FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Division of Alcohol and Tobacco Control** estimate there will be no more than 5 or 10 businesses that apply for this license, and therefore, the fiscal impact will be immaterial.

Oversight will reflect this additional income as "minimal" to the General Revenue Fund as well as cities and counties.

According to officials from the **Office of the Secretary of State (SOS)**, many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials from the **Joint Committee on Administrative Rules** state this legislation is not anticipated to cause a fiscal impact beyond its current appropriation.

This proposal could minimally increase Total State Revenues.

FISCAL IMPACT - Small Business

Small businesses that provide this service would have to be licensed as a result of this proposal.

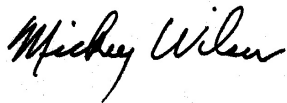

FISCAL DESCRIPTION

This proposal requires a brew-on-premises facility to obtain a license from the Division of Alcohol and Tobacco Control within the Department of Public Safety. The license application must be accompanied by an initial fee of \$50 or the annual renewal fee of \$25. Licensing will be subject to federal regulation.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
