FISCAL ANALYSIS

ASSUMPTION

§ 313.055 - Repeal of the Bingo Game Sales Tax:

Officials from the **Missouri Gaming Commission (GAM)** report the following taxes were paid into the Bingo Proceeds for Education Fund (0289).

Actual Bingo Tax Receipts for File Period

FY10: \$1,278,620
FY11: \$1,182,732
FY12: \$1,121,960
FY13: \$1,082,969
FY14: \$952,436

GAM assumes the average decrease in the bingo paper taxes collected over the past three years is estimated to be 7.5%. Assuming this trend continues and the legislation passes, the total estimated loss over the next three fiscal years to the Bingo Proceeds to Education Fund (0289) from the loss of collection of paper taxes will be (\$ 2,449,739).

GAM estimates the following annual loss of bingo sales tax revenues.

FY15: (\$881,003)
FY16: (\$814,928)
FY17: (\$753,808)
FY18: (\$697,272)

Oversight assumes bingo sales tax proceeds collected by not-for-profit organizations are used to fund various programs related to education.

Oversight assumes this proposal is effective only upon passage of a constitutional amendment submitted to the voters regarding a reduction in the duration of an organizational membership requirement to administer a game of bingo.

Oversight assumes the question would be put before the voters in August (2016). Therefore, Oversight will reflect a possible reduction in taxes starting in October (2016). (9 months in FY17 equals \$565,351)

ASSUMPTION (continued)

Oversight will range the fiscal impact from \$0 (measure not approved by voters) to GAM's estimate of tax revenue reduction to the Bingo Proceeds for Education Fund (0289).

Oversight notes the tax on pull-tabs in Sec. 313.057.11 RSMo, which also provides revenues to the Bingo Proceeds for Education Fund (0289), remains in place.

Officials from the **Department of Elementary and Secondary Education (DESE)** assume this proposal could have an impact on the Bingo Proceeds for Education fund. During FY14, DESE received \$1,876,355 from the fund which has been used for transportation at the Missouri Schools for the Severely Disabled.

DESE cannot estimate the extent of the fiscal impact from this proposal.

Officials from the **Office of Administration - Division of Budget and Planning (B&P)** assume this proposal may reduce TSR by an average of approximately \$800,000 annually by removing the provision that imposes a tax on organizations conducting the game of bingo. This tax was credited to the Bingo Proceeds for Education Fund.

B&P assumes this proposal will impact the calculation under Article X, Section 18(e).

Officials from the **Missouri Gaming Commission, Department of Revenue** and the **Department of Public Safety - Missouri State Highway Patrol** each assume the proposal would not fiscally impact their respective agencies.
