Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **HB 515** entitled:

An act to repeal sections 86.200, 86.213, 86.237, 86.250, 86.251, 86.257, 86.263, 86.270, and 86.320, RSMo, and to enact in lieu thereof nine new sections relating to police retirement systems.

With Senate Amendment No. 1 and Senate Amendment No. 2.

Senate Amendment No. 1

AMEND House Bill No. 515, Page 1, In the Title, Line 3, by striking the word "police" and inserting in lieu thereof the following: "local government"; and

Further amend said bill, Page 4, Section 86.200, Line 114, by inserting immediately after said line the following:

"86.207. 1. **Except as provided herein**, all persons who become policemen and all policemen who enter or reenter the service of [the] **any city not within a county** after the first day of October, 1957, become members as a condition of their employment and shall receive no pensions or retirement allowance from any other pension or retirement system supported wholly or in part by the city **not within a county** or the state of Missouri, nor shall they be required to make contributions under any other pension or retirement system of the city **not within a county** or the state of Missouri **for the same period of service**, anything to the contrary notwithstanding. **Any employee of a city not within a county who is earning creditable service in a retirement plan established by said city under section 95.540 and subsequently becomes a policeman may elect to remain a member of said retirement plan and shall not be required to become a member of a police retirement system established under section 86.200. However, an employee of a city not within a county who is earning creditable service in a retirement plan established by said city under section 95.540 and who subsequently becomes a policeman may elect to transfer membership and creditable service to the police retirement system created under section 86.200. Such transfers are subject to the conditions and requirements contained in section 105.691 and are also subject to any existing agreements between the said retirement plans; provided however, transfers completed prior to January 1, 2016, shall occur without regard to the vesting requirements of the receiving plan contained in section 105.691. As part of the transfer process described herein, the respective retirement plans may require the employee to acknowledge and agree as a condition of transfer that any election made under this section is irrevocable, constitutes a waiver of any right to receive retirement and disability benefits except as provided by the police retirement system, and that plan terms may be modified in the future.**

2. If any member ceases to be in service for more than one year unless the member has attained the age of fifty-five or has twenty years or more of creditable service, or if the member withdraws the member's accumulated contributions or if the member receives benefits under the retirement system or dies, the member thereupon ceases to be a member; except in the case of a member who has served in the Armed Forces of the United States and has subsequently been reinstated as a policeman. A member who has terminated employment as a police officer, has actually retired and is receiving retirement benefits under the system shall be considered a retired member.

3. A reserve officer shall not be considered a member of the system for the purpose of determining creditable service, nor shall any contributions be due. A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND House Bill No. 515, Page 13, Section 86.320, Line 22, by inserting after all of said line the following:

“86.1110. 1. Whenever a member is given a leave of absence for military service and returns to employment after discharge from the service, such member shall be entitled to creditable service for the years of employment prior to the leave of absence.

2. Except as provided in subsection 3 of this section, a member who served on active duty in the Armed Forces of the United States and who became a member, or returned to membership, after discharge under honorable conditions, may elect prior to retirement to purchase creditable service equivalent to such service in the Armed Forces, not to exceed two years, provided the member is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan for the service to be purchased, other than a United States military service retirement system or United States Social Security benefits attributable to such military service, and an affidavit so stating is filed by the member with the retirement system. A member electing to make such purchase shall pay to the retirement system an amount equal to the actuarial cost of the additional benefits attributable to the additional service credit to be purchased, as of the date the member elects to make such purchase. Payment in full of the amount due from a member electing to purchase creditable service under this subsection shall be made over a period not to exceed five years, measured from the date of election, or prior to the commencement date for payment of benefits to the member from the retirement system, whichever is earlier, including interest on unpaid balances compounded annually at the interest rate assumed from time to time for actuarial valuations of the retirement system. If payment in full including interest is not made within the prescribed period, any partial payments made by the member shall be refunded, and no creditable service attributable to such election, or as a result of any such partial payments, shall be allowed; provided that if a benefit commencement date occurs because of the death or disability of a member who has made an election under this subsection and if the member is current in payments under an approved installment plan at the time of the death or disability, such election shall be valid if the member, the surviving spouse, or other person entitled to benefit payments pays the entire balance of the remaining amount due, including interest to the date of such payment, within sixty days after the member's death or disability. The time of a disability shall be deemed to be the time when such member is retired by the board of police commissioners for reason of disability as provided in sections 86.900 to 86.1280.

