled person license plates or
17 windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to
18 such other investigation as will determine whether such person qualifies for the special plates or
19 placards.

20 25. If such person refuses to submit or is found to no longer qualify for special plates or
21 placards provided for in this section, the director of revenue shall collect the special plates or
22 placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

23 26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the
24 lawful holder thereof shall, within five days, file with the director of revenue an application and an
25 affidavit stating such fact, in order to purchase a new placard. The fee for the replacement
26 windshield placard shall be four dollars.

27 27. Fraudulent application, renewal, issuance, procurement or use of disabled person license
28 plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a
29 physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is
30 qualified for a license plate or windshield placard based on a disability, the diagnosis of which is
31 outside their scope of practice or if there is no basis for the diagnosis."; and
