HOUSE BILL NOS. 671 & 683
98TH GENERAL ASSEMBLY

1624H.02P

D. ADAM CRUMBLISS, Chief Clerk

AN ACT

To repeal section 334.040, RSMo, and to enact in lieu thereof two new sections relating to licensure of physicians.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 334.040, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 334.040 and 334.280, to read as follows:

334.040. 1. Except as provided in section 334.260, all persons desiring to practice as physicians and surgeons in this state shall be examined as to their fitness to engage in such practice by the board. All persons applying for examination shall file a completed application with the board upon forms furnished by the board.

2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). If the FLEX examination is required, a weighted average score of no less than seventy-five is required to pass. Scores from one test administration of the FLEX shall not be combined or averaged with scores from other test administrations to achieve a passing score. The passing score of the United States Medical Licensing Examination shall be determined by the board through rule and regulation. Applicants graduating from a medical or osteopathic college, as [defined] **described** in section 334.031 prior to January 1, 1994, shall provide proof of successful completion of the FLEX, USMLE, an exam administered by the National Board of Osteopathic Medical Examiners