3. Notwithstanding any other provision of sections 86.900 to 86.1280, **on or after August 28, 2015**, a member who [is on leave of absence for military service during any portion of which leave the United States is in a state of declared war, or a compulsory draft is in effect for any of the military branches of the United States, or any units of the military reserves of the United States, including the National Guard, are mobilized for combat military operations.] **returns to service from a leave of absence for active duty military service** and who becomes entitled to reemployment rights and other employment benefits under Title 38, Chapter 43 of the U.S. Code, relating to employment and reemployment rights of members of the uniformed services by meeting the requirements for such rights and benefits under Section 4312 of said chapter, or the corresponding provisions of any subsequent applicable federal statute, shall be entitled to service credit for the time spent in such military service for all purposes of sections 86.900 to 86.1280 [and such member shall not be required to pay any member contributions for such time. If it becomes necessary for the years of such service to be included in the calculation of such member's compensation for any purpose, such member shall be deemed to have received the same compensation throughout such period of service as the member's base annual salary immediately prior to the commencement of such leave of absence; provided, however, that the foregoing provisions of this subsection shall apply only to such portion of such

leave with respect to which the cumulative length of the absence and of all previous absences from a position of employment with the employer by reason of service in the uniformed services does not exceed five years except for such period of any such excess as meets the requirements for exceptions to such five-year limitation set forth in the aforesaid Section 4312] **only to the extent such member pays any required member contributions for such time. The amount of required member contributions shall be calculated on the base compensation the member would have received during such leave period. The total amount of service credit that will be granted at the member contribution rate is limited to a maximum of five years. The retirement board may waive the required contributions for military leave of absence, not to exceed three years of creditable service, if the member provides duty orders under Title 10 or Title 32 U.S.C. and discharge from active duty documentation in the form of a DD214 or NGB23.**

86.1270. 1. A retirement plan under sections 86.900 to 86.1280 is a qualified plan under the provisions of applicable federal law. The benefits and conditions of a retirement plan under sections 86.900 to 86.1280 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer the retirement system in a manner as to retain at all times qualified status under Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of the retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.900 to 86.1280.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) Completion of twenty-five years of service for Tier I members and twenty-seven years of service for Tier II members;

(2) Age sixty for any Tier I member who has completed at least ten years of creditable service or age sixty for any Tier II member who has completed at least fifteen years of creditable service;

(3) Age seventy without regard to years of service; or

(4) To the extent funded, upon the termination of the system established under sections 86.900 to 86.1280 or any partial termination which affects the members or any complete discontinuance of contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit under sections 86.900 to 86.1280 in excess of the benefit limits applicable to the fund under Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds those limits by the amount of the excess. If the total benefits under the retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits under Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from the retirement system shall be reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of the retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines provided by the United States Secretary of the Treasury, and shall not exceed such other limits as may be applicable at any given time under Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is to be determined on the basis of actuarial assumptions that are not otherwise specifically set forth for that purpose in sections 86.900 to 86.1280, the actuarial assumptions to be used are those earnings and mortality assumptions being used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions being used at any particular time shall be attached as an addendum to a copy of the retirement system's statute that is maintained by the retirement board and shall be treated for all purposes as a part of sections 86.900 to 86.1280. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice upon providing direction to the secretary of this retirement system regarding the transfer in accordance with procedures established by the retirement board. **Effective for distributions made on or after January 1, 2010, a nonspouse beneficiary may elect to directly rollover an eligible rollover distribution to an individual retirement account under Section 408(a) of the Internal Revenue Code of 1986, as amended; to an individual retirement annuity under Section 408(b) of the Internal Revenue Code of 1986, as amended; or if the participant satisfies the requirements for making a Roth contribution under Section 408(A)(c)(3)(B) of the Internal Revenue Code of 1986, as amended, to a Roth individual retirement account.**

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by the state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from the retirement system. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.

86.1500. 1. Whenever a member is given a leave of absence for military service and returns to employment after discharge from the service, such member shall be entitled to creditable service for the years of employment prior to the leave of absence.

