FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration (DIFP)** assume this proposal makes licensure optional for barbers, barber establishments, cosmetologists, and cosmetology establishments in nursing homes and medical facilities. There is no way to determine how many of the 15,495 current licensees are in nursing homes and medical facilities or what establishments would elect to keep or obtain licensure with the cosmetology and barber board. It is assumed that less than 500 of the current licensees are affected by this legislation. Licenses cost \$100.00 each. A negative fiscal impact of unknown up to \$50,000 annually is assumed.

Officials from the **Department of Social Services, the Department of Health and Senior Services** and the **Department of Mental Health** each assume the current proposal would not fiscally impact their respective agencies.

FISCAL IMPACT - Small Business

This proposal could have a fiscal impact on cosmetology and barber establishments.

FISCAL DESCRIPTION

This bill allows employees of nursing homes to provide cosmetology services to residents.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
