D. ADAM CRUMBLISS, Chief Clerk

AN ACT

To repeal section 301.130, RSMo, and to enact in lieu thereof one new section relating to motor vehicle license plates.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 301.130, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 301.130, to read as follows:

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

17 3. All property-carrying commercial motor vehicles to be registered at a gross weight in
18 excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local
19 transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and
20 driveaway vehicles shall be registered with the director of revenue as provided for in subsection
21 3 of section 301.030, or with the state highways and transportation commission as otherwise
22 provided in this chapter, but only one license plate shall be issued for each such vehicle, except
23 as provided in this subsection. The applicant for registration of any property-carrying
24 commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request
25 and be issued two license plates for such vehicle, and if such plates are issued, the director of
26 revenue shall provide for distinguishing marks on the plates indicating one plate is for the front
27 and the other is for the rear of such vehicle. The director may assess and collect an additional
28 charge from the applicant in an amount not to exceed the fee prescribed for personalized license
29 plates in subsection 1 of section 301.144.

30 4. The plates issued to manufacturers and dealers shall bear the letters and numbers as
31 prescribed by section 301.560, and the director may place upon the plates other letters or marks
32 to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

33 5. No motor vehicle or trailer shall be operated on any highway of this state unless it
34 shall have displayed thereon the license plate or set of license plates issued by the director of
35 revenue or the state highways and transportation commission and authorized by section 301.140.
36 Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all
37 parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof
38 are not impaired. Each such plate may be encased in a transparent cover so long as the plate is
39 plainly visible and its reflective qualities are not impaired. **Except as provided in subsection**
40 **6 of this section**, license plates shall be fastened to all motor vehicles except trucks, tractors,
41 truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear
42 of such vehicles not less than eight nor more than forty-eight inches above the ground, with the
43 letters and numbers thereon right side up. The license plates on trailers, motorcycles,
44 motortricycles and motorscooters shall be displayed on the rear of such vehicles, with the letters
45 and numbers thereon right side up. The license plate on buses, other than school buses, and on
46 trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall
47 be displayed on the front of such vehicles not less than eight nor more than forty-eight inches
48 above the ground, with the letters and numbers thereon right side up or if two plates are issued
49 for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front
50 and rear of such vehicles. The license plate or plates authorized by section 301.140, when
51 properly attached, shall be prima facie evidence that the required fees have been paid.

52 **6. Any owner of a motor vehicle that believes that fastening a license plate on the**
53 **front of his or her vehicle shall cause destruction to the vehicle or an undue hardship on**
54 **the owner, he or she may petition the director of revenue for approval to only fasten a**
55 **license plate on the rear of his or her vehicle. Proof of approval by the director shall be**
56 **kept in the vehicle and available for presentation to any law enforcement officer who asks**
57 **for verification of such approval.**

58 7. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as
59 provided by law as evidence of the annual payment of registration fees and the current
60 registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may
61 prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs
62 positively correlate with the license plate or plates issued by the department of revenue for such
63 vehicle. Such tabs shall be produced in each license bureau office.

64 (2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such
65 tab or tabs in the designated area of the license plate, no more than one per plate.

66 (3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in
67 the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has
68 been paid.

69 (4) Except as otherwise provided in this section, the director of revenue shall issue plates
70 for a period of at least six years.

71 (5) For those commercial motor vehicles and trailers registered pursuant to section
72 301.041, the plate issued by the highways and transportation commission shall be a permanent
73 nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve
74 the owner of any vehicle permanently registered pursuant to this section from the obligation to
75 pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall
76 be returned to the highways and transportation commission upon the sale or disposal of the
77 vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may
78 be transferred to a replacement commercial motor vehicle when the owner files a supplemental
79 application with the Missouri highways and transportation commission for the registration of
80 such replacement commercial motor vehicle. Upon payment of the annual registration fee, the
81 highways and transportation commission shall issue a certificate of registration or other suitable
82 evidence of payment of the annual fee, and such evidence of payment shall be carried at all times
83 in the vehicle for which it is issued.

84 (6) Upon the sale or disposal of any vehicle permanently registered under this section,
85 or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued
86 for such vehicle shall be returned to the highways and transportation commission and shall not
87 be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle

88 when the owner files a supplemental application with the Missouri highways and transportation
89 commission for the registration of such replacement vehicle. If a vehicle which is permanently
90 registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated,
91 the registrant shall be given credit for any unused portion of the annual registration fee when the
92 vehicle is replaced by the purchase or lease of another vehicle during the registration year.

93 [7.] **8.** The director of revenue and the highways and transportation commission may
94 prescribe rules and regulations for the effective administration of this section. No rule or portion
95 of a rule promulgated under the authority of this section shall become effective unless it has been
96 promulgated pursuant to the provisions of section 536.024.

97 [8.] **9.** Notwithstanding the provisions of any other law to the contrary, owners of motor
98 vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess
99 of eighteen thousand pounds gross weight may apply for special personalized license plates.
100 Vehicles licensed for eighteen thousand pounds that display special personalized license plates
101 shall be subject to the provisions of subsections 1 and 2 of section 301.030.

102 [9.] **10.** No later than January 1, 2009, the director of revenue shall commence the
103 reissuance of new license plates of such design as directed by the director consistent with the
104 terms, conditions, and provisions of this section and this chapter. Except as otherwise provided
105 in this section, in addition to all other fees required by law, applicants for registration of vehicles
106 with license plates that expire during the period of reissuance, applicants for registration of
107 trailers or semitrailers with license plates that expire during the period of reissuance and
108 applicants for registration of vehicles that are to be issued new license plates during the period
109 of reissuance shall pay the cost of the plates required by this subsection. The additional cost
110 prescribed in this subsection shall not be charged to persons receiving special license plates
111 issued under section 301.073 or 301.443. Historic motor vehicle license plates registered
112 pursuant to section 301.131 and specialized license plates are exempt from the provisions of this
113 subsection. Except for new, replacement, and transfer applications, permanent nonexpiring
114 license plates issued to commercial motor vehicles and trailers registered under section 301.041
115 are exempt from the provisions of this subsection.