2. Except as provided in subsection 3 of this section, a member who served on active duty in the Armed Forces of the United States and who became a member, or returned to membership, after discharge under honorable conditions, may elect prior to retirement to purchase creditable service equivalent to such service in the Armed Forces, not to exceed two years, provided the member is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan for the service to be purchased, other than a United States military service retirement system or United States Social Security benefits attributable to such military service, and an affidavit so stating is filed by the member with the retirement system. A member electing to make such purchase shall pay to the retirement system an amount equal to the actuarial cost of the additional benefits attributable to the additional service credit to be purchased, as of the date the member elects to make such purchase. Payment in full of the amount due from a member electing to purchase creditable service under this subsection shall be made over a period not to exceed five years, measured from the date of election, or prior to the commencement date for payment of benefits to the member from the retirement system, whichever is earlier, including interest on unpaid balances compounded annually at the interest rate assumed from time to time for actuarial valuations of the retirement system. If payment in full including interest is not made within the prescribed period, any partial payments made by the member shall be refunded, and no creditable service attributable to such election, or as a result of any such partial payments, shall be allowed; provided that if a benefit commencement date occurs because of the death or disability of a member who has made an election under this subsection and if the member is current in payments under an approved installment plan at the time of the death or disability, such election shall be valid if the member, the surviving spouse or other person entitled to benefit payments pays the entire balance of the remaining amount due, including interest to the date of such payment, within sixty days after the member's death or disability. The time of a disability shall be deemed to be the time when such member is determined by the retirement board to be totally and permanently disabled as provided in section 86.1560.

3. Notwithstanding any other provision of sections 86.1310 to 86.1640, **on or after August 28, 2015**, a member who [is on leave of absence for military service during any portion of which leave the United States is in a state of declared war, or a compulsory draft is in effect for any of the military branches of the United States, or any units of the military reserves of the United States, including the National Guard, are mobilized for combat military operations,] **returns to service from a leave of absence for active duty military service** and who becomes entitled

to reemployment rights and other employment benefits under Title 38, Chapter 43 of the U.S. Code, relating to employment and reemployment rights of members of the uniformed services by meeting the requirements for such rights and benefits under Section 4312 of said chapter, or the corresponding provisions of any subsequent applicable federal statute, shall be entitled to service credit for the time spent in such military service for all purposes of sections 86.1310 to 86.1640 [and such member shall not be required to pay any member contributions for such time. If it becomes necessary for the years of such service to be included in the calculation of such member's compensation for any purpose, such member shall be deemed to have received the same compensation throughout such period of service as the member's base annual salary immediately prior to the commencement of such leave of absence; provided, however, that the foregoing provisions of this subsection shall apply only to such portion of such leave with respect to which the cumulative length of the absence and of all previous absences from a position of employment with the employer by reason of service in the uniformed services does not exceed five years except for such period of any such excess as meets the requirements for exceptions to such five-year limitation set forth in the aforesaid Section 4312] **only to the extent such member pays any required member contributions for such time. The amount of required member contributions shall be calculated on the base compensation the member would have received during such leave period. The total amount of service credit that will be granted at the member contribution rate is limited to a maximum of five years. The retirement board may waive the required contributions for military leave of absence, not to exceed three years of creditable service, if the member provides duty orders under Title 10 or Title 32 U.S.C. and discharge from active duty documentation in the form of a DD214 or NGB23.**

86.1630. 1. A retirement plan under sections 86.1310 to 86.1640 is a qualified plan under the provisions of applicable federal law. The benefits and conditions of a retirement plan under sections 86.1310 to 86.1640 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer this retirement system in such manner as to retain at all times qualified status under Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of the retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.1310 to 86.1640.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) The attaining of the age of sixty-five or the member's tenth anniversary of employment, whichever is later for any Tier I member, or the attaining of the age of sixty-seven or the member's twentieth anniversary of employment, whichever is later for any Tier II member;

(2) For any Tier I member when the total sum of age and years of creditable service equals or exceeds eighty, or for any Tier II member when the total sum of age and years of creditable service equals or exceeds eighty-five; or

(3) To the extent funded, upon the termination of the system established under sections 86.1310 to 86.1640 or any partial termination which affects the member or any complete discontinuance of contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit under sections 86.1310 to 86.1640 in excess of the benefit limits applicable to the fund under Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds the limits of this section by the amount of the excess. If the total benefits under the retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits under Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from the retirement system are reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of the retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines

provided by the United States Secretary of the Treasury and may not exceed such other limits as may be applicable at any given time under Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is determined on the basis of actuarial assumptions that are not specifically set forth for that purpose in sections 86.1310 to 86.1640, the actuarial assumptions to be used are those earnings and mortality assumptions used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions used at any particular time shall be attached as an addendum to a copy of the retirement system's statute maintained by the retirement board and shall be treated for all purposes as part of sections 86.1310 to 86.1640. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice upon providing direction to the secretary of the retirement system regarding the transfer in accordance with procedures established by the retirement board. **Effective for distributions made on or after January 1, 2010, a nonspouse beneficiary may elect to directly rollover an eligible rollover distribution to an individual retirement account under Section 408(a) of the Internal Revenue Code of 1986, as amended; to an individual retirement annuity under Section 408(b) of the Internal Revenue Code of 1986, as amended; or if the participant satisfies the requirements for making a Roth contribution under Section 408(A)(c)(3)(B) of the Internal Revenue Code of 1986, as amended, to a Roth individual retirement account.**

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from the retirement system. The definition for eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For the purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.”; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SB 433** entitled:

An act to amend chapter 1, RSMo, by adding thereto one new section relating to the compact for a balanced budget, with an emergency clause.

The revisor shall change the statutory schedule of controlled substances listed in this section to include such additions or deletions.

217.720. 1. At any time during release on parole or conditional release the board [may] **shall** issue a warrant for the arrest of a released offender for violation of any of the conditions of parole or conditional release. The warrant shall authorize any law enforcement officer to return the offender to the actual custody of the correctional center from which the offender was released, or to any other suitable facility designated by the board. If any parole or probation officer has probable cause to believe that such offender has violated a condition of parole or conditional release, the probation or parole officer [may] **shall** issue a warrant for the arrest of the offender. The probation or parole officer may effect the arrest or may deputize any officer with the power of arrest to do so by giving the officer a copy of the warrant which shall outline the circumstances of the alleged violation and contain the statement that the offender has, in the judgment of the probation or parole officer, violated conditions of parole or conditional release. The warrant delivered with the offender by the arresting officer to the official in charge of any facility designated by the board to which the offender is brought shall be sufficient legal authority for detaining the offender. After the arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation. Pending hearing as hereinafter provided, upon any charge of violation, the offender shall remain in custody or incarcerated without consideration of bail.

2. If the offender is arrested under the authority granted in subsection 1 of this section, the offender shall have the right to a preliminary hearing on the violation charged unless the offender waives such hearing. Upon such arrest and detention, the parole or probation officer shall immediately notify the board and shall submit in writing a report showing in what manner the offender has violated the conditions of his parole or conditional release. The board shall order the offender discharged from such facility, require as a condition of parole or conditional release the placement of the offender in a treatment center operated by the department of corrections, or shall cause the offender to be brought before it for a hearing on the violation charged, under such rules and regulations as the board may adopt. If the violation is established and found, the board may continue or revoke the parole or conditional release, or enter such other order as it may see fit. If no violation is established and found, then the parole or conditional release shall continue. If at any time during release on parole or conditional release the offender is arrested for a crime which later leads to conviction, and sentence is then served outside the Missouri department of corrections, the board shall determine what part, if any, of the time from the date of arrest until completion of the sentence imposed is counted as time served under the sentence from which the offender was paroled or conditionally released.

3. An offender for whose return a warrant has been issued by the board shall, if it is found that the warrant cannot be served, be deemed to be a fugitive from justice or to have fled from justice. If it shall appear that the offender has violated the provisions and conditions of his parole or conditional release, the board shall determine whether the time from the issuing date of the warrant to the date of his arrest on the warrant, or continuance on parole or conditional release shall be counted as time served under the sentence. In all other cases, time served on parole or conditional release shall be counted as time served under the sentence.

4. At any time during parole or probation, the board may issue a warrant for the arrest of any person from another jurisdiction, the visitation and supervision of whom the board has undertaken pursuant to the provisions of the interstate compact for the supervision of parolees and probationers authorized in section 217.810, for violation of any of the conditions of release, or a notice to appear to answer a charge of violation. The notice shall be served personally upon the person. The warrant shall authorize any law enforcement officer to return the offender to any suitable detention facility designated by the board. Any parole or probation officer may arrest such person without a warrant, or may deputize any other officer with power of arrest to do so by issuing a written statement setting forth that the defendant has, in the judgment of the parole or probation officer, violated the conditions of his release. The written statement delivered with the person by the arresting officer to the official in charge of the detention facility to which the person is brought shall be sufficient legal authority for detaining him. After making an arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation.

217.722. 1. If any probation officer has probable cause to believe that the person on probation has violated a condition of probation, the probation officer [may] **shall** issue a warrant for the arrest of the person on probation. The officer may effect the arrest or may deputize any other officer with the power of arrest to do so by giving the officer a copy of the warrant which will outline the circumstances of the alleged violation and contain the statement that the person on probation has, in the judgment of the probation officer, violated the conditions of probation. The warrant delivered with the offender by the arresting officer to the official in charge of any jail or other detention facility shall be sufficient authority for detaining the person on probation pending a preliminary hearing on the alleged violation. Other provisions of law relating to release on bail of persons charged with criminal offenses shall be applicable to persons detained on alleged probation violations.

2. Any person on probation arrested under the authority granted in subsection 1 of this section shall have the right to a preliminary hearing on the violation charged as long as the person on probation remains in custody or unless the offender waives such hearing. The person on probation shall be notified immediately in writing of the alleged probation violation. If arrested in the jurisdiction of the sentencing court, and the court which placed the person on probation is immediately available, the preliminary hearing shall be heard by the sentencing court. Otherwise, the person on probation shall be taken before a judge or associate circuit judge in the county of the alleged violation or arrest having original jurisdiction to try criminal offenses or before an impartial member of the staff of the Missouri board of probation and parole, and the preliminary hearing shall be held as soon as possible after the arrest. Such preliminary hearings shall be conducted as provided by rule of court or by rules of the Missouri board of probation and parole. If it appears that there is probable cause to believe that the person on probation has violated a condition of probation, or if the person on probation waives the preliminary hearing, the judge or associate circuit judge, or member of the staff of the Missouri board of probation and parole shall order the person on probation held for further proceedings in the sentencing court. If probable cause is not found, the court shall not be barred from holding a hearing on the question of the alleged violation of a condition of probation nor from ordering the person on probation to be present at such a hearing.

3. Upon such arrest and detention, the probation officer shall immediately notify the sentencing court and shall submit to the court a written report showing in what manner the person on probation has violated the conditions of probation. Thereupon, or upon arrest by warrant, the court shall cause the person on probation to be brought before it without unnecessary delay for a hearing on the violation charged. Revocation hearings shall be conducted as provided by rule of court.

306.126. 1. [The operator of a motorboat shall not allow any person to ride or sit on the gunwales, decking over the bow, railing, top of seat back or decking over the back of the motorboat while under way, unless such person is inboard of adequate guards or railing provided on the motorboat to prevent a passenger from being lost overboard. As used in this section, the term "adequate guards or railing" means guards or railings having a height parameter of at least six inches but not more than eighteen inches. Nothing in this section shall be construed to mean that passengers or other persons aboard a motorboat cannot occupy the decking over the bow of the boat to moor it to a mooring buoy or to cast off from such a buoy, or for any other necessary purpose. The provisions of this section shall not apply to vessels propelled by sail.

2.] Whenever any person leaves any watercraft, other than a personal watercraft, on the waters of the Mississippi River, the waters of the Missouri River or the lakes of this state and enters the water between the hours of 11:00 a.m. and sunset, the operator of such watercraft shall display on the watercraft a red or orange flag measuring not less than twelve inches by twelve inches. The provisions of this subsection shall not apply to watercraft that is moored or anchored. The flag required by this subsection shall be visible for three hundred sixty degrees around the horizon when displayed and shall be displayed only when an occupant of the watercraft has left the confines of the watercraft and entered the water. The flag required by this subsection shall not be displayed

when the watercraft is engaged in towing any person, but shall be displayed when such person has ceased being towed and has reentered the water.

[3.] **2.** No operator shall knowingly operate any watercraft within fifty yards of a flag required by subsection 2 of this section at a speed in excess of a slow-no wake speed."; and

- (14) Involuntary manslaughter under section 565.024 as it existed prior to January 1, 2017, involuntary manslaughter in the first degree under section 565.024, or involuntary manslaughter in the second degree under section 565.027;
- (15) Second degree assault under section 565.060 as it existed prior to January 1, 2017, or second degree assault under section 565.052;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

- (1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;
- (2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;
- (3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school

personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the

alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the schoolboard, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002 to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

- (1) First degree murder under section 565.020;
- (2) Second degree murder under section 565.021;
- (3) Kidnapping under section 565.110;
- (4) First degree assault under section 565.050;
- (5) Rape in the first degree under section 566.030;
- (6) Sodomy in the first degree under section 566.060;
- (7) Burglary in the first degree under section 569.160;
- (8) Burglary in the second degree under section 569.170;
- (9) Robbery in the first degree under section 569.020;
- (10) Distribution of drugs under section 195.211;
- (11) Distribution of drugs to a minor under section 195.212;
- (12) Arson in the first degree under section 569.040;
- (13) Voluntary manslaughter under section 565.023;
- (14) Involuntary manslaughter under section 565.024;
- (15) Second degree assault under section 565.060;
- (16) Rape in the second degree under section 566.031;
- (17) Felonious restraint under section 565.120;
- (18) Property damage in the first degree under section 569.100;
- (19) The possession of a weapon under chapter 571;
- (20) Child molestation in the first degree pursuant to section 566.067;
- (21) Sodomy in the second degree pursuant to section 566.061;
- (22) Sexual misconduct involving a child pursuant to section 566.083;

- (23) Sexual abuse in the first degree pursuant to section 566.100;
- (24) Harassment under section 565.090; [or]
- (25) Stalking under section 565.225; **or**
- (26) Making a terrorist threat under section 574.115;**

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

- (1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;
- (2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;
- (3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or
- (4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

- (1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;
- (2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

- (1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and
- (2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

170.047. 1. Beginning in the 2016-2017 school year, any licensed educator may annually complete up to two hours of training or professional development in youth suicide awareness and prevention as part of the professional development hours required for state board of education certification.

2. The department of elementary and secondary education shall develop guidelines suitable for training or professional development in youth suicide awareness and prevention. The department shall develop materials that may be used for such training or professional development.

3. For purposes of this section, the term "licensed educator" means any teacher with a certificate of license to teach issued by the state board of education or any other educator or administrator required to maintain a professional license issued by the state board of education.

4. The department of elementary and secondary education may promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to

delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

170.048. 1. By July 1, 2017, each district shall adopt a policy for youth suicide awareness and prevention, including the training and education of district employees.

2. Each district's policy shall address, but need not be limited to, the following:

- (1) Strategies that can help identify students who are at possible risk of suicide;**
- (2) Strategies and protocols for helping students at possible risk of suicide; and**
- (3) Protocols for responding to a suicide death.**

3. By July 1, 2016, the department of elementary and secondary education shall develop a model policy that districts may adopt. When developing the model policy, the department shall cooperate, consult with, and seek input from organizations that have expertise in youth suicide awareness and prevention. By July 1, 2020, and at least every three years thereafter, the department shall request information and seek feedback from districts on their experience with the policy for youth suicide awareness and prevention. The department shall review this information and may use it to change the department's model policy. The department shall post any information on its website that it has received from districts that it deems relevant. The department shall not post any confidential information or any information that personally identifies any student or school employee.

219.011. 1. As used in [sections 219.011 to 219.086] **this chapter**, unless the context clearly indicates otherwise, the following terms mean:

(1) "Aftercare supervision", treatment and control of children in the community under the jurisdiction of the division;

(2) "Board", the state advisory board of youth services;

(3) "Child", a person under eighteen years of age;

(4) "Commit", to transfer legal and physical custody;

(5) "Community based treatment", a treatment program which is locally or regionally based;

(6) "Department", the department of social services;

(7) "Director", the director of the division of youth services;

(8) "Division", the division of youth services (**DYS**);

(9) "**Youth**", a person under twenty-one years of age committed to the custody of the division of youth services.

2 When consistent with the intent of [sections 219.011 to 219.086] **this chapter**, the singular includes the plural, the plural the singular and the masculine the feminine.

219.021. 1. Except as provided in subsections 2 and 3 of this section, any child may be committed to the custody of the division when the juvenile court determines a suitable community-based treatment service does not exist, or has proven ineffective; and when the child is adjudicated pursuant to the provisions of subdivision (3) of subsection 1 of section 211.031 or when the child is adjudicated pursuant to subdivision (2) of subsection 1 of section 211.031 and is currently under court supervision for adjudication under subdivision (2) or (3) of subsection 1 of section 211.031. The division shall not keep any [child] **youth** beyond his eighteenth birth date, except upon petition and a showing of just cause in which case the division may maintain custody until the [child's] **youth's** twenty-first birth date. Notwithstanding any other provision of law to the contrary, the committing court shall review the treatment plan to be provided by the division. The division shall notify the court of original jurisdiction from which the child was committed at least three weeks prior to the child's release to aftercare supervision. The notification shall include a summary of the treatment plan and progress of the child that has resulted in the planned release. The court may formally object to the director of the division in writing, stating its reasons in opposition to the release. The director shall review the court's objection in consideration of its final approval for release. The court's written objection shall be made within a one-week period after it receives notification of the division's planned release; otherwise the division may assume court agreement with the release. The division director's written response to the court shall occur within five working days of **service of** the court's objection and preferably prior to the release of the child. The division shall not place a child directly into a precare setting immediately upon commitment from the court until it advises the court of such placement.

2. No child who has been diagnosed as having a mental disease or a communicable or contagious disease shall be committed to the division; except the division may, by regulation, when [facilities] **services** for the proper care and treatment of persons having such diseases are available at any of the facilities under its control, authorize

the commitment of children having such diseases to it for treatment [and training] in such institution Notice of any such regulation shall be promptly mailed to the judges and juvenile officers of all courts having jurisdiction of cases involving children.

3. When a child has been committed to the division, the division shall forthwith examine the individual and investigate all pertinent circumstances of his background for the purpose of facilitating the placement **and treatment** of the child in the most appropriate program or residential facility to assure the public safety and the rehabilitation of the child; except that, no child committed under the provisions of subdivision (2) of subsection 1 of section 211.031 may be placed in the [regional] **residential** facilities [at the W. E. Sears Youth Center at Poplar Bluff or the Hogan Street Regional Youth Center at St. Louis] **designated by the division as a maximum security facility**, unless the juvenile is subsequently adjudicated under subdivision (3) of subsection 1 of section 211.031.

4. The division may transfer any child under its jurisdiction to any other institution for children if, after careful study of the child's needs, it is the judgment of the division that the transfer should be effected If the division determines that the child requires treatment by another state agency, it may transfer the physical custody of the child to that agency, and that agency shall accept the child if the services are available by that agency.

5. The division shall make periodic reexaminations of all children committed to its custody for the purpose of determining whether existing dispositions should be modified or continued Reexamination shall include a study of all current circumstances of such child's personal and family situation and an evaluation of the progress made by such child since the previous study Reexamination shall be conducted as frequently as the division deems necessary, but in any event, with respect to each such child, at intervals not to exceed six months Reports of the results of such examinations shall be sent to the child's committing court and to his parents or guardian.

6. Failure of the division to examine a child committed to it or to reexamine him within six months of a previous examination shall not of itself entitle the child to be discharged from the custody of the division but shall entitle the child, his parent, guardian, or agency to which the child may be placed by the division to petition for review as provided in section 219.051.

7. The division is hereby authorized to establish, build, repair, maintain, and operate, from funds appropriated or approved by the legislature for these purposes, facilities and programs necessary to implement the provisions of [sections 219.011 to 219.086] **this chapter**. Such facilities or programs may include, but not be limited to, the establishment and operation of training schools, maximum security facilities, [park camps, regional] **moderate care** facilities, group homes, **day treatment programs**, family foster homes, aftercare, counseling services, educational services, and such other services as may be required to meet the needs of children committed to it The division may terminate any facility or program no longer needed to meet the needs of children.

8.
